Hartwig,2009 This bold work asks whether traditional Christian sexual morality with its emphasis on sexual abstinence outside of heterosexual marriage is harmful Appealing to sociological studies anthropological theories and contemporary theological ethics Hartwig develops a model of sexual virtue around the concept of a poetics of intimacy and applies this model to particular challenges faced by the divorced married couples gay men and lesbians single adults and people with mental and developmental disabilities He concludes that mandated long term and lifelong sexual abstinence for those outside heterosexual marriage is not only harmful but compromises many features of Christian morality      *Women in the Chinese Enlightenment* Zheng Wang,2023-11-15 Centering on five life stories by Chinese women activists born just after the turn of this century this first history of Chinese May Fourth feminism disrupts the Chinese Communist Party s master narrative of Chinese women s liberation reconfigures the history of the Chinese Enlightenment from a gender perspective and addresses the question of how feminism engendered social change cross culturally In this multilayered book the first person narratives are complemented by a history of the discursive process and the author s sophisticated intertextual readings Together the parts form a fascinating historical portrait of how educated Chinese men and women actively deployed and appropriated ideologies from the West in their pursuit of national salvation and self emancipation As Wang demonstrates feminism was embraced by men as instrumental to China s modernity and by women as pointing to a new way of life Centering on five life stories by Chinese women activists born just after the turn of this century this first history of Chinese May Fourth feminism disrupts the Chinese Communist Party s master narrative of Chinese women s liberation reconfigures the h      **New England Journal of Education** Thomas Williams Bicknell,Albert Edward Winship,Anson Wood Belding,1912      **A Catalog of Books for Progessive People Interested in the Problem of Life Here and Hereafter** ,1913      **Sex Difference in Christian Theology** Megan K. DeFranza,2015-05-16 How different are men and women When does it matter to us or to God Are male and female the only two options In *Sex Difference in Christian Theology* Megan DeFranza explores such questions in light of the Bible theology and science Many Christians entrenched in culture wars over sexual ethics are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam

or Eve DeFranza argues from a conservative theological standpoint that all people are made in the image of God male female and intersex and that we must listen to and learn from the voices of the intersexed among us      Sexual Reformation? Manitza Kotze,Nadia Marais,Nina Muller van Velden,2022-02-28 Inasmuch as sex and sexuality are not words often spoken from pulpits and in academic theological circles a vast number of utterances have been made in the name of so called Christian values and biblical views on sex and sexuality These are often given from moral ethical perspectives and seemingly very prescriptive who should have sex with whom when sex should take place which purposes sex should serve and especially when sex is wrong Moreover often there is little or no recognition of the complexities surrounding human sexuality resulting in what appears to be a blueprint for sexuality applicable to all persons This volume contains fourteen theological and ethical reflections by South African scholars on human sexuality with the aim of exploring what a sexual reformation within Christian dialogue might entail Presented in three sections namely systematic theological reflections biblical reflections and ethical reflections the essays represent a range of topics from a variety of perspectives Luther and marriage sexual abuse in the Catholic Church body theology and the sexual revolution reproductive technologies sexuality and reproduction reproductive loss hermeneutical choices and gender reformation in South Africa queer engagements with bra Joseph explorations on Paul and sex rape culture and violent deities the church s moral authority and sexual ethics practical theological considerations regarding infertility empirical research on masculinities in Zambia and the lived experience of transgender people in African Independent Churches      Ethics and Sex Igor Primoratz,2003-09-02 Ethics and Sex presents a systematic study of the nature and moral significance of human sexuality and of the major issues in sexual morality The book is divided into two main parts Part One gives a critical analysis of the key conceptions of human sexuality Part Two discusses the most important issues in sexual morality monogamy adultery prostitution homosexuality paedophilia sexual harassment and rape In this controversial and accessible book the author demonstrates that many of the prohibitions that make up conventional sexual morality cannot withstand critical scrutiny      *New York Medical Journal, and Philadelphia Medical Journal* ,1913      **The Classification of Sex** Donna J. Drucker,2014-07-31 Alfred C Kinsey s revolutionary studies of human sexual behavior are world renowned His meticulous methods of data collection from comprehensive entomological assemblies to personal sex history interviews raised the bar for empirical evidence to an entirely new level In The Classification of Sex Donna J Drucker presents an original analysis of Kinsey s scientific career in order to uncover the roots of his research methods She describes how his enduring interest as an entomologist and biologist in the compilation and organization of mass data sets structured each of his classification projects As Drucker shows Kinsey s lifelong mission was to find scientific truth in numbers and through observation and to record without prejudice in the spirit of a true taxonomist Kinsey s doctoral work included extensive research of the gall wasp where he gathered and recorded variations in over six million specimens His classification and reclassification of Cynips led to the speciation of the genus that remains today

During his graduate training Kinsey developed a strong interest in evolution and the links between entomological and human behavior studies In 1920 he joined Indiana University as a professor in zoology and soon published an introductory text on biology followed by a coauthored field guide to edible wild plants In 1938 Kinsey began teaching a noncredit course on marriage where he openly discussed sexual behavior and espoused equal opportunity for orgasmic satisfaction in marital relationships Soon after he began gathering case histories of sexual behavior As a pioneer in the nascent field of sexology Kinsey saw that the key to its cogency was grounded in observation combined with the collection and classification of mass data To support the institutionalization of his work he cofounded the Institute for Sex Research at Indiana University in 1947 He and his staff eventually conducted over eighteen thousand personal interviews about sexual behavior and in 1948 he published *Sexual Behavior in the Human Male* to be followed in 1953 by *Sexual Behavior in the Human Female* As Drucker's study shows Kinsey's scientific rigor and his early use of data recording methods and observational studies were unparalleled in his field Those practices shaped his entire career and produced a wellspring of new information whether he was studying gall wasp wings writing biology textbooks tracing patterns of evolution or developing a universal theory of human sexuality
