Love The Life You Live 3 Secrets To Feeling Good Deep Down In Your Soul:

Love the Life You Live Les Parrott, Neil Clark Warren, 2004 Everyone longs for healthy relationships inner contentment and peace The journey toward emotional wholeness is hard work Love the Life You Live introduces three time tested secrets to help readers achieve enduring peace long lasting joy and a deep level of emotional and spiritual health **The One Year Love Talk Devotional for Couples** Les Parrott, Leslie Parrott, 2011-09-30 Offering wisdom and insights for applying biblical truths to our relationships this book encourages couples to connect and communicate every day This practical uplifting guide is perfect for busy couples who long to experience a stronger relationship and better communication Easy to follow daily readings focus on loving each other the way God loves us You're Stronger Than You Think Les Parrott, 2012-08-02 In You re Stronger Than You Think psychologist Dr Les Parrott helps you access the power to do what you feel you can t With practical insights and hard earned wisdom he shows you that by changing how you think understanding what you feel and using the power that lies untapped deep in your soul you can summon strength you didn t know you had strength that ultimately comes from God The secret to tapping into your inner strength is not about positive thinking or pulling yourself up by your bootstraps Instead it s about leveraging your strengths and overcoming your weaknesses to reveal a surprising inner power that God has placed deep in your heart Using a counterintuitive approach to overcoming hardship You re Stronger Than You Think will help you find the unexpected power you need to pass through both the everyday and extraordinary tests of life Love in the Time of Algorithms Dan Slater, 2013-01-24 If online dating can blunt the emotional pain of separation if adults can afford to be increasingly demanding about what they want from a relationship the effect of online dating seems positive But what if it s also the case that the prospect of finding an ever more compatible mate with the click of a mouse means a future of relationship instability a paradox of choice that keeps us chasing the illusive bunny around the dating track It s the mother of all search problems how to find a spouse a mate a date The escalating marriage age and declining marriage rate mean we re spending a greater portion of our lives unattached searching for love well into our thirties and forties It s no wonder that a third of America s 90 million singles are turning to dating Web sites Once considered the realm of the lonely and desperate sites like eHarmony Match OkCupid and Plenty of Fish have been embraced by pretty much every demographic Thanks to the increasingly efficient algorithms that power these sites dating has been transformed from a daunting transaction based on scarcity to one in which the possibilities are almost endless Now anyone young old straight gay and even married can search for exactly what they want connect with more people and get more information about those people than ever before As journalist Dan Slater shows online dating is changing society in more profound ways than we imagine He explores how these new technologies by altering our perception of what s possible are reconditioning our feelings about commitment and challenging the traditional paradigm of adult life Like the sexual revolution of the 1960s and 70s the digital revolution is forcing us to ask new questions about what constitutes normal Why should we settle for someone

who falls short of our expectations if there are thousands of other options just a click away Can commitment thrive in a world of unlimited choice Can chemistry really be quantified by math geeks As one of Slater s subjects wonders What s the etiquette here Blending history psychology and interviews with site creators and users Slater takes readers behind the scenes of a fascinating business Dating sites capitalize on our quest for love but how do their creators ideas about profits morality and the nature of desire shape the virtual worlds they ve created for us Should we trust an industry whose revenue model benefits from our avoiding monogamy Documenting the untold story of the online dating industry s rise from ignominy to ubiquity beginning with its early days as computer dating at Harvard in 1965 Slater offers a lively entertaining and thought provoking account of how we have for better and worse embraced technology in the most intimate aspect of our lives

A Million First Dates Dan Slater,2014-01-28 Previously published in hardcover as *Love in the Time of Algorithms* Once considered the realm of the lonely and desperate sites like eHarmony Match OkCupid and Plenty of Fish have been embraced by pretty much every demographic Dating has been transformed from a daunting transaction based on scarcity to one in which the possibilities are almost endless Now anyone can search for exactly what they want connect with more people and get more information about those people than ever before As journalist Dan Slater shows online dating is changing society in more profound ways than we imagine He explores how these new technologies by altering our perception of what s possible are reconditioning our feelings about commitment and challenging the traditional paradigm of adult life Slater takes readers behind the scenes of a fascinating business Dating sites capitalize on our quest for love but how do their creators ideas about pro ts morality and the nature of desire shape the virtual worlds they ve created for us **Secrets of Angels on Earth**

Allan J. Sweeney,2021-07-31 *Secrets of Angels on Earth* is the first book to describe an earth angel s journey from past lives reincarnation and pregnancy through child and adulthood to life after death It answers questions on what is love what is a soul mate d j vu how to meditate how to succeed with true love and how to be happy A new definition of love can inspire belief and faith for seekers mystic teachers and physicians alike Highlights include how love improves anger management and relieves depression anxiety sadness fear and emotions Learn how love creates vitality and health in your mind body and spirit Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 *Você É Mais Forte do que Pensa* Les
