opened up new insights into the place of mobilities in societies They also highlight how attempts to look forward towards new conversations understandings and interventions in a mobile world will emerge from the transformations invoked by this field of research Authors foreground issues of power interdisciplinarity transformative technologies fragmented discourses and changing social processes whilst addressing automobility aeromobility tourism communications technologies urban infrastructures migration and emergencies As a whole the collection raises important questions about not only how understandings of mobilities are changing but also how the field of mobilities research is itself on the move The evocative empirical cases and provocative arguments in this book thus highlight the necessity of new concepts conversations methods empirical studies and interventions to address transformations in both the complex mobilities of social worlds and what is examined or taken for granted in mobilities research itself This book was originally published as a special issue of *Mobilities*

magazines unpublished manuscripts journal entries and fiction in order to shed some deserved light on Kephart's classic image as a storyteller and practical guide to the Smokies. The book is divided into thematic subsections that call attention to the variety in Kephart's writings: its nine chapters featuring Kephart's works on camping and woodcraft, guns, southern Appalachian culture, fiction, the Cherokee, scouting, and the park and Appalachian trail. Each chapter is accompanied by an introductory essay by a notable Appalachian scholar providing context and background to the included works. Written for scholars interested in Appalachian culture and history, followers of the modern outdoor movement, students enamored of the Great Smoky Mountains, and general readers alike, *Horace Kephart Writings* gathers a plethora of little-known and rarely seen material that illustrates the diversity and richness found in Kephart's work. **Danteum** Karl T. Hidden Historia of Mankind Though I did not know it at the time It was the last time I felt truly free The Sol Imperium went to great lengths to hide these truths but my oldest and dearest friend gifted me these truths As always I've seen the truth of events from eyes not my own Seen from the perspectives of those I had actively fought against I lament that these documents must be hidden Maybe in another five hundred years or the next millenia my friend can return from his self-imposed exile On that day light shall return to me and the truth will shine in the eyes of all Silva Document XVIII a letter attached to a large hand-written manuscript Recovered from a hidden hermetically sealed vault In the Sol Historia Collective Archives on Earth Circa 6 893 A.D. **The Canadian Forum**, 1928
