Trigger,2003-05-05 This book offers the first detailed comparative study of the seven best documented early civilizations ancient Egypt and Mesopotamia Shang China the Aztecs and adjacent peoples in the Valley of Mexico the Classic Maya the Inka and the Yoruba Unlike previous studies equal attention is paid to similarities and differences in their sociopolitical organization economic systems religion and culture Many of this study s findings are surprising and provocative Agricultural systems technologies and economic behaviour turn out to have been far more diverse than was expected These findings and many others challenge not only current understandings of early civilizations but also the theoretical foundations of modern archaeology and anthropology The key to understanding early civilizations lies not in their historical connections but in what they can tell us about similarities and differences in human behaviour *The Lost Chronicles of the Maya Kings* David Drew (television writer.),1999 **The Sabastian Cane Chronicles** Dennis Alexander,2001-04-02 Sabastian Cane had given up a fortune in Central America as a medical missionary Nearly broke and disillusioned with medicine he becomes a jewelry salesman in Los Angeles This leads him to the diamond black market in Venezuela Cane encounters head hunters crooked police drug lords and the Lost Mayan civilization He falls in love with a native girl named Luna gains a fortune and becomes an international entrepreneur With his new bride they begin another adventure in Africa opening up free clinics for the needy He and his wife encounter international criminals who are implementing a Holy Jihad by means of a virulent virus

Legacies of Incarceration Kelli Y. Nakamura,2025-10-31 *Legacies of Incarceration* provides a holistic view of the incarceration experience of Hawai i s Japanese by exploring the factors that shaped the circumstances of confinement on each island before during and after World War II This book examines residents experiences on Hawai i Island Maui Moloka i L na i Kaua i and O ahu expanding beyond an O ahu centric urban focus to highlight the community impact of incarceration It addresses the specific conditions and challenges inmates encountered on each island before they were released transferred

to Oahu and sent either to Honouliuli or incarceration centers on the American continent. Notably, the prewar influence of the United States military and the plantations shaped the evolution of the distinctive and inconsistent incarceration policies across the islands, resulting in a diversity of inmate experiences. The author's archival research in both English and Japanese reveals these varied perspectives and includes sources such as inmate oral histories, diaries, newspaper interviews, songs, and poetry found in Hawaii, California, Washington D.C., Maryland, and Hiroshima, Japan. With the conclusion of the war, authorities lifted military regulations and released the remaining prisoners. However, the impact of war and incarceration continued to reverberate throughout Hawaii. The chronology ends with the economic, political, and social ascension of the Nisei in the mid-1900s during the Democratic Revolution, detailing the divergent fates of celebrated Nisei veterans and the devastated former inmates. It also invites further research and critique of the outsized impact residents of Japanese ethnicity in Hawaii continue to wield. As its title suggests, this book ultimately documents the enduring legacies of war that still deeply resonate in various communities within the Islands and beyond, illuminating the impacts of wartime racism.
