of power crafting relationships within communities and towards others      Christian Jewish Relations 1000-1300 Anna Sapir Abulafia, 2014-05-22 The history of relations between Jews and Christians has been a long complex and often unsettled one yet histories of medieval Christendom have traditionally paid only passing attention to the role played by Jews in a predominantly Christian society This book provides an original survey of medieval Christian Jewish relations encompassing England Spain France and Germany and sheds light in the process on the major developments in medieval history between 1000 and 1300 Anna Sapir Abulafia's balanced yet humane account offers a new perspective on Christian Jewish relations by analysing the theological socio economic and political services Jews were required to render to medieval Christendom The nature of Jewish service varied greatly as Christian rulers struggled to reconcile the desire to profit from the presence of Jewish men and women in their lands with conflicting theological notions about Judaism Jews meanwhile had to deal with the many competing authorities and interests in the localities in which they lived their continued presence hinged on a fine balance between theology and pragmatism The book examines the impact of the Crusades on Christian Jewish relations and analyses how anti Jewish libels were used to define relations Making adept use of both Latin and Hebrew sources Abulafia draws on liturgical and exegetical material and narrative polemical and legal sources to give a vivid and accurate sense of how Christians interacted with Jews and Jews with Christians      **A Cultural History of Hair in the Middle Ages** Roberta Milliken, 2020-12-10 The Middle Ages were a time of great innovation artistic vigor and cultural richness Appearances mattered a great deal during this vibrant era and hair was a key marker of the dynamism and sophistication of the period Hair became ever more central to religious iconography from Mary Magdalen to the Virgin Mary while vernacular poets embellished their verses with descriptions of hairstyles both humble and elaborate and merchants imported the finest hair products from great distances Drawing on a wealth of visual textual and object sources the volume examines how hairstyles and their representations developed often to a degree of dazzling complexity between the years AD 800 and AD 1450 From wimpled matrons and tonsured monks to adorned noblewomen hair is revealed as a potent cultural symbol of gender age sexuality health class and race Illustrated with approximately 80 images **A Cultural History of Hair in the Middle Ages** brings together leading scholars to present an overview of the period with essays on politics science religion fashion beauty the visual arts and popular culture      **Handbook of Medieval Culture. Elukin,2024-11-01 This historical study of Jewish life in Medieval Europe provides a much needed corrective to the popular notion of constant persecution Ivan G Marcus Yale University In *Living Together Living Apart* Jonathan Elukin traces the experience of Jews in Europe from late antiquity through the Renaissance and Reformation revealing how the pluralism of medieval society allowed Jews to feel part of their local communities despite recurrent expressions of hatred against them Elukin shows that Jews and Christians coexisted more or less peacefully for much of the Middle Ages and that antisemitic violence was largely isolated He reveals an extraordinary picture of Jews living comfortably among their Christian neighbors working with them and occasionally cultivating lasting friendships even as Christian culture often demonized Jews As Elukin makes clear the expulsions of Jews from England France Spain and elsewhere were not the inevitable culmination of persecution but arose from the religious and political expediencies of particular rulers He demonstrates that the history of successful Jewish Christian interaction in the Middle Ages in fact laid the social foundations that gave rise to the Jewish communities of modern Europe      *Images-within-Images in Italian Painting (1250-1350)* P?r Bokody,2017-07-05
