Mexican Cyberpunk Literature Stephen C. Tobin,2023-07-06 Vision Technology and Subjectivity in Mexican Cyberpunk Literature interrogates an array of cyberpunk and post cyberpunk science fiction novels and short stories from Mexico whose themes engage directly with visual technologies and the subjectivities they help produce all published during and influenced by the country s neoliberal era This book argues that television computers and smartphones and the literary narratives that treat them all correspond to separate yet overlapping scopic regimes within the country today Amidst the shifts occurring in

the country's field of vision during this period the authors of these cyberpunk and post cyberpunk narratives imagine how these devices contribute to producing specular subjects or subjects who are constituted in large measure by their use and interaction with visual technologies In doing so they repeatedly recur to the posthuman figure of the cyborg in order to articulate these changes Stephen C Tobin therefore contends that the literary cyborg becomes a discursive site for working through the problematics of sight in Mexico during the globalized era In all these specular fictions represent an exceptional tendency within literary expression especially within the cyberpunk genre that grapples with themes and issues regarding the nature of vision being increasingly mediated by technology

Legítima defensa en situaciones sin

confrontación María Camila Correa Flórez,2024-02-01 Aquel que mata a otro para defenderse a sí mismo o a un tercero actúa de manera no contraria a derecho si la agresión de la que es víctima es actual y su reacción defensiva es racionalmente

necesaria no ha provocado el ataque en su contra y lo mueve un animo defensivo Esta afirmaci n es el contenido de la leg tima defensa A simple vista parece sencillo evaluar cuando esta figura cobija la conducta de una persona y cuando no lo hace pero como en todo hay situaciones grises difusas hay casos en los que la configuraci n de la leg tima defensa no se establece en el primer nivel de analisis sino despu s de un examen profundo de las circunstancias concretas en las que tienen lugar los hechos Este es el caso de las mujeres tiranizadas que matan a sus parejas agresoras en situaciones donde no hay confrontaci n por un lado ellas cometen un acto t pico de matar que dependiendo de las diferentes regulaciones penales de los pa ses va a encajar dentro del tipo penal de homicidio agravado asesinato parricidio etc Adem s de lo anterior por la situaci n en la que se encuentra el agresor en el momento de su muerte dormido borracho desprevenido se dice que concurre la alevos a lo que va a influir en la calificaci n de la conducta punible de la mujer y como es evidente en la pena que se le va a imponer pero por el otro lado la actuaci n de estas mujeres se enmarca en un contexto de violencia reiterada en su contra y esta dirigida a defenderse a si mismas Y en este punto hilamos con el problema objeto del presente trabajo por mas que la acci n de la mujer es un acto claro de defensa el supuesto de hecho parece dif cil de encajar dentro de la eximente de responsabilidad penal que precisamente permite matar a otro para defenderse la leg tima defensa La finalidad principal de este trabajo es poner de manifiesto como haciendo una correcta interpretaci n de los requisitos de configuraci n de la leg tima defensa es posible aplicarla a algunos casos de mujeres maltratadas que en el marco de una situaci n personal devastadora matan a sus agresores en momentos donde no hay confrontaci n La presente investigaci n busca ser una llamada o mejor un grito de auxilio que haga visible la situaci n de desesperaci n y desprotecci n en la que se hallan las mujeres maltratadas que es el resultado de una desigualdad estructural en la que hist ricamente se encuentran las mujeres con respecto a los hombres
