The Lost Prophecy James Turley Van Burkalow, 2013-10 This is a new release of the original 1924 edition The Journal of Religion, 1924 Includes section Book reviews *Morandi's Last Prophecy and the End of Renaissance Politics* Brendan Dooley, 2021-06-08 One year before Galileo's another trial was the talk of Rome The city's most notorious astrologer Orazio Morandi abbot of the monastery of Santa Prassede was brought before the governor's court on charges of possessing prohibited books fortune telling and political chicanery His most serious crime was to have predicted the death of Pope Urban VIII and allowed news of this to spread as far as Spain where cardinals quickly embarked for Italy to attend a conclave that would not occur for fourteen years The pope furious at such astrological and political effrontery personally ordered the criminal inquiry that led to Morandi's arrest trial and death in prison probably by assassination Based on new evidence this book chronicles Morandi's fabulous rise and fall against the backdrop of enormous political and cultural turmoil that characterized Italy in the early seventeenth century It documents a world in which occult knowledge commanded power reveals widespread libertinism behind monastery walls and illuminates the arduous metamorphosis of intellectual culture already underway It also sets the stage for and lends new understanding to the trial of Galileo that would follow shortly The mystery of Morandi concerns the basic compulsion to advance in a status-drenched society and the very nature of knowledge at the birth of science Told here in colorful detail Morandi's story is fascinating in its own right Beyond that it allows us to glimpse the underside of early modern high society as never before **Bibliotheca Sacra and Theological Review**, 1925
