Kelley, 2010 The restless heart and searching mind of this influential early church father can offer spiritual and intellectual companionship for your spiritual journey Augustine of Hippo 354 430 theologian priest and bishop is one of the most important figures in the development of Western Christianity He is known as much for his long interior struggle that ended with conversion and baptism at age thirty two as for his influential teachings on human will original sin and the theology of just war Cherished as a model for the pursuit of a life of spiritual grace and criticized for his theory of predestination Augustine is recognized as a living expression of the passion to understand and communicate the deeper meanings of human experience With fresh translations drawn from Augustine s voluminous writings and probing facing page commentary Augustinian scholar Joseph T Kelley PhD provides insight into the mind and heart of this foundational Christian figure Kelley illustrates how Augustine s keen intellect rhetorical skill and passionate faith reshaped the theological language and dogmatic debates of early Christianity He explores the stormy

religious arguments and political upheavals of the fifth century Augustine's controversial teachings on predestination sexuality and marriage and the deep undercurrents of Augustine's spiritual quest that still inspire Christians today

Perennial Questions J Krishnamurti, 2022-09-09 What is necessary is to examine unemotionally not merely intellectually the intellect doesn't solve any problem it can only invent a lot of ideas theories Nor can emotion dissipate the urgency of the problems that one has to face and resolve What is necessary it seems to me is a mind that is capable of examination To examine there must be freedom from personal views with a mind that is not guided by one's own temperament inclination nor is compelled by circumstances it seems to me that one must look at them not as an individual but as a human being the human being supercedes the individual human beings have the same common factor of sorrow of joy of unresolved miseries despairs the immense loneliness of modern existence the utter meaninglessness of life as it is lived now throughout the world if we could consider these problems as human beings then perhaps we can intelligently with care resolve our problems An extensive compendium of Krishnamurti's talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti's extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form
