Passion Marks:

Sonnet Sequences and Social Distinction in Renaissance England Christopher Warley, 2005-07-28 Why were sonnet sequences popular in Renaissance England In this study Christopher Warley suggests that sonneteers created a vocabulary to describe and to invent new forms of social distinction before an explicit language of social class existed The tensions inherent in the genre between lyric and narrative between sonnet and sequence offered writers a means of reconceptualizing the relation between individuals and society a way to try to come to grips with the broad social transformations taking place at the end of the sixteenth century By stressing the struggle over social classification the book revises studies that have tied the influence of sonnet sequences to either courtly love or to Renaissance individualism Drawing on Marxist aesthetic theory it offers detailed examinations of sequences by Lok Sidney Spenser Shakespeare and Milton It will be valuable to readers interested in Renaissance and genre studies and post Marxist theories of class

Salvation in the Gospel of Mark Gabi Markusse, 2018-06-28 The Gospel of Mark portrays Jesus making impossible demands on his disciples They must follow him even if it costs them their lives And unsurprisingly this proves to be impossible for them to do They fail drastically in Mark's narrative and run from the scene as Jesus is arrested Peter had been determined to stay by him unto death but even he was not able to admit to knowing Jesus at that crucial moment The strange thing is that Jesus made it clear that it is impossible to enter the Kingdom of God without this sort of radical discipleship In this narrative study of salvation in the Gospel of Mark this conundrum is studied closely with surprising results An investigation of various socio historical aspects of Mark's background elucidate the connection that Mark makes between the death of Jesus and the following of the disciples And a study of Mark's narrative as a whole shows that Mark provides hope for those without courage to follow If they continue to look and listen carefully the mystery will be unveiled to them

Down With the King of the South 4 Diamond

Johnson,2019-07-26 The love that we have for these characters continues to grow but sadly this series must come to an end After so many heartbreaks pain and even some misery this is a chapter that finally closes From the very beginning Jashae has had it bad One of the hardest things that she has endured was the loss of her son Vonte As if that wasn't enough she's battling with Trip and his narcissistic ways and lack of sympathy We are all rooting for Jashae to get that happily ever after because she deserves it Then we have Mahogany and Jabari They just welcomed a beautiful baby girl and I'm sure the world is wondering how these two are handling parenthood These are two people who had never even thought about having children What I can say is that Mahogany is experiencing everything that comes with postpartum depression Let's hope that her depression doesn't lead her into doing something crazy to her or that beautiful baby Take one last ride with your favorite characters from Down with the king of the South It's guaranteed to make you laugh cry and more than likely make you cry again

Making Sense Ralf Hertel,2021-07-26

Fiction is fascinating All it provides us with is black letters on white pages yet while we read we do not have the impression that we are merely perceiving abstract characters Instead we see the protagonists before our inner eye and hear their voices Descriptions of sumptuous meals make our mouths water we feel physically repelled by depictions of violence or are aroused by the erotic details of sexual conquests We submerge ourselves in the fictional world that no longer stays on the paper but comes to life in our imagination Reading turns into an out of the body experience or rather an in another body experience for we perceive the portrayed world not only through the protagonist's eyes but also through his ears nose tongue and skin In other words we move through the literary text as if through a virtual reality How does literature achieve this trick How does it turn mere letters into vividly experienced worlds This study argues that techniques of sensuous writing contribute decisively to bringing the text to life in the reader's imagination In detailed interpretations of British novels of the 1980s and 1990s by writers such as John Berger John Banville Salman Rushdie Jeanette Winterson or J M Coetzee it uncovers literary strategies for turning the sensuous experience into words and for conveying it to the reader demonstrating how we make sense in and of literature Both readers interested in the contemporary novel and in the sensuousness of the reading experience will profit from this innovative study that not only analyses the interest of contemporary authors in the senses but also pin points literary entry points for the sensuous force of reading
