holding onto my creature nature until the day she informed me I would no longer be running naked in the yard or showering with my dad. It took a few scoldings before I was transformed from colt to show pony, a proper reflection of whichever laundered, starched, pressed, brushed, straightened, zippered, tied, and buttoned garment was placed upon me. From the foreword of Summer Brenner's new collection of short stories *My Life in Clothes*, these stories explore the charm, tyranny, and preoccupation of clothes on and off, bought, made, or found; fashion or function; projection or expression; body and soul turned inside out.

My Life in The Stormy Seas James Vincent with Dr. Thomas V. Thomas, 2019-12-11. Cover Page. *My Life in the Stormy Seas* is a book of passion of James Vincent who knew deep inside that Sylvia, his wife, was chronically mentally ill. Yet he wanted to save their marriage. This story tells how Dr. Thomas travelled through the lives of Sylvia in various countries and Vincent. This book tells how people with no discernment abilities made insincere and unwise choices in misunderstanding Sylvia's mental illness. The heartbreaking story of Vincent is about how he was ridiculed by his so-called friends and most family members. Some of them even wished that he was dead. Vincent was threatened with police and court action if he ever sought help from them. The story speaks of the hypocrisy of Godly people. This is a painful story of rejection, loneliness, in depth faith, and trust in God as raging waters almost killed Vincent. This is the true life story of Vincent whose life was destroyed and lost almost everything as he tried to help Sylvia who was struggling with her illness. Rev. Dr. Sam, who entered into their lives under the pretension of bringing them together by solving problems, in fact had an ulterior motive of fishing in troubled waters to satisfy his emotions and lust in the guise of religion. As Vincent was thrown in the turbulent sea, he was scared, fearful of disappearing under the raging swells into the dark depths of the seas as the torrent of waves was beyond human capacity to overcome, surmount, and survive. There are details and simple explanations to help the common man to understand the difficult, unusual, puzzling, questionable behaviors of normal and good-looking people who are chronically mentally ill like Sylvia. Understanding the troubled mind of Sylvia can be challenging and can raise questions with no satisfactory answers. Dr. Thomas has written the first edition of this book while Vincent was seeing a lighthouse far away on the horizon. This revised second edition is written while Vincent is walking toward a distant, safe place from the shore. Though he had to overcome hills and valleys as he continued his journey on slippery roads, he is holding on to the hands of Jesus who said, "Fear not. The journey is tough, but the early morning cool breeze and sunshine is giving energy to the weak body and spirit." This book is about the graciousness of the Rock of all ages, God Almighty, the Great I Am. Vincent has seen the loving touch of Jesus as he faced the roaring and stormy seas. This is a story of God's power to restore broken lives if we wait for God and his time. This book will help anyone in fear, anxiety, and those who are worried because their loved one is chronically mentally ill.

MY LIFE IN PROSE, A Collection Of My Short Stories Susan Joyner-Stumpf, 2015-05-28 *My Life In Prose A Collection Of My Short Stories* is a collection of all my best short stories both Fiction and Non Fiction collected in One Book

MY LIFE IN THE STRUGGLE FOR THE LIBERATION OF ZIMBABWE J M Mpofu, 2014-09-09 This is an elucidation of accumulation of personal experience within the context of socio cultural internalization in particular and the socio political environment in general that is intended to provide some insights into a plethora of ingredients that converged and crystallized into a catalytic impetus that socially transformed my generation from village boys to highly politicised freedom fighters during the 1960s to the 1970s in Rhodesia I hvae done this by tracing the footprints of my experience which show multiple stages and strands of cultural social political and physical determinants that landed themselves on my growth path starting from socialization in my parents home all the way through the local community traditions and schooling to active service for the freedom of my country at local and national levels Here the crucial elements that moulded my social being in a very profound way have been ventilated to show when and how I became able to distinguish antagonistic differences between justice and injustice at my very early age Proceeding from here I have brought out how I teamed up with others whose political outlook and aspirations were identical with mine as we all voluntarily joined anti colonial struggle starting from invisible low intensity activism in schools and towns up to risky adventures that finished up in armed struggle within a broad national perspective The narration further demonstrates the domesticity of the movements that championed liberation struggle as drivers were citizens who grew up in the rural villages and urban African Townships where they progressively became aware that they were born unlike their parents in a country under colonial administration In doing all this I had to spell out how my interaction with informative social vectors brought awareness on how my country Zimbabwe was colonized and governed by Europeans without the consent of the indigenous natives who showed their resentment to

foreign rule by rebelling First Chimurenga within six years of colonization but failed only to succeed in the second rebellion Second Chimurenga after ninety years of racial domination Furthermore I believe I have laid bare how I became a civilian freedom fighter together with peers of my generation in the second rebellion where intolerable weight of oppression caused us to abandon nonviolent methods of struggle in favour of using arms of war to face a cobweb of security forces led by superb military machine of the colonial state wherein lay formidable challenges confronting rebelling citizens The armed struggle phase meant that fighters and their collaborators had to face those challenges in the theatre of operation Initially they exhibited more weaknesses than strengths and lost opportunities that were in the form of abundance of political support of masses of people in the country The overall process of the struggle exhibited strengths and costly weaknesses right from the civilian phase up to the armed struggle phase with or without my participation It was not until freedom fighters gained experience in planning and undertaking field operations that they became able to apply appropriate tactics that caused the struggle to gain sustainability in the theatre of operation More importantly the narration makes the point that the Rhodesian colonial system was presided over by European settler leaders who hardly recognized African citizens as entitled to participation in governance of the country with equal rights in social political economical and juridical spheres of societal setting of two main races Exclusion of African from consensus on the act of Unilateral Declaration of Independence UDI by Ian Douglas Smith was a fundamental blunder that precipitated nationwide fury that led to a civil war in which a deprived citizen fought against a privileged citizen who was indoctrinated with falsehood that his adversary freedom fighter was sponsored by foreign powers of a communist type while the latter rightly believed that he was fighting to free his country from racially imposed injustices of deprivation More importantly the narration lays emphasis on the creation of massive political structures throughout the country well below the radar of legality for the purpose of sustaining guerrilla warfare in the face of the super professional Rhodesian security forces In this connection the final phase of armed struggle demonstrated to all at home and abroad that freedom fighters became significantly effective because they were politically rooted in the oppressed population whence came their strength against superior military hardware and a water tight counter insurgency strategy of the Rhodesian security forces Essentially it was that political strength not Communist powers or betrayal by the West which caused all stakeholders to become willing to come to a negotiating table at Lancaster House in Britain in 1979 to settle the armed conflict decisively
