Making Policy Move Clarke,

John, Bainton, Dave, Noémi Lendvai, Paul Stubbs, 2015-04-15 Responding to the increasing interest in the movement of policies between places sites and settings this timely book presents an alternative to critical approaches that center on ideas of policy transfer dissemination or learning With profound implications for policy studies contributors instead treat policy s movement as an active process of translation in which policies are interpreted inflected and reworked as they change location Mixing collectively written chapters with individual case studies of policies and practices this book provides an exciting accessible and novel analytical and methodological foundation for rethinking policy studies through translation

Emotional States

Eleanor Jupp, Jessica Pykett, Fiona M. Smith, 2016-10-14 What is the political allure value and currency of emotions within contemporary cultures of governance What does it mean to govern more humanely Since the emergence of an emotional turn in human geography over the last decade the notion that our emotions matter in understanding an array of social practices spatial formations and aspects of everyday life is no longer seen as controversial This book brings recent developments in emotional geography into dialogue with social policy concerns and contemporary issues of governance It sets the intellectual scene for research into the geographical dimensions of the emotionalized states of the citizen policy maker and public service worker and highlights new research on the emotional forms of governance which now characterise public life An international range of empirical field studies are used to examine issues of regulation modification governance and potential manipulation of emotional affects professional and personal identities and political technologies Contributors provide analysis of the role of emotional entanglements in policy strategy policy implementation service delivery citizenship and participation as well as considering the emotional nature of the research process itself It will be of interest to researchers

and students within social policy human geography politics and related disciplines **Practising Social Work**

Sociologically Priscilla Dunk-West, Fiona Verity, 2018-02-13 This timely and much needed text book presents an innovative theoretically based approach that helps students practitioners and researchers alike orientate their view and sensibilities in a rapidly evolving modern world Traditional social work approaches are often ill equipped to take into account the emerging social change which has resulted from technological change globalisation and mobilities as well as environmental change By bringing sociological social work perspectives to contemporary practice it draws on concepts from a range of disciplines in recognition that we are collective thinkers and actors and that our ideas are shaped by what we read and build upon Whether taking a social work theory module or preparing for placement this sociological perspective provides a crucial foundation for practice and puts the social back in to social work
