Burnett, Joel D. Irish, 2017-10-31 Body modifications be they tattoos piercings or implants have been with humankind for most of its existence This volume shows that one aspect of that modification dental modification has been around for eons This volume based on a well attended symposium at the American Association of Physical Anthropology meeting goes beyond the simple textual descriptions to explore the cultural context and biological implications of these modifications How can these be used to identify status class migration and even health **Past Human Migrations in East Asia** Alicia Sanchez-Mazas, Roger Blench, Malcolm D. Ross, Ilia Peiros, Marie Lin, 2008-07-25 The study of the prehistory of East Asia is developing very rapidly In uncovering the story of the flows of human migration that constituted the peopling of East Asia there exists widespread debate about the nature of evidence and the tools for correlating results from different disciplines Drawing upon the latest evidence in genetics linguistics and archaeology this exciting new book examines the history of the peopling of East Asia and investigates the ways in which we can detect migration and its different markers in these fields of inquiry Results from different academic disciplines are compared and reinterpreted in the light of evidence from others to attempt to try and generate consensus on methodology Taking a broad geographical focus the book also draws attention to the roles of minority peoples hitherto underplayed in accounts of the region s prehistory such as the Austronesian Tai Kadai and Altaic speakers whose contribution to the regional culture is now becoming accepted Past Human Migrations in East Asia presents a full picture of the latest research on the peopling of East Asia and will be of interest to scholars of all disciplines working on the reconstruction of the peopling of East and North East Asia
