## **Lovers Of Deceit:**

*Lovers of Deceit* Mike Gallagher, 1993 An account of the murder of Betty Jeanne Solomon describes how sexy well to do Carolyn Warmus allegedly killed Solomon to free Solomon's schoolteacher husband from his marriage *Deception* Robert W. Mitchell, Nicholas S. Thompson, 1986-01-01 Mitchell and Thompson have compiled the first interdisciplinary study of deception and its manifestations in a variety of animal species Deception is unique in that it presents detailed explorations of the broadest array of deceptive behavior ranging from deceptive signaling in fireflies and stomatopods to false alarm calling by birds and foxes to playful manipulating between people and dogs to deceiving within intimate human relationships It offers a historical overview of the problem of deception in related fields of animal behavior philosophical analyses of the meaning and significance of deception in evolutionary and psychological theories and diverse perspectives on deception philosophical ecological evolutionary ethological developmental psychological anthropological and historical The contributions gathered herein afford scientists the opportunity to discover something about the formal properties of deception enabling them to explore and evaluate the belief that one set of descriptive and perhaps explanatory structures is suitable for both biological and psychological phenomena Nietzsche on Women and the Eternal-Feminine Michael J. McNeal, 2023-07-27 By re-examining Nietzsche's notion of the eternal feminine and his views on women and feminism this volume offers new perspectives on some of his key ideas It brings together a diverse group of scholars to critically engage with Nietzsche's use of late 19th century gender stereotypes and the ways in which they served his critique of values including his use of woman as a trope for truth Among other subjects the contributors consider the role of psychology in Nietzsche's thought his concern with style self-creation and advocacy of perfectionism his views on romantic love and marriage and his aim of revaluing all values to instigate a distant philosophy of the future They investigate parallels between Nietzsche's thought and Shaktism his relation to Goethe and Stendahl and his influence on Beauvoir Butler and Dohm With the inclusion of two seminal essays on Nietzsche and women by Lawrence J Hatab and Kelly Oliver the volume also illustrates some of the ways in which scholarship on these subjects has evolved over the last four decades Providing fresh insights into these inter-related subjects Nietzsche on Women and the Eternal Feminine highlights the enduring relevance of his thought and its still underappreciated potential for re-thinking both the bases for and aims of feminism and other emancipatory movements Mozart Simon P. Keefe, 2018-10-24 This volume of essays on Wolfgang Amadeus Mozart reflects scholarly advances made over the last thirty years The studies are broad and focused demonstrating a large number of viewpoints methodologies and orientations and the material spans a wide range of subject areas including biography vocal music instrumental music and performance Written by leading researchers from Europe and North America these previously published articles and book chapters are representative of both the most frequently discussed and debated issues in Mozart studies and the challenging exciting nature of Mozart scholarship in general The volume is essential reading for researchers

students and scholars of Mozart's music      *The Elements of Social Science ... *Worldmaking* Spenser Patrick Cheney, China's enormous size vast population abundant natural resources robust economy and modern military suggest that it will emerge as a great world power Inside China's Grand Strategy The Perspective from the People's Republic offers unique insights from a prominent Chinese scholar about the country's geopolitical ambitions and strategic thinking Ye Zicheng professor of political science in the School of International Studies at Peking University examines China's interactions with current world powers as well as its policies toward neighboring countries Despite claims that repressive domestic policies and an economic slowdown are evidence that the country's efforts toward modernization will fail Ye points to China's inclusion in the G 20 as an indicator of success Ye compares China's global ascension particularly its emphasis on peace to the historical experiences of rising European superpowers providing an insider look at a country poised to become an increasingly prominent international power      **Shakespeare Survey** Stanley Wells, 2002-11-28 Shakespeare Survey is a yearbook of Shakespeare studies and production Since 1948 Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of the previous year's textual and critical studies and of major British performances The books are illustrated with a variety of Shakespearean images and production photographs The current editor of Survey is Peter Holland The first eighteen volumes were edited by Allardyce Nicoll numbers 19-33 by Kenneth Muir and numbers 34-52 by Stanley Wells The virtues of accessible scholarship and a keen interest in performance from Shakespeare's time to our own have characterised the journal from the start For the first time numbers 1-50 are being reissued in paperback available separately and as a set      **Hadewijch** Paul Mommaers (sac.), Elisabeth M. Dutton, 2004 Hadewijch c 1210-160 commands increasing attention internationally As an author she is extremely creative and artistic As a beguine she belongs to a revolutionary women's movement formed by religious women who conscious of their gender did not wish to enter into either marriage or a convent Spiritually and materially independent these first beguines come into conflict with social order and endure the reaction of clerics religious and secular authorities and those in orders As a mystic Hadewijch illuminates both the glorious aspects of the love relationship with God and its painful aspect with the enjoyment of love minne goes an increasingly intense desire in unity the alterity of the Beloved becomes all the stronger Consequently union with God is not a spiritual elevation by which a person is released from his or her being human the authentic mystical being one consists rather of the interplay between resting in God and working in this world between being God with God and being man with the Man Christ You must live as a human being this is the kernel of

Hadewijch's life and teaching      *Ethics in Contact Rhetoric* Jon Radwan, Dale Cyphert, Ellen W. Gorsevski, Omar Swartz, 2024-12-15 *Ethics in Contact Rhetoric* re orients communication theory by centering touch and de centering symbolic acts Inspired by MLK's tradition of nonviolent power a contact orientation highlights the incarnate and immediate ground of communication ethics Ethical interactions are defined as bio relational dances arcing steps of nurture respect justice and too often violence Centering humanity's physical mutuality is a vital move today Communication is a thoroughly interactive art but the West's ancient instrumental tradition of rhetoric and its accompanying utilitarian ethic valorize individual agency over joint action This book re balances rhetorical theory by enabling critique of embodied relational patterns Special emphasis is placed on engaging material injustice and discerning the role of rhetoric in social transformation Critical case studies demonstrate contact rhetoric's rich heuristic and diverse applications      **Idylls of Busy Life** David Sinclair, 1904

The Tragic and the Ecstatic Eric Thomas Chafe, 2005 During the years preceding the composition of *Tristan and Isolde* Wagner's aesthetics underwent a momentous turnaround principally as a result of his discovery of Schopenhauer Many of Schopenhauer's ideas especially those regarding music's metaphysical significance resonated with patterns of thought that had long been central to Wagner's aesthetics and Wagner described the entry of Schopenhauer into his life as a gift from heaven Chafe argues that Wagner's *Tristan and Isolde* is a musical and dramatic exposition of metaphysical ideas inspired by Schopenhauer The first part of the book covers the philosophical and literary underpinnings of the story exploring Schopenhauer's metaphysics and Gottfried von Strassburg's *Tristan* poem Chafe then turns to the events in the opera providing tonal and harmonic analyses that reinforce his interpretation of the drama Chafe acts as an expert guide interpreting and illustrating most important moments for his reader Ultimately Chafe creates a critical account of *Tristan* in which the drama is shown to develop through the music      **The Elements of Social Science, Or Physical, Sexual and Natural Religion ...
