The Secular Furniture of E.W. Godwin Susan Weber Soros, Edward William Godwin, 1999 Victorian architect designer E W Godwin 1833 86 tying himself neither morally nor aesthetically to a single style approached design with what he called judicious eclecticism Seeking to design furniture appropriate to the needs of modern living he grappled with the problems of affordability utility and function and experimented with modular and fitted furniture decades before it became popular in the mid twentieth century This book is the first comprehensive study of Godwin s furniture designs Taking the form of a catalogue raisonne the book documents and reproduces all known examples of his secular furniture and related furniture designs Jacket **Susan Soros. Pioneers of Modern Design Nikolaus Pevsner, 2005-01-01 Richard Weston is professor at the Welsh School of Architecture Cardiff University He has published extensively on twentieth century architecture including his book *Materials Form and Architecture* published by Yale University Press *Whose Culture?* James Cuno, 2012-05-23 The international controversy over who owns antiquities has pitted museums against archaeologists and source countries where ancient artifacts are found In his book *Who Owns Antiquity* James Cuno argued that antiquities are the cultural property of humankind not of the countries that lay exclusive claim to them Now in *Whose Culture* Cuno assembles preeminent museum directors curators and scholars to explain for themselves what s at stake in this struggle and why the museums critics couldn t be more wrong Source countries and archaeologists favor tough cultural property laws restricting the export of antiquities have fought for the return of artifacts from museums worldwide and claim the acquisition of undocumented antiquities encourages looting of archaeological sites In *Whose Culture* leading figures from universities and museums in the United States and Britain argue that modern nation states have at best a dubious connection with the ancient cultures they claim to represent and that archaeology has been misused by nationalistic identity politics They explain why exhibition is essential to responsible acquisitions why our shared art heritage trumps nationalist agendas why restrictive cultural property laws put antiquities at risk from unstable governments and more Defending the principles of art as the legacy of all humankind and museums as instruments of inquiry and tolerance *Whose Culture* brings reasoned argument to an issue that for too long has been distorted by politics and emotionalism In addition to the editor the contributors are Kwame Anthony Appiah Sir John Boardman Michael F Brown Derek Gillman Neil MacGregor John Henry Merryman Philippe de Montebello David I Owen and James C Y Watt *Collinson & Lock* Clive Edwards, 2022-02-28 Victorian furnishers and decorators Collinson Lock were a model of the art furniture business of the last quarter of the nineteenth century This book is the first wide ranging study of this once highly important company It will give insights into the workings and productions of a London furnishing business in the period It also provides information on a wide variety of topics including furniture design developments interior design

styles business practices working practices and techniques and the firm's customers and competitors Clive Edwards first considers the structure of the London art furniture trade and its development to locate the firm in its community He then traces the growth of the firm's business its involvement with important international exhibitions the designers they worked with and the furniture and interiors they produced This important book then outlines and discusses Collinson Lock's creations ranging from seminal pieces that were designed for an exclusive clientele to those displayed at national and international exhibitions between 1871 and 1900 through to batch produced objects that still maintained the quality and design that the firm was famous for The involvement of the firm with both public and private interior decoration commissions is also examined through case studies including those in the Anglo Japanese Queen Anne Old English and Renaissance styles used in the later Victorian period Drawing on the author's extensive knowledge of nineteenth century furniture and interiors this book meets a need for a fully researched and illustrated reference work on this famous firm If you have an interest in the history of furniture and interior design if you are involved with furniture collections either on a private basis or professionally or you simply have an interest in the decorative arts and culture of the period this book should be on your shelves
