Decadence and Catholicism Ellis Hanson, 1997 Romantic writers had found in Christianity a poetic cult of the imagination an assertion of the spiritual quality of beauty in an age of vulgar materialism The decadents a diverse movement of writers were the climax and exhaustion of this romantic tradition In their art they enacted the romance of faith as a protest against the dreariness of modern life Ellis Hanson teases out two strands eroticism and aestheticism that rendered the decadent interest in Catholicism extraordinary More than any other literary movement the decadents explored the powerful historical relationship between homoeroticism and Roman Catholicism Why throughout history have so many homosexuals been attracted to Catholic institutions that vociferously condemn homosexuality This perplexing question is pursued in this elegant and innovative book Late nineteenth century aesthetes found in the Church a peculiar language that gave them a means of artistic and sexual expression The brilliant cast of characters that parades through this book includes Oscar Wilde Charles Baudelaire J K Huysmans Walter Pater and Paul Verlaine Art for these writers was a mystical and erotic experience In decadent Catholicism we can glimpse the beginnings of a postmodern valorization of perversity and performativity Catholicism offered both the hysterical symptom and the last hope for paganism amid the dullness of Victorian puritanism and bourgeois materialism **Poets of Reality** Joseph Hillis Miller, 1992 Reading and Interpreting the Works of T.S. Eliot Naomi Pasachoff, 2016-12-15 Students often approach the complex poetry of T S Eliot with some degree of trepidation but as this comprehensive text demonstrates that need not be the case With its thoughtful analysis and engaging writing style this guide provides readers with the tools they need to approach Eliot's works with confidence while at the same time encouraging them to draw their own meaning from the words and sounds of the poetry The text also explores Eliot's life beyond his poems including his extensive work as an essayist editor and critic Given this context readers will establish a deeper understanding of the poet as well as his work

Transcendence and Film David P. Nichols,2019-05-23 In this edited collection of essays ten experts in film philosophy explore the importance of transcendence for understanding cinema as an art form They analyze the role of transcendence for some of the most innovative film directors David Cronenberg Karl Theodor Dreyer Federico Fellini Werner Herzog Stanley Kubrick David Lynch Terrence Malick Yasujiro Ozu and Martin Scorsese Meanwhile they apply concepts of transcendence from continental philosophers like Alain Badiou Gilles Deleuze Martin Heidegger Michel Henry Edmund Husserl Karl Jaspers S ren Kierkegaard Maurice Merleau Ponty Friedrich Nietzsche and Jean Paul Sartre Each of the ten chapters results in a different perspective about what transcendence means and how it is essential to film as an art medium Several common threads emerge among the chapters The contributors find that the limitations of human existence are frequently made evident in moments of transcendence so as to bring characters to the margins of their assumed world At other times transcendence goes immanent so as to emerge in experiences of the surprising nearness of being as though for a radical intensification of life Film can also exhibit ciphers of transcendence whereby symbolic events open us to greater realizations about our place in the world Lastly the contributors observe that transcendence occurs in film not simply from isolated moments forced into a storyline but in a manner rooted within an ontological rhythm peculiar to the film itself **The Literature of Place** Norman Page,Peter Preston,1993-06-18 This collection of essays discusses writers who have in common their use of the English language The authors are from all over the world and their subject matter ranges from Shakespeare to Hardy from Margaret Oliphant to Kazuo Ishiguro and from the Canadian prairies to the Falklands War **Rewriting the Thirties** Keith Williams,Steven Matthews,2014-09-25 Rewriting the Thirties questions the myth of the anti modernist decade Conversely the editors argue it is a symptomatic transitional phase between modern and post modern writing and politics at a time of cultural and technological change The text reconsiders some of the leading writers of the period in the light of recent theoretical developments through essays on the ambivalent assimilation of Modernist influences among proletarian and canonical novelists including James Barke and George Orwell and among poets including Auden MacNeice Swingler and Bunting and in the work of feminist writers Vera Brittain and Winifred Holtby In this substantial remapping the complexity and scope of literary critical debate at the time is discussed in relation to theatrical innovation audience attitudes to the mass medium of modernity cinema the poetics of suburbia consumerism and national ideology as well as the discursive strategies of British and American documentarism **Modernist Writers and the Marketplace** Warren Chernaik,Warwick Gould,Ian Willison,1996-06-12 Modernist Writers and the Marketplace is a new research level collection devoted to an exciting area in the history of the book Focusing on Henry James W B Yeats Joseph Conrad D H Lawrence Virginia Woolf T S Eliot James Joyce Ezra Pound Wyndham Lewis and the culture of the little magazine of the period eleven contributors from six countries demonstrate new developments in the sociology of texts the practice of literary biography and textual criticism **Love and**
