American Punch ,1879 *The Conservator* ,1910 Readings in Classical Political Thought Peter J. Steinberger,2000-01-01 Designed to include all of the texts from Presocratics through Machiavelli likely to be read in an undergraduate course on classical political thought this anthology has at its core generous selections from Plato and Aristotle Building on this core is a sufficiently diverse and substantial selection of texts from other writers including

Thucydides and the Sophists to allow for inquiry into the variety of Classical Greek approaches to politics as well as into Roman Medieval and Renaissance developments of the classical tradition Preeminent translations and the editor's own thoughtful introductions further distinguish this unique anthology *The Bible As It Was* James L. Kugel,1999-11-01

Leading us chapter by chapter through the Hebrew Bible's most important stories from the Creation and the Tree of Knowledge through the Exodus from Egypt and the journey to the Promised Land Kugel shows how a group of anonymous ancient interpreters radically transformed the Bible and made it into the book that has come down to us today **Love's Vision** Troy Jollimore,2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In Love's Vision Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love's moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato's Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature Love's Vision is an original examination of a subject of vital philosophical and human concern *Fated* S.G. Browne,2010-11-02 From the acclaimed author of *Breathers* an irreverent novel about fate destiny and the karmic consequences of getting involved with humans Over the past few thousand years Fabio has come to hate his job As Fate he's in charge of assigning the fortunes and misfortunes that befall most of the human race the 83% who keep screwing things up Frustrated with his endless parade of drug addicts and career politicians Fate has to watch Destiny guide her people to Nobel Peace Prizes and Super Bowl MVPs To make matters worse he has a five hundred year old feud with Death and his best friends are Sloth and Gluttony And worst of all He's fallen in love with a human Getting involved with a human breaks Rule 1 and about ten others setting off some cosmic sized repercussions that could strip him of his immortality or lead to a fate worse than death **Classic Authors Super Set Series: 2 (Shandon Press)** J.
