Seeking Peace:

Seeking Peace Johann Christoph Arnold, 1998 Seeking Peace Arnold's fifth book explores many facets of humankind's ageless search for peace. It plumbs a wealth of spiritual traditions and draws on the wisdom of some exceptional and some very ordinary people who have found peace in surprising places.

Pursuing Peace JS Prickett, 2012-10-04 pursuing peace Is there not something that we all seek something that defines separates yet unites us I believe that this is the pursuit for inner peace There are an infinite number of individual paths to this one destination This is mine Peace requires the simple but powerful recognition that what we have in common as human beings is more important and crucial than what divides us Robert Sargent Shriver Peace is a daily a weekly a monthly process gradually changing opinions slowly eroding old barriers quietly building new structures John Fitzgerald Kennedy Peace is costly but it is worth the expense African Proverb I do not want the peace which passeth understanding I want the understanding which bringeth peace Helen Keller Peace is not merely a distant goal that we seek but a means by which we arrive at that goal Martin Luther King Jr It is more difficult to organize a peace than to win a war but the fruits of victory will be lost if the peace is not organized Aristotle Peace is not only better than war but infinitely more arduous George Bernard Shaw If everyone demanded peace instead of another television set then there'd be peace John Lennon Nothing can bring you peace but yourself Ralph Waldo Emerson

The Highest of All Mountains Samuel K. Sarpiya, 2021-03-18 This book is for people who believe that the gospel is a message of peace and this gospel of peace is relevant for our time Peacemaking is a core part of our Christian discipleship just as we learn how to pray just as we learn how to love our neighbors just as we learn how to feed the hungry We can also learn how to be peacemakers Sarpiya believes that peacemaking is central to the Christian faith and practice This book will serve as a guide that will offer a scriptural guide with practical stories and applications Readers will be challenged by Scripture to take the call to peacemaking into their communities The fact that numerous peace treaties have collapsed serves to show how difficult it is to transcend cycles of violence and foster a sustained durable peace The one place that one could look to for answers about how to move toward peace is within faith communities and sometimes not just one faith acting alone but working alongside other faiths in concert with other faiths taking an interreligious approach The Highest of All Mountains shows how Sarpiya's Christian peacemaking backed by the interreligious approach brings the monotheistic faiths together as they all agreed on one denominator to their faith's origin Abraham

Peace Anonymous - the 12 Steps to Peace Johnny F, 2012-06-26 Well intentioned people such as Bono and John Lennon have for years implored us to stop killing each other in much the same manner family members have begged alcoholics to stop drinking Perhaps we are addicted to war and violence and like alcoholics we need more than to simply stop we needed to find a new design for living The 12 Steps have been instrumental in changing the lives of over 3 million alcoholics in over 77 countries regardless of religious faith Those who once knew only chaos pain and suffering have discovered peace as a result of these Steps Consider the Steps as a recipe for

peace Should they fail to produce the desire results we will refund your misery and you may return to killing at your leisure

Bove, Laura Duhan Kaplan, 1997 The essays in this volume explore in detail many of the ways power structures our daily personal political and intellectual lives and evaluate the workings of power using a variety of theoretical paradigms from Hobbesian liberalism to Foucauldian feminist postmodernism Taken as a whole the book aims towards an end to unjust and destructive uses of power and the flowering of an encouraging educated empowerment for all human beings in a pluralistic world Section I offers a progressive chain of arguments that moves from the acceptance of domination through the rejection of domination and finally to a new vision of power based on equality and mutual respect Section II explores the questions how is the philosophical self that is our very understanding of who we are implicated in the web of power and domination Section III responds to political realism as it explores morally ideal solutions to the global problems of poverty war and hunger Section IV discusses ways in which our thought and practice in both public and private life are bound up in hierarchies of domination **Reconciliation: Finding Peace with God and Others**
