American Dissidents Kathlyn Gay,2011-12-12 Anarchists civil rights advocates dissidents and political pundits have all played key roles in shaping our nation Examining modern day individuals like WikiLeaker Bradley Manning and conservative video prankster James O Keefe as well as those of prior decades like Cesar Chavez this book profiles controversial figures across history The two volume American Dissidents An Encyclopedia of Activists Subversives and Prisoners of Conscience is a

work that is as interesting as it is important spotlighting men and women who are heroes to some outlaws and villains to others The 150 individuals profiled in this encyclopedia represent diverse ethnic racial and religious backgrounds as well as various movements and ideologies They are authors anarchists civil rights advocates communists entertainers environmentalists government officials labor organizers libertarians military personnel pacifists political activists from the left and right religious leaders and suffragettes all of whom have labored to change the social economic and political landscapes of the United States Each of the profiles of 2 000 words or more offers not only biographical data but also information to help readers place the individuals within the context of events that surrounded and influenced their activities Because objectivity is a key consideration of the work entries include both praise and criticism Public Executions Christopher S. Kudlac, 2007-08-30 The death penalty is one of the country's most controversial issues The fairness of its application is debated in coffeehouses classrooms political arenas and the media However despite its representation in the media most death cases receive surprisingly little national media attention In fact of the 1000 people executed in the United States since 1977 and the 3 500 inmates currently awaiting execution only a handful of cases can be recalled by the public Those that are memorable are so because only a few are dramatically represented in the media Why is it that those that receive the most serious penalty are virtually nameless while the death penalty in general is one of the most discussed aspects of the criminal justice system What makes some executions more newsworthy than others What are the implications of this coverage for the public's understanding of this significant issue This book looks at those death row cases that received the most intensive media coverage from the 1970s through the present and why At the same time it focuses on changes in public opinion about the death penalty and how newspaper coverage and evolving mass sentiment relate to one another Kudlac covers such celebrated cases as Karla Faye Tucker Timothy McVeigh Aileen Wuornos John Wayne Gacy and others that captured the attention of the American public and affected public opinion about the death penalty through the help of the media He considers issues such as religion politics race gender and class as he reveals the reasons for our attention to certain cases above others The book concludes with a consideration of where we go from here With new investigative techniques that have helped to exonerate some death row inmates and various other considerations that have come into play in recent cases the future of the death penalty will continue to be shaped by the media and the public **Fire on the Mountain**, 1973
