Great! You Lost Your Job, Now Find Your Life! Lloyd Edward Hopkins II, 2013-12 If you are not waking up every day in love with your life it is time to make a change If you are not in love with the person you are with if you are not in love with your job if you are not in love with the station you inhabit you must realize that you are staying out of fear A fear of the unknown You probably think these things are your safety net but they are not They are your leash The leash that is holding you back from your happiness and truly experiencing life It would be the words that my younger brother shared with me Great You lost your job now find your life on the day I was terminated from my job that would inspire me to write this book I wanted to keep a journal of my thoughts experiences and ideas every day until I was employed again One day turned into a week a week turned into a month and a month would eventually turn into a year It would be that year that would change my life forever I was forced to face the reality of who I had become I was able to manage to become a somewhat successful person in life without becoming a complete person Without truly knowing myself My hope is that this book lands in your hands when you need it most I think our priorities are all wrong We are chasing wealth and material things thinking those are what will give us a fulfilling existence We are wrong and it is time for each of us to find our life Lloyd Hopkins

Searching for Heaven on Earth Dr. David Jeremiah, 2007-09-16 Don t you deserve a little happiness They are the questions that plague us Is happiness within my reach Why is life so frustrating Is it too late for me Or to put another way Where can I find a little heaven on earth History s most successful man Solomon wondered just that As Dr David Jeremiah shows us he was a man who tested life s haunting questions head on And tasted life s riches full on And who found his answers in the last place he thought to look Listen then to his voice A voice that if you pay attention will speak directly to your flesh and bones and heart A voice that admits Maybe happiness is an empty hope Or maybe we ve simply been looking in all the wrong places
