Burn, 2011-10-27 Jonathan Franzen is one of the

most influential critically significant and popular contemporary American novelists This book is the first full length study of his work and attempts to articulate where American fiction is headed after postmodernism Stephen Burn provides a comprehensive analysis of each of Franzen s novels from his early work to the major success of *The Corrections* identifying key sources delineating important narrative strategies and revealing how Franzen s themes are reinforced by each novel s structure Supplementing this analysis with comparisons to key contemporaries David Foster Wallace and Richard Powers Burn suggests how Franzen s work is indicative of the direction of experimental American fiction in the wake of the so called end of postmodernism

Forrest, 2012-01-03 A renowned psychiatrist explores the world of slot machine gambling and the almost religious devotion that has turned it into a billion dollar industry This astonishing book reveals that there's a lot more to playing slot machines one of America's fastest growing forms of entertainment than good fun deep relaxation and the

dream of a multi million dollar jackpot Slots tells how the machines work how the random numbers that govern them are generated and how the casinos make their profit slowly but surely as they keep only a dime of every dollar invested It also offers strategies of slot play and suggests alternate activities to distract us when casinos become harmfully habitual But ultimately as Dr Forrest writes to spend one s time feeding money to the machines is to participate in well a form of prayer And the gaming industry seems very much aware of it as players annually plunge more than 365 billion into slots of which casinos keep about 30 billion and as casinos 70 to 85 percent of whose profits are earned by slot machines have spread to more than a dozen states and even into a number of racetracks where they re called racinos What this book describes with both humor and a sense of awe is the way slots emporia have steadily been transformed from underground grottos to soaring cathedral like structures where congregants sit and commune all to the end of worshipping the god of chance The Legend of Good Women Carolyn P. Collette,2006 Essays re examining the Legend of Good Women placing it in its cultural and historical context **Who Wrote the Book of Love?** Lee Siegel,2010-04-15 Who Wrote the Book of Love is acclaimed novelist Lee Siegel s comedic chronicle of the sexual life of an American boy in Southern California in the 1950s Starting at the beginning of the decade in the year that Stalin announced that the Soviet Union had developed an atomic bomb the book opens with a child s first memory of himself Closing at the end of the decade when Pat Boone s guide to dating Twixt Twelve and Twenty topped the bestseller list the book culminates just moments before the boy experiences for the first time what he had learned from a book read to him by his mother was called coitus or sexual intercourse or sometimes less formally just making love Between the initial overwhelmingly erotic recollection and the final climactic moment all is sex beguiling and intractable naughty and sweet Who Wrote the Book of Love is about the subversive sexual imaginations of children And as such it is about the origins of love Vignettes from the author s childhood provide the material for the construction of what is at once comic fiction imaginative historical reportage and an ironically nostalgic confession The book evokes the tone and tempo of a decade during which America was blatantly happy wholesome and confident and yet at the same time deeply fearful of communism and nuclear holocaust Siegel recounts both the cheer and the paranoia of the period and the ways in which those sentiments informed wondering about sex and falling in love Part of my plan Mark Twain wrote in The Adventures of Tom Sawyer has been to try to pleasantly remind adults of what they once were themselves and of how they felt and thought and talked With the same motive Lee Siegel has written what Twain might have composed had he been Jewish raised in Beverly Hills in the 1950s and joyously obsessed with sex and love *Prescription for Murder* James R. Kelly,2000-12-07 Within these covers are stories about a group of risk takers and adrenaline junkies who lived a life of stimulating and physically challenging activity It is a rollicking adventure account of men who chose a wilderness avocation and lifestyle in lieu of comfort and leisure for their relaxation This is also a travelogue about much of the backcountry of this nation Their journeys into these wilderness areas lasted over twenty years comprising some seventy expeditions into places

like the Everglades Okefenokee Swamp Appalachian Trail Presidential Range and the desert of Joshua Tree Learn more about the history of these locations and other backwoods areas primarily in the mountain states of Colorado Idaho New Mexico Montana Utah and Wyoming Read about these unusual people their travels and the physical trials they put their aging bodies through as they pursued their exploring passion seeking exciting adventures demanding experiences and refuge from there professional lives They wanted to be explorers test themselves physically and to see what was over the horizon Their interest level had no valley and no summit It was limitless They were not purists in the sense of following the conventional standards of roughing it in the wilderness Instead they did it their way They were the real thing and enjoyed living On The Edge Not many people do These journeys are humorous filled with dubious judgement lessons on field craft history philosophy geology and survival comparisons drawn from combat experiences These stories should appeal to all readers with similar inclinations despite age or gender Travel along with them in these stories and experience a rush of adrenaline as you read about their trips and learn more about the backwoods of this great country [French B Movies](#) David A.

Pettersen,2023-03-07 In the impoverished outskirts of French cities known as the banlieues minority communities are turning to American culture history and theory to make their own voices cultures and histories visible Filmmakers have followed suit turning to Hollywood genre conventions to challenge notions of identity belonging and marginalization in mainstream French film French B Movies proposes that French banlieue films far from being a fringe genre offer a privileged site from which to understand the current state of the French film industry in an age of globalization This gritty style appears in popular arthouse films such as Mathieu Kassovitz's La Haine and Bande de filles Girlhood along with the major Netflix hit series Lupin David Pettersen traces how in these works and others directors fuse features of banlieue cinema with genre formulas associated with both Hollywood and Black cultural models as well as how transnational genre hybridizations such as B movies have become part of the ecosystem of the French film industry By combining film analysis cultural history critical theory and industry studies French B Movies reveals how featuring banlieues is as much about trying to imagine new identities and production models for French cinema as it is about representation **The Panoplist, Or, The Christian's**
