French Colonial Louisiana and the Atlantic World

Bradley G. Bond,2005-07 French colonial Louisiana has failed to occupy a place in the historic consciousness of the United States perhaps owing to its short duration 1699 1762 and its standing outside the dominant narrative of the British colonies in North America This anthology seeks to locate early Louisiana in its proper place bringing together a broad range of scholarship that depicts a complex and vibrant sphere Colonial Louisiana comprised the vast center of what would become the United States It lay between Spanish British and French colonies in North America and the Caribbean and between woodland and eastern plains Indians As such it provided a meeting place for Europeans Africans and native Americans functioning as a crossroads between the New World and other worlds While acknowledging colonial Louisiana s peripheral position in U S and Atlantic World history this volume demonstrates that the colony stands at the thematic center of the shared narratives and historiographies of diverse places Through its twelve essays French Colonial Louisiana and the Atlantic World tells a whole story the story of a place that belongs to the historic narrative of the Atlantic World

*Justice*

*Blindfolded* Adriano Prospero,2018-09-11 Justice Blindfolded gives an overview of the history of justice and its iconography

through the centuries Justice has been portrayed as a woman with scales or holding a sword or since the fifteenth century with her eyes bandaged This last symbol contains the idea that justice is both impartial and blind reminding indirectly of the bandaged Christ on the cross a central figure in the Christian idea of fairness and forgiveness In this rich and imaginative journey through history and philosophy Prosperi manages to convey a full account of the ways justice has been described portrayed and imagined Translation of Giustizia bendata Percorsi storici di un'immagine Einaudi 2008     **The Sketch** ,1909
