When they meet for the first time at summer camp two ten year old girls discover they are twins and agree to exchange identities in an attempt to reconcile their divorced parents **Lisa and Lottie** Erich Kästner,1951 When they meet for the first time at summer camp two ten year old girls discover they are twins and agree to exchange identities in an attempt to reconcile their divorced parents Prospects in International Investment Law and Policy Roberto Echandi,Pierre Sauvé,2013-04-18 The negotiation of a patchy but burgeoning network of international investment agreements and the increasing use to which they are put is generating a growing body of jurisprudence which while still evolving requires closer analytical scrutiny Drawing on many of the most distinguished voices in investment law and policy and offering novel multidisciplinary perspectives on the rapidly evolving landscape shaping international investment activity and treaty making this book explores the most important economic legal and policy challenges in contemporary international investment law and policy It also examines the systemic implications flowing from frenetic recent judicial activism in investment matters and advances several innovative propositions for how best to promote greater overall coherence in rule design treaty use and policy making and thus offer a better balance between the rights and obligations of international investors and host states

Transnational Film Remakes Iain Robert Smith,2017-03-08 What happens when a film is remade in another national context How do notions of translation adaptation and localisation help us understand the cultural dynamics of these shifts and in what ways does a transnational perspective offer us a deeper understanding of film remaking Bringing together a range of international scholars *Transnational Film Remakes* is the first edited collection to specifically focus on the phenomenon of cross cultural remakes Using a variety of case studies from Hong Kong remakes of Japanese cinema to Bollywood remakes of Australian television this book provides an analysis of cinematic remaking that moves beyond Hollywood to address the truly global nature of this phenomenon Looking at iconic contemporary titles such as *The Girl with the Dragon Tattoo* and *Oldboy* as well as classics like *La Bête Humaine* and *La Chienne* this book interrogates the fluid and dynamic ways in which texts are adapted and reworked across national borders to provide a distinctive new model for understanding these global cultural borrowings **Creative Therapies for Complex Trauma** Joy Hasler,Anthea Hendry,2017-03-21 Exploring how and why creative therapies are so effective in helping children to recover from trauma this cutting edge book lays out the uses of a range of techniques including art psychotherapy music therapy dance therapy and dramatherapy **The Magnificent '60s** Brian Hannan,2022-06-16 Hollywood in the 1960s walked a tightrope between boom and bust Yet the decade spawned many of the greatest films ever made saw the advent of the spy thriller the revival of science fiction and horror and represented the Golden Era of the 70mm roadshow Blockbusters like *Lawrence of Arabia* and

The Sound of Music shared marquees with low budget hits such as Lilies of the Field and Easy Rider New stars emerged Steve McQueen Sidney Poitier Barbra Streisand Sean Connery Faye Dunaway Clint Eastwood and Dustin Hoffman Veteran directors like Billy Wilder and William Wyler were joined by the post war generation of Robert Aldrich and Stanley Kramer and the new wave of Stanley Kubrick and John Schlesinger This book explores a period when filmmakers embraced revolutionary attitudes to sexuality violence and racism and produced a bewildering list of critically acclaimed classics that remain audience favorites *Literary Twinship from Shakespeare to the Age of Cloning* Wieland Schwanebeck,2020-01-06

Unlike previous efforts that have only addressed literary twinship as a footnote to the doppelganger motif this book makes a case for the complexity of literary twinship across the literary spectrum Shortlisted for the ESSE Book Award 2022 Literatures in the English Language it shows how twins have been instrumental to the formation of comedies of mistaken identity the detective genre and dystopian science fiction The individual chapters trace the development of the category of twinship over time demonstrating how the twin was repeatedly re invented as a cultural and pathological type when other discursive fields constituted themselves and how its literary treatment served as the battleground for ideological disputes by setting the stage for debates regarding kinship and reproduction or by partaking in discussions of criminality eugenic greatness and monstrous births The book addresses nearly 100 primary texts including works of Mary Elizabeth Braddon Wilkie Collins Charles Dickens Arthur Conan Doyle Aldous Huxley Christopher Priest William Shakespeare and Zadie Smith
