Innovation, Competition and Consumer Welfare in Intellectual Property Law Gustavo Ghidini,2010-01-01 Professor Ghidini has long since made himself a worldwide reputation as a leading scholar He is a profound critic of intellectual property protection that follows rigid property logic and favours the functionalist competition innovation logic Innovation Competition and Consumer Welfare in Intellectual Property Law is truly enriching reading Hanns Ullrich College of Europe Bruges Belgium We in the United States have much to learn not only from Gustavo Ghidini s careful analysis of

modern trends in the European IP regime but also from his thoughtful development of the thesis that free competition should be understood as the overarching principle guiding both IP protection and what we call antitrust law Rudolph J R Peritz New York Law School US and author of Competition Policy in America This authoritative book provides a comprehensive critical overview of the basic IP paradigms such as patents trademarks and copyrights Their intersection with competition law and their impacts on the exercise of social welfare are analysed from an evolutionary perspective The analyses and proposals presented encompass the features and rationales of a legal field in constant evolution and relate them to increasingly rapid technological economic social and geo political developments Gustavo Ghidini highlights the emerging trends that challenge the traditional all exclusionary vision of IP law and its application The author expertly combines holistic evolutionary and constitutionally oriented approaches with the search for a rebalancing of the IP rights holders positions with citizens and users rights This book will appeal to academics scholars and lawyers specializing in the realm of intellectual property competition and comparative law International Intellectual Property Law and Human Security Robin

Ramcharan,2012-11-27 This book examines how intellectual property rights IPR affect the daily lives of individuals worldwide and how that may in turn impact the health and wealth of nations While the protection of the intellectual endeavours of authors and inventors is vital for a fair and just society it is important that the IPR regime remains flexible enough to encourage creativity innovation and the free flow of information and technology that are critical to the well being of billions of people especially in the developing world This work examines the implications of the IPR regime for basic human security It examines the relationship between IPR regime and fundamental human rights such as the right to education health and food and the broader right to development This book will be of interest to IP scholars international relations specialists and international security analysts in particular those interested in non traditional security issues It may also serve as resource book for the international business community on developmental and human rights aspects of IP Unfair Competition,

Perlman,1998 Law school casebook that covers the law of intellectual property and unfair competition The casebook provides the tools for fast easy on point study Part of the University Casebook Series it includes selected cases designed to illustrate the development of intellectual property law Text and explanatory materials designed for law study accompany the cases **Ownership of Knowledge** Dagmar

Schafer,Annapurna Mamidipudi,Marius Buning,2023-07-18 A framework for knowledge ownership that challenges the mechanisms of inequality in modern society Scholars of science technology medicine and law have all tended to emphasize

knowledge as the sum of human understanding and its ownership as possession by law Breaking with traditional discourse on knowledge property as something that concerns mainly words and intellectual history or science and law Dagmar Sch fer Annapurna Mamidipudi and Marius Buning propose technology as a central heuristic for studying the many implications of knowledge ownership Toward this end they focus on the notions of knowledge and ownership in courtrooms workshops policy and research practices while also shedding light on scholarship itself as a powerful tool for making explicit the politics inherent in knowledge practices and social order The book presents case studies showing how diverse knowledge economies are created and how inequalities arise from them Unlike scholars who have fragmented this discourse across the disciplines of anthropology sociology and history the editors highlight recent developments in the emerging field of the global history of knowledge as science as economy and as culture The case studies reveal how notions of knowing and owning emerge because they reciprocally produce and determine each other s limits and possibilities that is how we know inevitably affects how we can own what we know and how we own always impacts how and what we are able to know Contributors Dagmar Sch fer Annapurna Mamidipudi Cynthia Brokaw Marius Buning Viren Murthy Marjolijn Bol Amy E Slaton James Leach Myles W Jackson Lissant Bolton Vivek S Oak J rn Oeder *Blackstone's Statutes on Intellectual Property* Andrew Christie, Stephen Gare, 2012-08-30 This volume gives coverage of UK and international intellectual property law containing all the up to date legislation relevant to undergraduate law degrees [Transnational Intellectual Property Law](#) Robert P. Merges, Seagull Haiyan Song, 2018-04-27 As companies and organisations increasingly operate across national boundaries so the incentive to understand how to acquire deploy and protect IP rights in multiple national jurisdictions has rapidly increased Transnational Intellectual Property Law meets the need for a book that introduces contemporary intellectual property as it is practiced in today s global context Focusing on three major IP regimes the United States Europe and China the unique transnational approach of this textbook will help law students and lawyers across the world understand not only how IP operates in different national contexts but also how to coordinate IP protection across numerous national jurisdictions International IP treaties are also covered but in the context of an overall emphasis on transnational coordination of legal rights and strategies
