I have been working on the new sales presentation for Teal. As a result I needed to predict the amount of sales per region (e.g. East, West, North, South) related to the sales in the Americas. Could you please review the information to ensure I have it correct based on the recent feedback you requested from your teams? I am also working with the other worldwide teams in parallel so we can have a full worldwide view for the final presentation.

If you could please let me know by the end of the week, I'd appreciate it.

Abstract The purpose of this study was to determine whether there were differences in the prevalence of risk factors for coronary artery disease between men who had been exposed to asbestos and those who had not. A case-control study was conducted among men aged 60 years or older who had been employed in asbestos-related occupations for at least 10 years. The results showed that the prevalence of risk factors for coronary artery disease was significantly higher in the exposed group than in the control group.
