Losing Your Sight:

How To Go Blind and Not Lose Your Mind Mike Harmer, 2005-08-01 How To Go Blind And Not Lose Your Mind discusses the process of losing your sight and ways to deal with it Written through the eyes of a person who has been through the process and survived How To Go Blind And Not Lose Your Mind begins at the diagnosis walks you through the stages of sight loss and explores emotional and physical problems associated with going blind It describes low vision legal blindness loss of independence and what it may mean to you You will find what help and visual aids are available There are physical and emotional problems with loss of sight however you can still keep your vision about living and enjoy a full happy life This book gives more than just hope it is the vision you need while losing your sight Prayer Changes Things Dag Heward-Mills, 2023-02-20 Prayer changes things When you spend time in prayer you become anointed and begin to move in the supernatural Every time you pray supernatural things happen Whatever is a source of concern to you can be addressed by prayer You may not know any important person but you can pray You may not have money but you can pray Don't wait until you have a crisis before you pray Learn how to pray now In this captivating book on Prayer Bishop Dag Heward Mills reminds the Christian of the potential he has available through the power of Prayer Prayer changes things **Seerstone** Joe Fasbinder, 2018-05-30 Seerstone is a thoroughly researched tension wrought tale of greed and how it dazzles and threatens sometimes using the most arcane and unearthly means to conquer a man and his family and to wring seemingly impossible changes potentially enormous changes in the life of Dayer Preston who with his wife has always striven to work toward the light as they understand it The story takes place at the dawn of the nineteenth century in Williker Township a cold and dying place in western New York State at a time when it seemed that there was no magic strong enough to make things right to bring forth abundance from an earth that withheld its bounty despite man's best efforts Despite the magic that stirred the spirits of heaven and earth It is a strange and unearthly time It was an era in which an average everyday person knew that if you put a few hairs in a glass of water they would turn into worms overnight and that to assure prosperity lamens scrawled with magic words would be placed behind the mantel The line between magic and reality was blurred and so the arrival of a ritual magician at your door on an early spring night wasn't much to be noticed not even when he began to bring a struggling farm family closer and closer to the line between objective reality and a world ruled over by magic words scrawled on a page It is a tale of mystery How much can the magician Walters bring forth How much of what he says are lies And how much of what he possesses can bring forth bounty and potential wealth from an unforgiving earth How much is simply evil And can it be controlled And why is Dayer Preston so necessary to the grandest of all the magic rituals that awaits them Losing Your Sight Ellen Daniels, 2001 This very positive book explains what it is really like to be blind and how the sighted can help to make their lives easier Topics include The eye and what blind people see describing and illustrating distortions in vision caused by various eye conditions Communication emphasising the importance in the sighted world of eye contact and body

language and what happens when these communication aids are taken away Barriers created by assumptions which often underestimate the capabilities of the visually impaired Hazards and how best to avoid them The value of counselling giving a unique insight into problems the blind and their carers face Registration names addresses phone numbers and websites of useful organisations Clearly and sympathetically written this is an invaluable guide for professional and lay readers alike
