## Seeing Castaneda:

*Seeing Castaneda* Daniel Noel, 1976      Seeing Castaneda Daniel C. Noel, 1976 *Seeing Castaneda* is an anthology drawn from the best and brightest writing about Castaneda Not all of it is laudatory Castaneda has his detractors and Dr Noel weighs their arguments and analyzes their criticism along with the praises that his books have engendered Dust jacket

*Seeing Castaneda : reactions to the 'Don Juan' writings of Carlos Castaneda: reactions to the 'Don Juan' writings of Carlos Castaneda* ,1976      Seeing Castaneda Daniel C. Noel, 1975      Seeing George Gillespie, 2019-11-14 After years of lucid dreaming the author spontaneously experiences a series of religious encounters with intense light which bring an awareness of the presence of God He describes a number of these encounters in detail The greater part of the book then presents an analysis of these experiences Perhaps the most unique part of the analysis based on the author's study of his hypnopompic lattice imagery is the description of how the internal visual image is constructed and seen three dimensionally In fact the visual image is shown to be identified with the part of oneself that sees the image Every part of the visual field is a nonduality of seer and seen Finally he analyzes the imagery of dreams out of which the experiences of light arise light as visual image and as spiritual event and the awareness of the presence of God His religious experiences of light are shown not to be dreams but to lie in a sense beyond dream imagery and dreaming      **The Ethnopoetics of Shamanism** M.

Santos, 2016-04-30 Over the last century Western portrayals of shamanism have changed radically toward an ethnopoetics of shamanism While shamanic practices had long been indirectly registered by Westerners it is only since the late nineteenth century that they have taken on symbolic import within discourses of primitivism and debates over magic and rationality

**Christ and the New Consciousness** John Newport, 1978      Fantasies of the Master Race Ward Churchill, 1998 Chosen an Outstanding Book on the Subject of Human Rights in the United States by the Gustavus Myers Center for the Study of Human Rights In this volume of incisive essays Ward Churchill looks at representations of American Indians in literature and film delineating a history of cultural propaganda that has served to support the continued colonization of Native America During each phase of the genocide of American Indians the media has played a critical role in creating easily digestible stereotypes of Indians for popular consumption Literature about Indians was first written and published in order to provoke and sanctify warfare against them Later the focus changed to enlisting public support for civilizing the savages stripping them of their culture and assimilating them into the dominant society Now in the final stages of cultural genocide it is the appropriation and stereotyping of Native culture that establishes control over knowledge and truth The primary means by which this is accomplished is through the powerful publishing and film industries Whether they are the tragically doomed noble savages walking into the sunset of *Dances With Wolves* or Carlos Castaneda's *Don Juan* the exotic mythical Indians constitute no threat to the established order Literature and art crafted by the dominant culture are an insidious political force disinforming people who might otherwise develop a clearer understanding of indigenous struggles for justice and

freedom This book is offered to counter that deception and to move people to take action on issues confronting American Indians today *Genealogies of Shamanism* Jeroen W Boekhoven, 2011 Cover Table of contents Acknowledgements 1 Approaching shamanism 2 Eighteenth and nineteenth century interpretations 3 Early twentieth century American interpretations 4 Twentieth century European constructions 5 The Bollingen connection 1930s 1960s 6 Post war American visions 7 The genesis of a field of shamanism America 1960s 1990s 8 A Case Study Shamanisms in the Netherlands 9 Struggles for power charisma and authority a balance Bibliography Index

**The Universe Next Door** James W. Sire, 2020-08-04 For more than forty years The Universe Next Door has set the standard for an introduction to worldviews This sixth edition uses James Sire's widely influential model of eight basic worldview questions to examine prominent worldviews that have shaped the Western world critiquing each worldview within its own frame of reference and in comparison to others

**The Mind of the Novel** Bruce F. Kavin, 2006 From Moby Dick to The Unnamable from A Tale of a Tub to The Book of Questions Bruce Kavin explores the nature of self conscious fiction and compares its structure to that of human consciousness Focusing on texts that confront their own limits by trying to name the unnamable the ineffable self Kavin draws on methods from literary criticism to systems theory to explain a variety of first person works that dance around the ungraspable subject

**Mediality on Trial** Ehler Voss, 2020-09-21 This volume addresses controversies connected to the testing of the capacities and potentials of mediums Today we commonly associate the term medium with the technical communication between transmitters and receivers Yet this term likewise applies to those who cooperate with agencies that exceed the presumed domain of the material world Insofar as one presumes a division between distinctly opposed categories of religion

and the secular technical media tend to be associated with the secular and human trance mediums tend to be associated with religion after 1900 This volume concerns the ways in which the term medium still marks an overlapping of and thus problematizes the aforementioned division between religion and the secular the personal and the technological The term medium carries with it a seed of doubt that is itself inseparable from investment in the medium's power insofar as they communicate with an other realm mediums offer the hope and promise of new possibilities and improved efficiency and thus of a better life yet they have simultaneously been under suspicion of altering or even inventing the messages they communicate It is due to this combination of promise and suspicion that mediumism has tended to evoke scientific religious and moral controversies Thus we can speak of a mediumistic trial that is a process in which a medium is put to the test concerning its potentials and trustworthiness Around 1800 experts were asked if a modern secular institution would be capable of inspiring domesticating or excluding trance mediumship This question has stayed with us ever since and the answers have remained inconclusive That is why the past and present of mediumship may be asked to elucidate each other

**Forest Lectures on the Highest Yoga** Vladimir Antonov, 2009-02-11 This book presents a series of lectures about the higher stages of human spiritual development The lectures describe the methodologies of the main philosophico religious traditions that existed in the past or exist now on the Earth This material illustrates the fact that the methodology of spiritual development is one for all people and that in this way God leads all people to Perfection The Curious Case of Dr. Castaneda's Twelve Pages of Field Notes F. Lawrence Fleming, 2023-01-05 My previous book about the author Carlos Castaneda *Making Sense of the Life and Works of Carlos Castaneda* F Lawrence Fleming published 2018 was an attempt to show that although evidence appears to show that Castaneda did actually work with a Yaqui Indian sorcerer the publications concerning his fieldwork were largely fraudulent In this present book I shall attempt to show what sort of person the character don Juan in the books by Carlos Castaneda may have been in real life and how his remarkable personal philosophy can be inferred from what I assert is Castaneda's grossly corrupted version of the teachings of Don Juan in his published works *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1977 **Butoh** Sondra Fraleigh, 2010-09-09 Both a refraction of the bombings of Hiroshima and Nagasaki and a protest against Western values butoh is a form of Japanese dance theater that emerged in the aftermath of World War II Sondra Fraleigh chronicles the growth of this provocative art form from its midcentury founding under a sign of darkness to its assimilation in the twenty first century as a poignant performance medium with philosophical and political implications Employing intellectual and aesthetic perspectives to reveal the origins major figures and international development of the dance Fraleigh documents the range and variety of butoh artists around the world with first hand knowledge of butoh performances from 1973 to 2008 Her definitions of butoh's morphology alchemy and philosophy set a theoretical framework for poetic and engaging articulations of twenty butoh performances in Japan Europe India and the West With a blend of scholarly research and direct experience

she also signifies the unfinished nature of butoh and emphasizes its capacity to effect spiritual transformation and bridge cultural differences Publisher      *Native American Spirituality: Path of Heart (Don Juan Matus, Eagle, and Others)* Vladimir Antonov, 2008-08-07 This book is dedicated to the true spiritual culture of Native Americans On its pages Divine Native American Chiefs tell about the Path leading to Perfection the Path to Freedom      *The Social Relations of Physics, Mysticism, and Mathematics* S. Restivo, 2012-12-06 The problems I address in this book are among the least studied in the sociology of science and knowledge Part I is a critique of the claim that there are parallels between ancient mysticism and modern physics and a sociological analysis of this claim as a strategy in intellectual conflict This study must ultimately be rooted more firmly in a type of sociology of knowledge that is just now beginning to crystallize and which I discuss in Chapter 7 and a sociology of religion that is not so much unknown as underground and timid that is a non worshipful materialist sociology of religion My study of physics mysticism parallelism is a vehicle for exploring epistemic strategies I thus conclude Part I by sketching a materialist emancipatory epistemic strategy My conclusion brings together a number of ideas formulated by myself and others over the past several years but stops short of a systematic synthesis A more integrated and coherent model than what I can sketch here must wait on the results of research now in progress in the critical as opposed to apologetic or worshipful sociology of knowledge      *The Universe Next Door (Large Print 16pt)* James W. Sire, 2011-01-26 For more than thirty years *The Universe Next Door* has set the standard for a clear readable introduction to worldviews In this new fifth edition James Sire offers additional student friendly features to his concise easily understood introductions to theism deism naturalism Marxism nihilism existentialism Eastern monism New Age philosophy and postmodernism Included in this expanded format are a new chapter on Islam and informative sidebars throughout The book continues to build on Sire's refined definition of worldviews from the fourth edition and includes other updates as well keeping this standard text fresh and useful In a world of ever increasing diversity *The Universe Next Door* offers a unique resource for understanding the variety of worldviews that compete with Christianity for the allegiance of minds and hearts *The Universe Next Door* has been translated into over a dozen languages and has been used as a text at over one hundred colleges and universities in courses ranging from apologetics and world religions to history and English literature Sire's *Naming the Elephant* *Worldview as a Concept* provides a useful companion volume for those desiring a more in depth discussion of the nature of a worldview
