Roston, 2001-09-05 The scientific achievements of the modern world failed to impress the leading writers of this century leaving them instead profoundly disturbed by a sense of lost values and of the insignificance of the individual in a universe seemingly indifferent to human concerns In *The Search for Selfhood in Modern Literature* Roston explores the strategies adopted by such mid century authors as Greene Salinger Osborne Baldwin and others in their attempt to cope with the spiritual vacuity strategies including the emergence of the anti hero and of literary existentialism and offer in the course of the investigation fascinatingly new insights into their work      **Love's Touch** Anit Arca, 2022-04-10 Is the world an illusion Is our Universe a hologram This is a magical world All there is is you you are the magnificent reflection of All That Is in the world of Existence and three dimensions Let us wake up from this illusion We have to realize we will leave this body one day we have to realize all of our possessions will be left behind as we depart for our next new adventure This is not a book of divine informative revelation These words do not come from heaven These writings knowledge arose in the Heart through Universal Intuition and were written from Oneself to oneself without the interference of the author's personal thoughts ego What you call I is your identity Bonding yourself with your identity creates the I am ego personality This identity of yours is not actually you it is an illusory state of what you are not In Reality you are not your ego identity The external world and its social parameters play a big role in forming this ego identity You do not own anything no name no form or any image that you can call I You have not constructed or created these You do not own anything you think you can control or possess When you identify yourself with these things the things that you are not or do not own you are creating a self imposed prison for yourself and living inside of it In other words you create your ego personality In this case we have to ask the following question who am I Really Are you really all that you claim to own names forms and images Are you only made up of body and mind When you

identify with these beliefs and those of the collective world consciousness you get lost and break away from your true Reality When you claim ownership of these names forms and images you create your ego personality Whenever you say I am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing If you do not identify with anything if you do not claim ownership of anything the I ceases to exist Removing the I dissolving it is the ultimate freedom we seek The walls of the self imposed prison of ego personality you possessively created will fall away Here in this liberated state of being the necessity for choice or decision falls away too You act just as is needed in each moment of life as it arises in the Now Thoughts of should I have done this or that will disappear The mind is like software running on a computer The virus that corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude      **The World of Hildegard of Bingen** Heinrich Schipperges,1998 German scholar Heinrich Schipperges outlines the life of the 12th century abbess Hildegard of Bingen considering her mind and thought from the basis of her understanding of wholeness He sees her in the context of the political and ecclesiastical events of her time and expounds on her relevance for modern people today      **Secrets Of The People Whisperer** Perry Wood,2008-09-04 In 1990 Perry Wood shelved his music career to breed break in and train horses All my work with horses he says has been about exploring deeper communication learning to understand and influence another being for the mutual benefit of both parties As time went on I realised that more communication was happening below the surface than people normally noticed I started to apply these observations to the people who came to me to learn at which point it was suggested that what I was doing with the horses and people would be transformational if it was brought into corporations He was right it is What I bring to this work is not only my learning from years of horse whispering and people training but also the non judgemental spiritual essence of unconditional love that is present in everything In Secrets of the People Whisperer Perry Wood shows with unique simplicity how to listen to yourself how to listen to others and once you ve mastered these skills how to set goals and turn your life into a stunning success story      *The Human Comedy* Honoré de Balzac,1893      **Shamanic Secrets for Material Mastery** Robert Shapiro,1998-07-01 It is well known among the curious that Sedona Arizona and its surrounding regions have seen some of the world s all time most intense UFO paranormal and spiritual activity The question is why      *I Am the Body, the Mind and the Soul* Sami S.
