Aragon Pierre Daix, 1994 **Louis Aragon** Philippe Olivera, 1997 *The Sense and Non-Sense of Revolt* Julia
Kristeva, 2025-01-21 Freud and psychoanalysis taught us that rebellion is what guarantees our independence and our
creative abilities But in the contemporary entertainment culture is rebellion still a viable option Is it still possible to build and
embrace a counterculture For whom and against what Julia Kristeva illustrates the advances and impasses of rebel culture
through the experiences of three twentieth century writers the existentialist Jean Paul Sartre the surrealist Louis Aragon and
the theorist Roland Barthes These figures according to Kristeva took part in a revolution against accepted notions of identity
of one's relation to others She places their accomplishments in the context of other revolutionary movements in art literature
and politics also offering an illuminating discussion of Freud's groundbreaking work on rebellion **Les cloches de Bâle**

Louis Aragon, 1972 Memory and Politics Angela Kimyongür, 2007 On the one hand Louis Aragon 1897-1982 was
iconoclastic a founding member of the Surrealist movement the son of a man who was masqueraded as his godfather for the
first nineteen years of his life and a bisexual who came out following the death of his wife On the other hand like so many
other writers who as young men witnessed the slaughter of World War I at close quarters Aragon was profoundly marked by
the experience Within his multifaceted oeuvre the overarching theme of war is one permanent and unchangeable facet of this
work and while many books have been published on Aragon none go beyond the figure of the Resistance poet to explore the
subject of war throughout his career Memory and Politics does just that tracing two strands of Aragon's critique of war an
ideological strand which voices the policies of the Communist Party and a personal strand which voices memory and loss

Marvelous Encounters Willard Bohn, 2005 The concept of poésie critique poetry that possesses both a poetic and a
critical function has an extensive history in modern literature Written in response to another work of art be it a painting a
film a poem or a piece of music the critical poem comments on the latter in various ways but refuses to abandon its poetic
mission Marvelous Encounters examines surrealist poets writing in French Spanish and Catalan who experimented with this
intriguing genre The first three chapters are concerned with the French surrealists who began to cultivate critical poetry
toward the end of World War I Chapter 2 considers how Louis Aragon and Philippe Soupault appropriated the critical poem
as they reviewed books of poetry and films starring Charlie Chaplin Chapter 3 which examines how Benjamin Peret and Paul
Éluard conceived of critical poetry analyzes their response to poems by Tristan Tzara and paintings by Giorgio de Chirico and

Joan Miro Chapter 4 is devoted entirely to Andre Breton Investigating Sex Jose Pierre, 2012-01-16 Are women's orgasms more intense than men's? What did Andre Breton think of homosexuality? Can love be separated from physical desire? In 1928 a group of surrealist writers and artists held twelve round table discussions to address these questions. Calling them researches into sexuality, their bizarre and humorous conversations are now made available in this new edition in all their surreal and salacious detail. Their research spanned the most critical period for surrealism, a time of bitter political disputes echoed in the intensity of these meetings and in the range of participants including Andre Breton, Paul Eluard, Yves Tanguy, Benjamin Peret and Pierre Naville. Well before the so-called sexual revolution, their erotic exchanges broke sexual taboos and encouraged surrealists to openly share the libidinal themes they explored in their writing and art. In doing so, JoAnn Wypijewski writes in the new introduction, they are revealed as lovers and prigs, fantasists and humanists, adventurers in mind if not always in flesh, flawed, foolish, brilliant, clangingly sexual human beings. *The Beribboned Bomb* Robert James Belton, 1995 Surrealism was ostensibly directed at the emancipation of the human spirit, but it represented only male aspirations and fantasies until a number of women artists began to redefine its agenda in the later 1930s. This book addresses the former using a thick description of the historically specific circumstances which required the male Surrealists to manufacture a sexual reputation of narcissism and misogyny. These circumstances were determined by hegemonic masculinity, an ideological construct which had little to do with individual masculinities. In male Surrealism, the beribboned bomb signified something both attractive and volatile, a specific instance of the Surrealist principle of convulsive beauty. In hegemonic masculinity, similar devices served as metaphors of the sexuality all men were supposed to possess. The intersection of these two axes produced an imagery of unrepentant violence. **Louis Aragon** Louis Aragon, 2002 *Etude sur Louis Aragon son oeuvre poetique avec une selection de ses principaux poemes et une chronologie* Surrealism and the Art of Crime Jonathan Paul Eburne, 2008 Corpses mark surrealism's path through the twentieth century, providing material evidence of the violence in modern life. Though the shifting group of poets, artists, and critics who made up the surrealist movement were witness to total war, revolutionary violence, and mass killing, it was the tawdry reality of everyday crime that fascinated them. Jonathan P. Eburne shows us how this focus reveals the relationship between aesthetics and politics in the thought and artwork of the surrealists and establishes their movement as a useful platform for addressing the contemporary problem of violence, both individual and political. In a book strikingly illustrated with surrealist artworks and their sometimes gruesome source material, Eburne addresses key individual works by both better-known surrealist writers and artists, including Andre Breton, Louis Aragon, Aimé Césaire, Jacques Lacan, Georges Bataille, Max Ernst, and Salvador Dalí, and lesser-known figures such as René Crevel, Simone Breton, Leonora Carrington, Benjamin Peret, and Jules Monnerot. For Eburne, the art of crime denotes an array of cultural production, including sensationalist journalism, detective mysteries, police blotters, crime scene photos, and documents of medical and legal opinion, as well as the roman noir, in particular the first crime novel of the

American Chester Himes The surrealists collected and scrutinized such materials using them as the inspiration for the outpouring of political tracts pamphlets and artworks through which they sought to expose the forms of violence perpetrated in the name of the state its courts and respectable bourgeois values Concluding with the surrealists quarrel with the existentialists and their bitter condemnation of France s anticolonial wars Surrealism and the Art of Crime establishes surrealism as a vital element in the intellectual political and artistic history of the twentieth century French XX
