Media And Society The Production Of Culture In The Mass Media

Debra L. Merskin

Media And Society The Production Of Culture In The Mass Media:

Media and Society John Ryan, William M. Wentworth, 1999 In this large scale postindustrial society the mass media has become deeply embedded into the lifestyles of everyday citizens People are lured by television ratings celebrity sponsored products and high profile crimes and scandals all finding their way into living rooms across America by satellites cable wires and modems This book examines the real imagined and potential effects of the mass media on individuals and society The book explores the processes through which the mass media is enabled and constrained by such factors as technology law industry structure and occupational careers accounting for the vast changes that have developed in recent years This book is divided into two parts Part I defines mass communication and locates its role in social life Part II considers the factors which influence media content providing insight into how the industry operates Sociologists Communication and Mass Media specialists film music and pop culture critics and enthusiasts of these fields

Mass Media James B. Martin, 2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes

Media and Society Nicholas Carah, 2021-05-05 How do media platforms organise social life How do media empower or disempower our identities How do we understand the impact of algorithms How are media audiences produced and managed Media Society introduces the role of the media in social cultural political and economic life unpacking the increasing entanglement of digital media technology with our everyday lives It explores the relationship between meaning and power in an age of participatory culture social media and digital platforms An age where we both create and consume content and where we both give and gain attention translating our social lives into huge flows of data Associate Professor Nicholas Carah shows how a critical approach to power helps us not only to understand the role media play in shaping the social but also how we can become critically informed media citizens ourselves able to participate and be heard in meaningful ways Media Society expertly introduces all the key concepts and ideas you need to know and then puts theory into practice by tying them to contemporary case studies From using Ghostery to track how your personal data is being collected to exploring misinformation on social media via Youtube to the reality of internships and freelancing in today's digital media industry It is essential reading for students of media communication and cultural studies

Cultural Protest in Journalism, Documentary Films and the Arts Daniel H. Mutibwa, 2019-02-13 Cultural Protest in Journalism Documentary Films and the Arts Between Protest and Professionalisation entails a comprehensive account of the history and trajectory of contemporary journalistic documentary film and arts and cultural actors rooted partially or wholly in radical alternative community voluntary participatory and independent movements primarily in Britain and Germany It focuses particularly on the examination of

production and organisational contexts of selected case studies some of which date from the countercultural era The book takes a transnational and interdisciplinary approach encompassing a range of theoretical perspectives drawn from the political economy of communication tradition alternative media scholarship journalism studies critical sociological and cultural studies of media industries cultural industries research and critical and social theory in conjunction with extensive ethnographic fieldwork It does so to reveal the obscure nature of media and cultural production and organisation at seventeen media and cultural actors based in Britain and Germany including South Africa and Nigeria A particular focus is placed on how such actors balance competing imperatives of a civic socio political professional artistic and commercial nature as well as various systemic pressures and on how they navigate the resultant ambivalences paradoxes and tensions in their day to day work In essence the book highlights key insights into a changing nature and quality of engagement with social and political realities in protest cultures

Media Power in Hong Kong Charles Chi-wai Cheung, 2016-02-12
Studies of Hong Kong media primarily examine whether China will crush Hong Kong's media freedom This book however traces the root problem of Hong Kong media back to the colonial era demonstrating that before the resumption of Chinese sovereignty there already existed a uniquely Hong Kong brand of hyper marketized and oligopolistic media system The system encouraged by the British colonial government was subsequently aggravated by the Chinese government This peculiar system is highly susceptible to state intervention and structurally disadvantaged dissent and marginal groups before and after 1997 The book stresses that this hyper marketized media system has been constantly challenged Through a historical study of media stigmatization of youth this book proposes that over the years various counter forces have penetrated the structurally lopsided Hong Kong media independent public popular and news media all make occasional subversive alliances to disrupt the mainstream and news media with a strong liberal professionalism provide the most subversive space for challenging cultural hegemony The book offers an alternative and fascinating account of the dynamics between hegemonic closure and day to day resistance in Hong Kong media in both the colonial and post colonial eras arguing that the Hong Kong case generates important insights for understanding ideological struggles in capitalist media

Hegemony, Mass Media and Cultural Studies Sean Johnson Andrews, 2016-09-09 In the early part of the 20th century state and corporate propagandists used the mass media to promote the valor and rightness of ascending U S hegemony on the global stage Critics who challenged these practices of mass persuasion were quickly discredited by the emergent field of communication research a field explicitly attempting to measure and thereby improve the efficacy of media messages Three strains of critical cultural and media theory were especially engaged with the continued critique of the role of commodified industrially produced mass distributed culture the Cultural Marxism of the Frankfurt School the Cultural Materialism and active audiences of Cultural Studies and Critical Political Economy of Communication This book examines these three paradigms illustrating the major tensions and points of agreement between them particularly in relation to the dominant

paradigms of administrative social science research and media ecology within communication and media studies more broadly. From the perspective of the emergent cultural environment, Hegemony American Mass Media and Cultural Studies argues that the original points of disagreement between these paradigms appear less contradictory than before. In doing so, it offers a new theoretical toolkit for those seeking to understand the current struggles for a more just, more democratic media culture and society.

Digital Culture & Society (DCS) Pablo Abend, Annika Richterich, Mathias Fuchs, Ramón Reichert, Karin Wenz, 2019-11-26. Digital Culture Society is a refereed international journal fostering discussion about the ways in which digital technologies, platforms and applications reconfigure daily lives and practices. It offers a forum for inquiries into digital media theory, methodologies and socio-technological developments. This issue presents empirical studies as well as theoretical and methodological reflections on inequalities and divides in digital cultures. From various interdisciplinary perspectives, the authors examine three main themes: inequality of access, inequality by design, and discursive divides and inequality by algorithms, while suggesting ways for research to move beyond these.

Law and Justice on the Small Screen Peter Robson, Jessica Silbey, 2012-08-01. Law and Justice on the Small Screen is a wide-ranging collection of essays about law in and on television. In light of the book's innovative taxonomy of the field and its international reach, it will make a novel contribution to the scholarly literature about law and popular culture. Television shows from France, Canada, the United Kingdom, Germany, Spain, and the United States are discussed. The essays are organised into three sections: 1. methodological questions regarding the analysis of law and popular culture on television; 2. a focus on genre studies within television programming, including a subsection on reality television; and 3. content analysis of individual television shows with attention to big picture jurisprudential questions of law's efficacy and the promise of justice. The book's content is organised to make it appropriate for undergraduate and graduate classes in the following areas: media studies, law and culture, socio-legal studies, comparative law, jurisprudence, the law of lawyering, alternative dispute resolution, and criminal law. Individual chapters have been contributed by, among others, Taunya Banks, Paul Bergman, Lief Carter, Christine Corcos, Rebecca Johnson, Stefan Machura, Nancy Marder, Michael McCann, Kimberlianne Podlas, and Susan Ross, with an Introduction by Peter Robson and Jessica Silbey.

Black, White and Grey Franz Krüger, 2004. In South Africa, the debate about journalism ethics has taken particular turns in contemporary times. Issues of transformation and race have sparked heated debates in the profession. This book grew out of these discussions. It attempts to measure the traditional standards of journalism against the demands of a changing society.

Media and Maltese Society Carmen Sammut, 2007-01-01. This seminal work is the first comprehensive analysis of the media landscape in the Mediterranean island of Malta. It examines the media owned by political parties, trade unions, and the church, and how they successfully compete for audiences with the public and private sectors.
