

# Pumping blood

All day and all night, your heart pumps blood around your body. Blood takes oxygen to your cells.

The pulse you can feel at your neck and wrist is blood pumping through.

Blood carrying oxygen is shown in red. It delivers the oxygen and is shown in blue.

A red blood cell can travel around your body 100,000 times a day.

An adult heart weighs about the same as a big potato.

Your heart pumps slowly when you sleep and much faster when you exercise.

Blood travels through different sized tubes (vessels) called arteries, veins and capillaries.

Here's a picture showing the inside of a heart.

Your heart has two sides that pump at the same time.

The right pump sends blood to the lungs to get oxygen.

The left pump sends blood to the rest of the body.

A large vein takes blood back to your heart.

The sound of your heart beating is made by your heart valves closing.

In one day, your blood vessels are unbelievably 100,000 km (100,000 miles) long.

LUNGS

Blood coming from the heart

Blood going to rest of the body

Blood going to the heart

A large artery carries blood through your body

There are blood vessels around the heart too

The artery branches off into smaller blood vessels

Handbook of Therapeutic Imagery Techniques Anees Ahmad Sheikh, 2020-02-20 Consists of a description of a multitude of imagery techniques that have been grouped into four categories hypno behavioral cognitive behavioral psychodynamic humanistic and humanistic transpersonal **Tantric Transformation** Osho, 2012-12-11 In the Tantric Transformation we are introduced to the sacred and ancient tradition of Tantra by a contemporary Tantric master Osho We are given a detailed map of Tantra inner man inner woman the meeting of man and woman the transformation of energy through sex love and meditation Based on the Royal Song of Saraha we are not just introduced to an Asian sex tradition but with Osho we enter the higher levels of transformation Here we find Tantra as a door to freedom freedom from all mind constructs mind games freedom from all structures and freedom from the other Love and meditation merge and provide a path to liberation Tantric Transformation is a very alive concrete book for exploration of our own energy of our own inner space You don't just read Osho you undefine yourself **My Gender Workbook** Kate Bornstein, 2013-06-19 Gender isn't just about male or female anymore if you have any doubts just turn on your television RuPaul is as familiar as tomato ketchup with national radio and television shows and transgendered folk are as common to talk shows as screaming and yelling But if the popularization of gender bending is revealing that male and female aren't enough where are we supposed to go from here Cultural theorists have written loads of smart but difficult to fathom texts on gender but none provide a hands on accessible guide to having your own unique gender With My Gender Workbook Kate Bornstein brings theory down to Earth and provides a practical approach to living with or without a gender Bornstein starts from the premise that there are not just two genders performed in today's world but countless genders lumped under the two gender framework Using a unique deceptively simple and always entertaining workbook format Bornstein gently but firmly guides you to discover your own unique gender identity Whether she's using the USFDA's food group triangle to explain gender or quoting one liners from real gender transgressors Bornstein's first and foremost concern is making information on gender bending truly accessible With quizzes and exercises that determine how much of a man or woman you are My Gender

Workbook gives you the tools to reach whatever point you desire on the gender continuum Bornstein also takes aim at the recent flurry of books that attempt to naturalize gender difference and puts books like Men are from Mars Women are from Venus squarely where they belong on Uranus If you don't think you are transgendered when you sit down to read this book you will be by the time you finish it

**Movement Integration** Martin Lundgren, Linus Johansson, 2020-02-18 A paradigm shifting integrative approach to understanding body movement The ability to move with efficiency and agility has been an essential component to our evolution and survival as a species It has enabled us to find food fight threats flee danger and flourish both individually and collectively Our body's intricate network of bones muscles tissues and organs moves with great complexity While traditional anatomy has relied on a reductionist frame for understanding these mechanisms in isolation the contributors to Movement Integration take a more systemic integrative approach Ensomatosy is a new paradigm for comprehending movement from the perspective of the body's entirety The body's many systems are understood as synchronized both internally and externally Drawing on expertise in physiotherapy somatics sports science Rolfing myofascial therapy craniosacral therapy Pilates and yoga the authors assert that a more comprehensive understanding of movement is key to restoring the body's natural ability to move fluidly and painlessly With over 150 images the Color Illustration Model of Relative Movement provides a visual tool for understanding how joints interact with surrounding structures rather than in isolation This is an ideal book for physiotherapists massage therapists structural integrators coaches as well as yoga and Pilates instructors

**The Era of the Antichrist** Ysatis De Saint-Simon, 2002-06-01 The Era of the Antichrist is not just a book It is a prophecy that is being fulfilled everyday corroborated in our daily news magazines newspapers etc This is not a strange coincidence because we live now in the Era of the Antichrist This is why The Era of the Antichrist is not a regular book it is a living book that is happening around us visually and invisibly it becomes alive in your life it reveals to you the mysteries of the self and its link to the Antichrist secrets and mysteries that have been hidden for thousands of years and whose understanding is paramount for our souls survival In short it makes you aware of the forces within and without yourself that influence your life Saint John used in his book of the Apocalypse precise symbols and arithmetic ciphers that were Understood only by early Christian Gnostics both numbers and symbols have been approached superficially for lack of the experiential Knowledge of God It is only this rare gift what makes of a man a Gnostic and gives him what Saint John called Understanding This is why he makes sure to specify Let those who have Understanding compute the number of the beast for it is the name of a man And his number is 666 Those who have only the logic intellectual knowledge to decipher them have believed Saint John's numbers to be without more meaning than the symbolic This is a capital error no one is able to understand correctly anything written in the Sealed book of Saint John one of the most mysterious manuscripts ever written without the secret numerological code especially when we deal with the Antichrist Without the code used to unveil the mysteries it's literally impossible to discover his true identity or to know why does he have so much power over human

beings Many have made superficial conclusions about the identity of the Antichrist some of the most popular were based on the misinterpretation of a prophecy of Nostradamus others have been overtly based on social preferences or fears i e Hitler Gorbachev Saddam Hussein any of the Popes etc Meanwhile the true identity of the Antichrist remained unknown and well protected behind the wall built around him by all these wild theories about his identity As I said before the early Christian Gnostics used specific systems of numbers and symbols to protect from malice or distortion of truth the High Mysteries of Christianity and to communicate them to each other without endangering their purity as only those possessing the secret code could disclose them They were forced to do this not only to protect the purity of the Christ Mystery but also the knowledge they had of other mysteries who concerned the adversary forces the ones whose role is to oppose the Christ on earth One of these mysteries maybe the most feared of all is the mystery of the number 666 the number of the adversary of the Christ the satanic beast who is supposed to reign on the earth as the false Messiah his identity is also the most misinterpreted identity of history Well that is not the case anymore The Era of the Antichrist reveals his true identity Oddly enough because we must be very near to the time when he is going to reveal himself his followers are willingly corroborating the information given in this book by acknowledging that they have been working for this end for hundreds and thousands of years and by talking openly for the first time in history about their preparation for his coming and the great benefits that the world is going to receive by having someone like him change things on earth etc Our Savior in the course of His instructions to the apostles about the coming of His adversary gave them special signs to watch for that would signal the end of times but no date To that I adhere myself because if He Who Is the Beginning and the End gave only the signs and no specific time is because of a perfect understanding of things So I follow His direction observe the signs and put the action to communicate them to others Like it or not most of the signs have already been fulfilled this may be pleasant or unpleasant to hear but in these times Truth more than ever is a life saver being handed to you which may help you to survive So I exhort those who have ears to hear and who want to be part of His Kingdom to inform themselves correctly about the true identity of the adversary of the Christ because he will deceive many even the elect if that were possible as Our Lord Jesus Himself said The Era of the Antichrist uses the secret numerological code used by Valentinus a disciple of Saint John to unveil the identity of the dreaded beast of the Apocalypse The only correct computation and conclusions that I have knowledge of were made by Rudolph Steiner and G R Mead and both had a different aspect than the one presented in The Era of the Antichrist because the time of the Antichrist was not due yet But now the time is ripe and the breaking of the seals of mystery of the Apocalypse is possible It is now also possible to offer a book like this to the general public because there are technological mediums that allow us to communicate in ways that before were not possible Book distribution for instance was before controlled by big publishing houses which would probably have stopped most books containing a subject such as this if it was accurate and true from reaching the public The big difference between The Era of the Antichrist and other books in which there are

diverse intellectual theories given about the mystery of the Antichrist is that The Era of the Antichrist does not theorize or uses a modern system of numerology it computes as Saint John directed us to do It unveils the identity of the Antichrist not by intellectual conclusions but by disclosing its mystery with if not the same numerical code that Saint John used a code one of his disciples used and which was in use in 96 AD the time when Saint John wrote his document The Era of the Antichrist is a book for our era a book of spiritual survival The correct Understanding of this matter is vital for the souls of every living being As vital as to know what to do when a killer hurricane is coming If you have a hurricane preparedness pamphlet and you follow its instructions chances are that you will be able to survive the hurricane Please use it well Rugby Tough Bruce D. Hale, David J. Collins, 2002 Drawing on the collective knowledge of experienced players and coaches this book prepares rugby players to withstand the rigours of the sport It helps identify strengths and weaknesses and goes on to game strategy and improving the team's mental focus **Vision: The Wife Of Purpose** Isaac Itodo, This book gives a vivid picture on the need for the unionism between purpose and vision It describes purpose as the man and vision as the woman and the fact that they need to cooperatively bring forth ambition and dream in order for the subject to realize success as well as have achievement Thus it brings to the notice of the readers the role of accompaniment as well as assistance of vision to purpose in the life of the subject who has them to enable him to freely and easily be successful **How to Start a Home-based Etsy Business** Gina Luker, 2014-01-07 Money msn com has named being an Etsy based Business Operator one of the top ten ideas for retirees Etsy receives more than 10 million unique views per month <http://www.etsy.com> This market both young and old is ideal to target with a specialized How to Start business book that goes beyond that of our craft book and focus solely on how to gain presence on Etsy **Beyond Mindfulness in Plain English** Gunaratana, 2009-09-08 Gunaratana offers basic instruction on the meaning of insight meditation through concepts that can be applied to any tradition His focus here is on the Jhanas those meditative states of profound stillness in which the mind becomes fully immersed in the chosen object of attention **The Third Path** Bud Carroll, 2013-08-01 When I finished reading this book all I could say was WOW What a stunning piece of literary work It is concise brilliantly written backed by scientific findings with clear human logic and intelligence If this doesn't awaken the masses to delve into who and what they truly are I can't imagine what will Jerry Issa teacher of metaphysics Trenton Michigan This book will change your life if you let it If we are accidental beings on a remote planet in a vast universe existing for merely a blip in cosmic time what's the point of living at all Until we learn life is too significant to be a short lived brilliance that rises out of nothing and ends in nothing we will continue to live out our lives in what Thoreau saw as quiet desperation We sense the materialistic wall when we ask the question Is that all there is Without resorting to miracles or magic this book provides compelling evidence of life beyond the physical world by logically investigating the limitations of matter in the universe by examining the gaps in scientific theories and by analyzing what the mystics already know about a spiritual existence It takes a dedicated seeker with no preconceived

ideas and no intent on arriving to see beyond the materialistic wall This book is intended to expand your awareness of life here and hereafter hopefully providing the spark that will start you on your own personal pilgrimage The mystics tell us we will be guided to the next step along our spiritual path when we are ready Are you ready AWARENESS The following might be the thoughts of those at different levels of awareness as they walk through a rose garden I want I wonder how much I could get for these roses I believe God created roses when He created the world and everything in it I doubt Roses evolved from wild flowering shrubs but most garden varieties are hybrids I seek How could anything as beautiful as a rose happen purely by chance I know Roses like all life on Earth are physical manifestations of spirit      *How To Heal* Anne
