Semonche,2007-07-20 In this gracefully written accessible and entertaining volume John Semonche surveys censorship for reasons of sex from the nineteenth century up to the present He covers the various forms of American media books and periodicals pictorial art motion pictures music and dance and radio television and the Internet The tale is varied and interesting replete with a stock of colorful characters such as Anthony Comstock Mae West Theodore Dreiser Marcel Duchamp Opie and Anthony Judy Blume Jerry Falwell Alfred Kinsey Hugh Hefner and the Guerilla Girls Covering the history of censorship of sexual ideas and images is one way of telling the story of modern America and Semonche tells that tale with insight and flair Despite the varieties of censorship running from self censorship to government bans a common story is told Censorship whether undertaken to ward off government regulation to help preserve the social order or to protect the weak and vulnerable proceeds on the assumption that the censor knows best and that limiting the choices of media consumers is justified At various times all of the following groups were perceived as needing protection from sexually explicit materials children women the lower classes and foreigners As social and political conditions changed however the simple fact that someone was a woman or a day laborer did not support stereotyping that person as weak or impressionable What would remain as the only acceptable rationale for censorship of sexual materials was the protection of children and unconsenting adults For each mode of media Semonche explains via abundant examples how and why censorship took place in America Censoring Sex also traces the story of how the cultural

territory contested by those advocating and opposing censorship has diminished over the course of the last two centuries Yet Semonche argues the censorship of sexual materials that continues in the United States poses a challenge to the free speech that is part of the foundation upon which the nation is built Indeed in an era in which sexual images are pervasive and the need for reliable information about sex and sexuality is growing he questions the remaining rationales for censorship and the justification for placing obscenity outside the protection of the U S Constitution Hadagery Teresa Vanmeter, The world as Hadge knows it seems to unravel around him as the mystery of a strange book is thrust upon him along with what it really means to him and the survival of Elysium HADAGERY The book of Elysium has been opened and darkness will unfold bleeding upon the land like a plague WORLD CAST IN DARKNESS Elysium is the remnants of a dying world dimmed by evil and the ignorance of mankind SURVIVORS ARE BEING ISOLATED AND DEVoured Those that have survived the turmoil have devolved into scavengers even as their bodies have adjusted to the cold dark climate and dangers around every corner WHERE HOPE FALLS Is in the hands of an ordinary hairy little man named the Hadge He is the only one who can seal the evil book of Elysium and save the world Throughout his journey he learns that he is a divine being born upon every world with life as a safeguard to guide each world from evil He is the only hope HADGE S DARK JOURNEY Startling events are set into motion during a trip to Ennead Mountains as his friend Uwee quickly vanishes and giant glowing spiders appear Hadge and Uwee barely escape the mountain alive however he comes to the conclusion that a book had beset Elysium into this age of darkness A mysterious whispering book he discovers he cannot read and is determined to find someone to reveal its secrets Hadge journeys through the mountain where the deadly scyphus live beyond the giant mountain troll that saves his life and into the lost woods where his life is turned upside down He at last identifies the voices from the book as they read from the pages telling Hadge he s a divine being and that sealing the book would be Elysium s only hope for a future Disturbingly to seal the book he has to journey straight into hordes of demons and into the bowels of Hell where he will be related a terrible fact Oh shit kid You re not even real New York Magazine ,1989-06-05 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **New York Magazine** ,1989-06-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea The "P" Factor Raj Sajnani,2013-04 Simply put the book is about absorbing the ability to understand how people work why they react the way
