Drew, 2010-08-27 In 1927 The Jazz Singer heralded a revolution in the moviemaking industry with the advent of synchronized sound in full length motion pictures While movie studios adapted their production facilities to accommodate the new technology and movie theatres converted to sound filmmakers continued to produce silents albeit in dwindling numbers And though talkies would overtake the industry and the public's demand soon enough the silent motion picture did not disappear immediately The Last Silent Picture Show Silent Films on American Screens in the 1930s looks at this cultural shift Drawing primarily on contemporary records this book details the fate of an entire art form the silent cinema in the United States during the 1930s and how it managed to survive the onslaught of sound Through the most diverse venues from tent shows to universities political meetings to picture palaces ghetto theaters to art houses the silent film continued to play an important role in American culture in the Depression years culminating in the first efforts to chronicle and preserve cinema history Through the voices of the audiences critics editors and artists Drew relates the impact of various silent films whether new releases reissues or foreign imports on the public and culture of the 30s how they affected both the popular and intellectual environment and how they were promoted for their audiences Providing an in depth examination of the transitional period which led to the birth of modern film studies The Last Silent Picture Show is aimed not only at academics but also the large number of film devotees who will discover new information on a relatively neglected chapter of film history Marlene Charlotte Chandler, 2011-03-29 In Marlene the legendary Hollywood icon is vividly brought to life based on a series of conversations with the star herself and with others who knew her well In the mid 1970s Charlotte Chandler spoke with Marlene Dietrich in Dietrich's Paris apartment The star's career was all but over but she agreed to meet because Chandler hadn't known Dietrich earlier when I was young and very beautiful Dietrich may have been retired but her appearance and her celebrity her famous mystique were as important to her as ever Marlene Dietrich's life is one of the most fabulous in Hollywood history She began her career in her native Berlin as a model then a stage and screen actress during the silent era becoming a star with the international success The Blue Angel Then under the watchful eye of the director of that film her mentor Josef von Sternberg she came to America and became one of the brightest stars in Hollywood She made a series of

acclaimed pictures Morocco Shanghai Express Blonde Venus Destry Rides Again among many others that propelled her to international stardom With the outbreak of World War II the fiercely anti Nazi Dietrich became an American citizen and entertained Allied troops on the front lines After the war she embarked on a new career as a stage performer and with her young music director the gifted Burt Bacharach whom Chandler interviewed for the book Dietrich had an outstanding second career Dietrich spoke candidly with Chandler about her unconventional private life although she never divorced her husband Rudi Sieber she had numerous well publicized affairs with his knowledge and he had a longtime mistress with her approval By the late 1970s plagued by accidents Dietrich had become a virtual recluse in her Paris apartment communicating with the outside world almost entirely by telephone Marlene Dietrich lived an extraordinary life and Marlene relies extensively on the star s own words to reveal how intriguing and fascinating that life really was **Heritage Vintage Movie Poster**

Joseph,2008-10-01 Popularly known during his lifetime as The World s Greatest Living Composer Igor Stravinsky 1882 1971

not only wrote some of the twentieth century's most influential music he also assumed the role of cultural icon. This book reveals Stravinsky's two sides: the public persona preoccupied with his own image and place in history and the private composer whose views and beliefs were often purposely suppressed. Charles M. Joseph draws a richer and more human portrait of Stravinsky than anyone has done before using an array of unpublished materials and unreleased film trims from the composer's huge archive at the Paul Sacher Institute in Switzerland. Focusing on Stravinsky's place in the culture of the twentieth century, Joseph situates the composer among the giants of his age. He discusses Stravinsky's first American commission, his complicated relationship with his son, his professional relationships with celebrities ranging from T. S. Eliot to Orson Welles, his flirtations with Hollywood and television, and his love-hate attitude toward the critics and the media. In a close look at Stravinsky's efforts to mold a public image, Joseph explores the complex dance between the composer and his artistic collaborator Robert Craft, who orchestrated controversial efforts to protect Stravinsky and edit materials about him both during the composer's lifetime and after his death.
