Carpenter,2019-02-08 When science set forth to explain the historical evidence and miraculous events attributed to the existence of Jesus it expected to find hoaxes a lack of evidence and nothing substantial to support a supernatural belief in God What skeptical scientists did discover actually validates the beliefs of Christians And what they could not explain also added even more support for Christian faith The historical accounts eyewitness testimonies and miraculous artifacts provide overwhelming proof that something supernatural and heavenly is in contact with mankind Join John Carpenter a psychiatric therapist on his logical investigation into the divine realm of miraculous evidence through the startled eyes of disbelieving medical and scientific researchers The amazing conclusions from their professional examinations suggest that Jesus Christ must truly be alive and impacting our lives today As with Carpenter s first book *Be Not Afraid to Follow the Footprints from Heaven* be not afraid of having your current assumptions about God challenged by this historical evidence now under the scrutiny of today s science Open your mind for this fascinating and inspirational journey *Hispano Bastion* Michael J. Alarid,2024-05-01 In this groundbreaking study historian Michael J Alarid examines New Mexico s transition from Spanish to Mexican to US control during the nineteenth century and illuminates how emerging class differences played a crucial role in the regime change After Mexico won independence from Spain in 1821 trade between Mexico and the United States attracted wealthy Hispanos into a new market economy and increased trade along El Camino Real turning it into a burgeoning exchange route As landowning Hispanos benefited from the Santa Fe trade traditional relationships between wealthy and poor Nuevomexicanos whom Alarid calls *patr nes* and *vecinos* started to shift Far from being displaced by US colonialism wealthy Nuevomexicanos often worked in concert with new American officials after US troops marched into New Mexico in 1846 and in the process Alarid argues the *patr nes* abandoned their customary obligations to *vecinos* who were now evolving into a working class Ultimately wealthy Nuevomexicanos the book argues succeeded in preserving New Mexico as a Hispano bastion but they did so at the expense of poor *vecinos* **Marc Simmons of New Mexico** Phyllis S.
