Terrific Timothy Egan The New York Times A riveting investigation of both American myth making and the real history that lies beneath Claudio Saunt author of Unworthy Republic From the New York Times bestselling author of Escape From Camp 14 a terrifically readable Los Angeles Times account of one of the most persistent alternative facts in American history the story of a missionary a tribe a massacre and a myth that shaped the American West In 1836 two missionaries and their wives were among the first Americans to cross the Rockies by covered wagon on what would become the Oregon Trail Dr Marcus Whitman and Reverend Henry Spalding were headed to present day Washington state and Idaho where they aimed to convert members of the Cayuse and Nez Perce tribes Both would fail spectacularly as missionaries But Spalding would succeed as a propagandist inventing a story that recast his friend as a hero and helped to fuel the massive westward migration that would eventually lead to the devastation of those they had purportedly set out to save As Spalding told it after uncovering a British and Catholic plot to steal the Oregon Territory from the United States Whitman undertook a heroic solo ride across the country to alert the President In fact he had traveled to Washington to save his own job Soon after his return Whitman his wife and eleven others were massacred by a group of Cayuse Though they had ample reason Whitman supported the explosion of white migration that was encroaching on their territory and seemed to blame for a deadly measles outbreak the Cayuse were portrayed as murderous savages Five were executed This fascinating impeccably researched narrative traces the ripple effect of these events across the century that followed While the Cayuse eventually lost the vast majority of their territory thanks to the efforts of Spalding and others who turned the story to their own purposes Whitman was celebrated well into the middle of the 20th century for having saved Oregon Accounts of his heroic exploits appeared in congressional documents The New York Times and Life magazine and became a central founding myth of the Pacific Northwest Exposing the hucksterism and self interest at the root of American myth making Murder at the Mission reminds us of the cost of American expansion and of the problems that can arise when history is told only by the victors **Enterprising Youth** Monika Elbert, 2008-06-09 Recommended by Choice Enterprising Youth examines the agenda behind the shaping of nineteenth century children's perceptions and world views and the transmission of civic duties and social values to children by adults The essays in this book reveal the contradictions involved in the perceptions of children as active or passive as representatives of a new order or as receptacles of the transmitted values of their parents The question then is whether the business of telling children's stories becomes an adult enterprise of conservative indoctrination or whether children are enterprising enough to read what many of the contributors to this volume see as the subversive potential of these texts This collection of literary and historical criticism of nineteenth century American children's literature draws upon recent assessments of canon formations gender studies and cultural studies to show how concepts of public private male female and

domestic foreign are collapsed to reveal a picture of American childhood and life that is expansive and constrictive at the same time **Love's Wicked Ways** Diana Summers,1978 **Standard Catalog for Public Libraries** H.W. Wilson Company,1928
