29 through Time and Tradition Lowell K Handy, 2011-08-25 Psalm 29 a sacred text in Jewish and Christian Bibles has been understood in a variety of ways through time and in different traditions This volume presents a sample of the use and meaning derived from a single biblical text From the earliest translations to contemporary African Independent Churches this psalm has been an integral part of synagogue and church but what it has meant and how it is used is a fascinating journey through human culture Not only the understanding of the written word but also the liturgical use and the musical adaptations of a biblical text are considered here This is a book for anyone scholar student or laity with an interest in the Bible in its many contexts

The Works of that Eminent Servant of Christ, Mr. John Bunyan John Bunyan, Samuel Wilson, 1736

'The Real Scriptures' of God James Platter, 2012-08 Inside the covers of this book you will find the Real Scriptures of the Christian churches Many church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain washed to believe that is about the other inferior books It isn't in the canon of scripture formed of course by the early Catholic Church at various stages and Councils from the fourth century A D therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God They would not even imagine that different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate but they are not affected by the changes they made to the canon of Scripture over many centuries They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world So is European Christianity based in the Vatican City right about all its holy scriptures while everyone else's church scriptures are false scriptures Ethiopia it seems got most books of scripture right even with their translation into an ancient language
