children This stellar team of internationally known researchers some of whom are themselves adoptees shares with us hard poignant and personal insights as well as ways we might act to solve this widespread problem Contributors address not only the importance of nurturing sibling bonds and mental health strategies to support those relationships but also the legal rights of siblings to be together as well as issues in international adoptions Emerging and standing programs to encourage and facilitate adoptions that keep siblings together are featured as are programs that at least enable them to stay in contact
