**God Can't** Thomas Jay Oord, 2019-01-05 Hurting people ask heart-felt questions about God and suffering. Some answers they receive appeal to mystery. God's ways are not our ways. Some answers say God allows evil for a greater purpose. Some say evil is God's punishment. The usual answers fail. They don't support the truth that God loves everyone all the time. God Can't gives a believable answer to why a good and powerful God doesn't prevent evil. Author Thomas Jay Oord says God's love is inherently uncontrollable. God loves everyone and everything, so God can't control anyone or anything. This means God cannot prevent evil singlehandedly. God can't stop evildoers, whether human, animal, organism, or inanimate objects and forces. In God Can't, Oord gives a plausible reason why some are healed but many others are not. God always works to heal everyone, but sometimes our bodies, organisms, or other creatures do not cooperate with God's healing work. Or the conditions of creation are not right for the healing God wants to do. Some people think God causes or allows suffering to teach us lessons or build our character. God Can't disagrees. Oord says God squeezes good from the evil God didn't want in the first place. God uses pain and suffering without willing or even allowing it. Most people think God can overcome evil singlehandedly. In God Can't, Oord says God needs cooperation for love to reign now and later. This leads to a better view of the afterlife called relentless love. It rejects traditional ideas of heaven, hell, and annihilation. Relentless love holds to the possibility that all creatures and all creation will respond to God's love. God Can't is written in understandable language. As a world-renowned theologian, Thomas Jay Oord brings credibility to the book's radical ideas. He explains these ideas through true stories, illustrations, and scripture. God Can't is for those who want answers to tragedy, abuse, and other evils that make sense. What They're Saying: If conventional notions of God make less and less sense to you, you'll find Thomas Jay Oord's new book a breath of fresh air. Simply put, God Can't presents an understanding of God that thoughtful, ethical people can believe in. Brian D. McLaren, author of *The Great Spiritual Migration*, "I did not want this book to end. I wish Dr. Oord had written it 100 years ago or 1000 years ago. To find your understanding of life and your love for God renewed, read this book." Dr. Karen Strand Winslow, Ph.D., Biblical and Jewish Studies Professor at Azusa Pacific University. As a clinical psychologist working with people in trauma, I owe Thomas Jay Oord an enormous debt of gratitude for recasting the so-called problem of evil in terms

that are conceptually satisfying theologically consistent and pastorally liberating Dr Roger Bretherton Principal Lecturer at the University of Lincoln UK Chair of the British Association of Christians in Psychology Victims of trauma sometimes hear theological responses that imply their suffering is somehow God's will A more careful theological reflection on the nature of the power of a God who is love can help Oord gives us a clear and compelling alternative in this profoundly insightful and admirably concrete and accessible book Dr Anna Case Winters Professor of Theology at McCormick Theological Seminary I know of no book that speaks to suffering with the depth of theological sophistication and psychological sensitivity as God Can't This book is a rare combination of depth and accessibility truly written for the wounded I recommend it to my students parishioners and therapy clients Dr Brad D Strawn Professor of the Integration of Psychology and Theology Fuller Theological Seminary

**Love's Knowledge** Martha C. Nussbaum, 1990 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements

, Love's Vision Troy Jollimore, 2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In Love's Vision Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love's moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato's Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature Love's Vision is an original examination of a subject of vital philosophical and human concern *The Human*

*Species Perspective* Rev. Robert Emerick, LCSW, 2024-05-10 Rev Emerick gives us a view of human life he calls The Human Species Perspective which focuses on the survival and well being of the entire human species He introduces the concept of Wellbeing Love and shows how wellbeing love is essential to our species survival and well being Rev Emerick applies the concept of wellbeing love to dimension after dimension of human life Philosophy Religion Human Nature Society and our Way of Life At every step along the way he provides sensible and plausible observations and examples to illustrate these dimensions of wellbeing love He also includes some generally unknown and startling information on Adam Smith and Charles Darwin This work is an amazing tour de force Roscoe Hill Roscoe Hill is Professor Emeritus of Philosophy and Dean Emeritus in The University of Denver Denver Colorado and author of A ROAD LESS TRAVELED 2023 **The Love of God** Bob Loveys, 2024-05-05 This book details my experiences as a Christian over the last 40 years It is my attempt to show people the reality of God and the way he interacts with me through my life It explains the many ways He guides me through life and explains the love and power that he exhibits in and through my life and what is available to every believer It aims to cross the barrier of indecision for the unbeliever To hopefully convince them that God is real and necessary to everyone s lives particularly during the dark days we are living in The Prudence of Love Eric J. Silverman, 2009-12-02 The Prudence of Love How Possessing the Virtue of Love Benefits the Lover focuses upon the intersection of philosophical theological and psychological issues concerning love Eric Silverman advocates an account of the virtue of love derived from Thomas Aquinas s account of charity and makes three claims concerning love s effect on a person s happiness First he argues that there are at least five distinct ways that possessing the virtue of love contributes to the lover s happiness Surprisingly only one of these benefits is primarily relational while the other benefits are largely psychological Second Silverman argues that the combination of love s benefits typically increases the lover s overall level of happiness Finally he argues that possessing a loving disposition is a more reliable strategy for increasing one s overall happiness than possessing an unloving disposition Throughout The Prudence of Love Silverman demonstrates that love s benefits are identifiable according to all four major views of happiness The Phi Kappa Psi Song Book Phi Kappa Psi, 1893 **The Tribute of Praise** Anonymous, 2024-01-12 Reprint of the original first published in 1874 **The Philosophical Dictionary for the Pocket. [By F. M. A. de Voltaire] ... daughter and the king's Vazir were all four warned in a dream by the Prince of the Apostles of God Muhammed that he should wed the princess which was done. He was then thirty years old. In due course nine months afterwards a son was born to him and was named Bah u d D n Muhammed. He is commonly mentioned as Bah u d D n Veled. When adolescent this latter was so extremely learned that the family of his mother wished to raise him to the throne as king but this he utterly rejected. By the divine command as conveyed in the selfsame night and in an identical dream to three hundred of the most learned men of the city of Balkh the capital of the kingdom where he dwelt those sage doctors unanimously conferred upon him the honorific title of Sult nu l Ulem and they all became his disciples. Such are the names and titles by which he is more commonly mentioned but he is also styled Mevl n yi Buzurg the Greater or Elder Master. Many miracles and prodigies were attributed to him and some men were found who conceived a jealousy at his growing reputation and influence.

**Marriage and Modernization** Don S. Browning, 2003-03-20 The processes of modernization and globalization promise more wealth and health for many people. But they are also a threat to the stability and quality of marriage and family life. This new book at once sobering and constructive looks at the impact of these processes on marriage and asks what Christianity in cooperation with other religions can do to strengthen married life today. Among the deleterious effects of modernization and globalization on marriage are a worldwide drift of men away from the responsibility of parenthood and the tendency of mothers too readily to take on the task of childrearing alone. After looking at recent research on these and other problems Don Browning suggests that the cure for modern marital disruption entails reforming and reconstructing the institution of marriage while also nurturing relevant forms of social support. Yet the effort to initiate a world marriage revival requires a complex cultural work and Browning explores the key contributions that the religions of the world must make for such an effort to be successful.
