Select Chinese Rares Historical

Bettine Birge

Select Chinese Rares Historical:

Description and Annotations of Selected Historical Events of Chinese Imperial Politics Zhi Dao, The book is the volume of Description and Annotations of Selected Historical Events of Chinese Imperial Politics among a series of books for China Classified Histories **Chinese History** Endymion Porter Wilkinson, 2000 Endymion Wilkinson's bestselling manual of Chinese history has long been an indispensable guide to all those interested in the civilization and history of China. In this latest edition now in a bigger format its scope has been dramatically enlarged by the addition of one million words of new text. Twelve years in the making the new manual introduces students to different types of transmitted excavated and artifactual sources from prehistory to the twentieth century. It also examines the context in which the sources were produced preserved and received the problems of research and interpretation associated with them and the best most up to date secondary works. Because the writing of history has always played a central role in Chinese politics and culture special attention is devoted to the strengths and weaknesses of Chinese historiography Marriage and the Law in the Age of Khubilai Khan Bettine Birge, 2017-07-24 The Mongol conquest of China in the thirteenth century and Khubilai Khan's founding of the Yuan dynasty brought together under one government people of different languages religions and social customs. Chinese law evolved rapidly to accommodate these changes as reflected in the great compendium *Yuan dianzhang* Statutes and Precedents of the Yuan Dynasty. The records of legal cases contained in this seminal text Bettine Birge shows paint a portrait of medieval Chinese family life and the conflicts that arose from it that is unmatched by any other historical source. *Marriage and the Law in the Age of Khubilai Khan* reveals the complex sometimes contradictory inner workings of the Mongol Yuan legal system seen through the prism of marriage disputes in chapter eighteen of the *Yuan dianzhang* which has never before been translated into another language. Birge's meticulously annotated translation clarifies the meaning of terms and passages some in a hybrid Sino Mongolian language for specialists and general readers alike. The text includes court testimony recorded in the vivid vernacular of people from all social classes in lawsuits over adultery divorce rape wife selling marriages of runaway slaves and other conflicts. It brings us closer than any other source to the actual Mongolian speech of Khubilai and the great khans who succeeded him as they struggled to reconcile very different Mongol Muslim and Chinese legal traditions and confront the challenges of ruling a diverse polyethnic empire China Bibliography Harriet T. Zurndorfer, 2021-12-06 This volume serves as a guide to all facets of China study from advice on choosing an appropriate literary dictionary to finding the most recent yearbooks that offer statistical data about the contemporary economy. *China Bibliography* does not restrict itself to one particular discipline but considers the development of Chinese civilization as a whole from its imperial beginnings to the present and therefore demonstrates how one would find information about Chinese history literature religion linguistics collectanea as well as present day PRC economic and political policies. Because this book also explains how bibliographical data on China has accumulated over the last 300 years including within China itself it also

may help the reader understand the significance of a particular type of reference work **A Catalogue of Old, Rare and Curious Books** George E. Littlefield (Firm),1887 **Chinese Rare Books in American Collections** Sören Edgren,China House Gallery,1984 **Ruthless Compassion** Robert N. Linrothe,1999 The historical development of Esoteric Buddhism in India is still known only in outline A few verifiably early texts do give some insight into the origin of the ideas which would later develop and spread to East and Southeast Asia and to Tibet However there is another kind of evidence which can be harnessed to the project of reconstructing the history of Esoteric Buddhist doctrines and practice This evidence consists of art objects mainly sculpture which survive in significant numbers from the 6th to the 13th century The History of Chinese Folktales Liu Shouhua,2025-04-14 The History of Chinese Folktales is the first comprehensive study of Chinese folktale history spanning from the pre Qin period to the 20th century It references over 300 ancient texts and reviews more than 300 representative stories The book highlights three main research areas First motifs and types This involves identifying and categorizing various story motifs and types as well as analyzing subtypes to create a genealogy of folktales a process that reflects cultural exchanges among peoples Second cultural significance Employing historical materialism and cultural anthropology the book explores the cultural implications of folktales linking them to historical and cultural contexts to reveal their essence Third historical geographical comparison This involves a detailed examination of the life history of stories considering historical and geographical contexts to understand their essence and cultural flow Library Catalog of the Metropolitan Museum of Art, New York Metropolitan Museum of Art (New York, N.Y.). New Series** St. Louis Public Library,1915 Ridpath's Universal History John Clark Ridpath,1897 The Chinese Gods of Wealth Vasiliĭ Mikhaĭlovich Alekseev,1928 **Modern Chinese History** Harley Farnsworth MacNair,1923 **China Review** ,1924

The History and Logic of Modern Chinese Politics Mingsheng Wang,2021-08-24 This book explores the history and development of modern Chinese politics Written by Dr Mingsheng Wang a renowned Chinese political scientist it presents a truly groundbreaking and thought provoking study of the sociopolitical forces behind China s gradual emergence as a new global power in the 20th century and its rapid rise as the world s second largest economy over the past 40 years The author s argument illuminated by comparative theoretical analyses based on meticulously detailed empirical research functions as a lens through which readers can better understand China s remarkable accomplishments as well as consider broader issues that have perplexed many Is there a China Path to sociopolitical progress What is socialism with Chinese characteristics Can China redefine its niche and maintain its growing momentum in an increasingly multilateral world And finally what lessons can we draw from China s continuing progress in the post COVID era As the author argues eloquently and with persuasive evidence China s ongoing progress has followed neither the mode of Russian style socialism nor that of Western prototypical capitalism Rather it represents a distinctively different model of progress and a continuous search for a viable alternative

route to modernity that is permeated with Chinese realities By identifying an alternative system described as the China Path the author demonstrates convincingly that there exist ample options for different types of modernity and that economic growth means not only industrialization but also the development of political democratization and the realization of the rule of law In this sense this book significantly enriches our understanding of modern China The 33 carefully selected essays in the anthology provide a much needed opportunity for scholars policy makers and all interested readers to obtain an insider s view of the history and prospect of China s political development
