Lovers Quarrel:

A Lover's Quarrel Carmine Starnino, 2004 Already an award winning poet Carmine Starnino has also made his mark as a literary critic of great pluck probity and irreverence His highly regarded often highly controversial writings on poetry have enlivened and often enraged the Canadian literary scene since they first began appearing in the late 1990s He has tackled the careers of some of this country's most notable poets among them Irving Layton Michael Ondaatje Anne Carson Tim Lilburn Susan Musgrave Christopher Dewdney and done so in prose of great subtlety and style Indeed in Starnino's literary criticism seditiousness and insight are made to live inside sentences that always square their shoulders and draw themselves to their full verbal height *A Lover's Quarrel* culls some of the highlights of Starnino's dissenting exploits and includes the never before published title essay an ambitious reassessment of Canadian poetry For readers unfamiliar with Starnino's criticism the release of *A Lover's Quarrel* furnishes the perfect opportunity to read one of the few critics in Canada who can speak his mind and speak it well

A Lover's Quarrel Joe R. Jones, 2014-01-07 Joe Jones a retired and well known systematic theologian confesses he has a lover's quarrel with the church In wide ranging writings mostly dating since 2006 he forthrightly argues for a theologically sound understanding of the church And he pursues a multi faceted critique of the feckless ways in which actual churches ministers and laity balk and betray their rightful calling to witness in word and deed to God He is especially critical of the practical ways in which congregations become no more than mirror images of their sociopolitical milieu whether to the right or to the left Hence the quarrel trenchantly pursued in major essays blogs and spiritual reflections on his own past But it remains crystal clear to Jones in his learned and profound confession that it is his beloved church with which he quarrels and about which he still has extravagant hopes *A Lover's Quarrel* is a book appropriate for ministers and laity students and professors and learned skeptics

The Narreme in the Medieval Romance Epic

Eugene Dorfman, 1969-12-15 In this study Professor Dorfman applies the methods of modern linguistics to literary analysis Literature may be described as the structured use of language the modern linguistic analyzes language in a search for the minimal units of sound and form phoneme and morpheme and determines the combinations by which they can communicate meaning The author here searches for a minimal structural unit in the literary narrative analogous to the phoneme and the morpheme in language structure Based on a detailed analysis of the Roland and the Cid and twelve additional Romance narratives Professor Dorfman's argument is that the structure of the medieval Romance epics may be analyzed into functional units which he calls narremes He divides a narrative into two types of structure the superstructure and the substructure A narrative by definition is a series of incidents All the incidents in the narrative taken as written form the superstructure Analysis however shows that many of the incidents may be abstracted from the narrative without deflecting the story line On the other hand other incidents reveal themselves as organically linked with each other so they cannot be omitted without destroying the story line These selected incidents are the narremes which make up the substructure of the narrative This method of analysis produces so interesting and surprising results results which make an important advance in research in linguistics and Romance literature Eugene Dorfman as an orthodox structuralist has focused strictly on the formal descriptions of the narratives but his analysis leads into the great traditional problems of literary history and in particular poses anew the problem of the origins of the epic
