Selected Correspondence Anne Louise Germaine de Staël, 2012-12-06 In her letters Mme de Staël provides a panoramic historical outlook of the European literary cultural and political scene between 1789 and 1817 i.e. the Revolution the Napoleonic era and the Restoration This edition as its French original includes rare contemporary illustrations never published before in this connection For this book there is no specific level of readership Bouvard and Pécuchet. The Selected Correspondence of Aaron Copland Aaron Copland, 2008-10-01 This is the first book devoted to the correspondence of composer Aaron Copland covering his life from age eight to eighty seven The chronologically arranged collection includes letters to many significant figures in American twentieth century music as well as Copland's friends family teachers and colleagues Selected for readability interest and the light they cast upon the composer's thoughts and career the letters are carefully annotated and each published in its entirety Copland was a gifted and natural letter writer who revealed much more about himself in his letters than in formal writings in which he was conscious of his position as spokesman for modern music The collected letters offer insights into his music personality and ideas along with fascinating glimpses into the lives of such other well known musicians as Leonard Bernstein Carlos Chávez William Schuman and Virgil Thomson *Selected Correspondence (1861-1931)* Ulrich von Wilamowitz-Moellendorf, 1983

Selected correspondence** Gustave Flaubert, 1904 **The Complete Writings and Selected Correspondence of John Dickinson** John Dickinson, 2020-06-10 The Complete Writings and Selected Correspondence of John Dickinson vol 1 inaugurates a multivolume documentary edition that will for the first time ever provide the complete collection of everything Dickinson published on public affairs over the course of his life The documents include essays articles broadsides resolutions petitions declarations constitutions regulations legislation proclamations songs and odes Among them are many of the seminal state papers produced by the first national congresses and conventions Also included are correspondences between Dickinson and some of the key figures of his era This edition should raise Dickinson to his rightful place among America's founding fathers rivaled in reputation only by Benjamin Franklin before 1776 Dickinson was celebrated throughout the colonies as well as in England and France as the great American spokesman for liberty and the documents in this edition evidence his tireless political work and unmatched corpus Distributed for the University of Delaware Press **Reason and Imagination** Learned Hand, 2013-01-17 Reason and Imagination The Selected Correspondence of Learned Hand provides readers with an intimate look into the life and mind of Judge Learned Hand an icon in American Law This new book brings to light previously unpublished letters and gives

readers insight into Hand s thoughts on American jurisprudence and policy This new collection includes a preface by Ronald Dworkin *Selected Correspondence of Charles Ives* Charles Ives,2007-06-14 This authoritative volume of 453 letters written by and to composer Charles Ives 1874 1954 provides unparalleled insight into one of the most extraordinary and paradoxical careers in American music history The most comprehensive collection of Ives s correspondence in print this book opens a direct window on Ives s complex personality and his creative process Though Ives spent much of his career out of the mainstream of professional music making he corresponded with a surprisingly large group of musicians and critics including John J Becker Henry Bellamann Leonard Bernstein John Cage Aaron Copland Henry Cowell Ingolf Dahl Walter Damrosch Lehman Engel Clifton J Furness Lou Harrison Bernard Herrmann John Kirkpatrick Serge Koussevitzky John Lomax Francesco Malipiero Radiana Pazmor Paul Rosenfeld Carl Ruggles E Robert Schmitz Nicolas Slonimsky and Peter Yates **The Civil War Papers of George B. McClellan** George Brinton McClellan,1989 *Selected Correspondence, 1924-1949* Eric Voegelin,2009 This volume contains selected correspondence written by Eric Voegelin during the period 1924 to 1949 The Editorial Board of the Collected Works of Eric Voegelin agreed from the beginning that a representative number of Voegelin s letters should complete the edition in an attempt to provide the reader with insights into Voegelin s intellectual life and into the fundamental experiences that went into shaping the growth of his personality It was the board s aim to select material in accordance with the guidelines that Voegelin himself laid down as fundamental to a hermeneutical understanding of spiritual reality Voegelin wrote that in studying a thinker one must try to elucidate the biographical radices of philosophizing He said that one must penetrate to the experiences that impel him toward reflection and do so because they have excited consciousness to the awe of existence Voegelin made these remarks on the occasion of conducting anamnestic experiments which reveal the motivational center of his own life At the core of Voegelin s concept of political science is a noetic interpretation of man society and history that confronts the conception of order prevalent in the surrounding society with the criteria of the critical knowledge of order From the 1930s onward Voegelin labored to find a satisfactory self reflexive explication of the principles of a contemplative understanding of human reality one grounded in the spiritual experience of reason Naturally it is the published word that determines a thinker s scholarly stature But Voegelin s letters also grant insight into the development of his thought document the author s struggle with himself the telos of his scholarship and reveal an often involuntary conflict with his life world These letters shed light on an ongoing and open ended thought process from which a multifaceted sometimes apparently contradictory work emerged Because of the enormous number of letters that Voegelin wrote in his later years now published in the second volume of the *Selected Correspondence* Volume 30 of the *Collected Works* the editors agreed that these bookswould contain only letters from Eric Voegelin While such a selection of letters cannot provide the completeness that the publication of both dialogue partners would provide nevertheless they reveal Voegelin s ongoing reflection on human affairs They reveal patterns of thought and their development in the

atmosphere of intimate communication that personal and intellectual elective affinities produce and they also disclose the silences that accompany such discourse This volume is certain to interest all readers concerned with political theory and with better understanding of Voegelin's intellectual pilgrimage from his earliest academic years to his emergence as one of the most significant philosophers of our time Sherman's Civil War Brooks D. Simpson, Jean V. Berlin, 2014-07-02 The first major modern edition of the wartime correspondence of General William T Sherman this volume features more than 400 letters written between the election of Abraham Lincoln in 1860 and the day Sherman bade farewell to his troops in 1865 Together they trace Sherman's rise from obscurity to become one of the Union's most famous and effective warriors Arranged chronologically and grouped into chapters that correspond to significant phases in Sherman's life the letters many of which have never before been published reveal Sherman's thoughts on politics military operations slavery and emancipation the South and daily life in the Union army as well as his reactions to such important figures as General Ulysses S Grant and President Lincoln Lively frank opinionated discerning and occasionally extremely wrong headed these letters mirror the colorful personality and complex mentality of the man who wrote them They offer the reader an invaluable glimpse of the Civil War as Sherman saw it Selected Correspondence 1950-1984 Eric Voegelin, 2007 Voegelin's Munich years while not without controversy can be seen as the most successful time in his life as well as his most creative and prolific as a political philosopher During that time Voegelin worked on volume IV of *Order and History* and the letters written to successive directors of the Louisiana State University Press as well as to friends and colleagues give a vivid account of the changing nature of this seminal project Voegelin's letters written between 1969 and 1984 provide compelling evidence of the intellectual vigor that characterized his work throughout his life and continued virtually undiminished until the last weeks before his death Voegelin's realism his sharp wit and his superbly developed sense of irony remain evident in the correspondence throughout all these years *The Selected Correspondence of Karl A. Menninger, 1919-1945* Karl Augustus Menninger, 1988 These letters chart the development of the American psychoanalytic community through exchanges with such distinguished figures in American psychiatry as E E Southard Adolf Meyer Abraham Myerson William Alanson White Smith Ely Jelliffe and Franz Alexander Provides a vivid picture of the early years of American psychoanalysis and a pivotal figure in this movement No index or bibliography **The Selected Correspondence of L.E.J. Brouwer** Dirk von Dalen, 2011-07-25 L E J Brouwer 1881-1966 is best known for his revolutionary ideas on topology and foundations of mathematics intuitionism The present collection contains a mixture of letters university and faculty correspondence has been included some of which shed light on the student years and in particular on the exchange of letters with his PhD adviser Korteweg Acting as the natural sequel to the publication of Brouwer's biography this book provides instrumental reading for those wishing to gain a deeper understanding of Brouwer and his role in the twentieth century Striking a good balance of biographical and scientific information the latter deals with innovations in topology Cantor Schoenflies style and the new
