Redeeming Work: The Anglican Quest for Holiness Geoffrey Rowell, Kenneth Stevenson, Rowan Williams, 2003-10-23

There is a rich vein of writing within Anglican tradition that has helped to form the theology and spirituality of the contemporary church For many readers much of this material remains unfamiliar and is often difficult to access Love's Redeeming Work draws together the works of major writers from the sixteenth century to the present day who have contributed to this development Each selected writer is introduced with a brief biography which gives background information about the author and highlights the relationships that existed with others from the same period This will enable the reader to set the writings in their proper context enhancing understanding of the material The selections then follow In some instances these may be familiar but other examples will introduce fresh ideas for every reader Each writer's selection is concluded with a list of source texts which can encourage readers to explore in more depth those areas which intrigue and excite them Love's Redeeming Work traces a path that has enabled Anglicanism in particular and the wider church as well to

develop an ever deepening awareness of the need for a spiritual depth in the Christian life informed by a better knowledge of tradition In exploring this material it is the compilers hope that readers will find new riches that will encourage and sustain their own quest for holiness *Anglican Theology* Mark Chapman,2012-02-02 This book seeks to explain the ways in which Anglicans have sought to practise theology in their various contexts It is a clear insightful and reliable guide which avoids technical jargon and roots its discussions in concrete examples The book is primarily a work of historical theology which engages deeply with key texts and writers from across the tradition e g Cranmer Jewel Hooker Taylor Butler Simeon Pusey Huntington Temple Ramsey and many others As well as being suitable for seminary courses it will be of particular interest to study groups in parishes and churches as well as to individuals who seek to gain a deeper insight into the traditions of Anglicanism While it adopts a broad and unpartisan approach it will also be provocative and lively **SCM Studyguide**

Anglicanism Stephen Spencer,2013-01-07 The SCM Studyguide Anglicanism offers a comprehensive introduction to the many different facets of Anglicanism Aimed at students preparing for ministry it presumes no prior knowledge of the subject and offers helpful overviews of Anglican history liturgy theology Canon Law mission and global Anglicanism More and more ordinands come from contexts in which they are no longer familiar with their own denominational identity The book fills a definite gap in the market and can be used as a textbook for a 10 week module on Anglican denominational identity The author is an experienced theological educator who has road tested the material with students in residential and non residential settings The book can also be used in courses on church history spirituality ecclesiology mission and doctrine

Twentieth Century Anglican Theologians Stephen Burns,Bryan Cones,James Tenga,2020-11-24 A scholarly volume that reflects the rich diversity of Anglican theology With contributions from an international panel of writers Twentieth Century Anglican Theologians offers a wide ranging view that presents a survey of over twenty diverse Anglican thinkers The book explores well known figures including William Temple Austin Farrer Donald MacKinnon and John A T Robinson These theologians are set in a wider context alongside others from India China Australia Ghana and elsewhere Notably the subjects include a number of women from Evelyn Underhill the first woman to teach the clergy of the Church of England to Esther Mombo a major contemporary Anglican figure from Kenya The book reflects the rich diversity of Anglicanism suggesting the ongoing vitality of this religious tradition This important book Contains information on a number of prominent women Anglican thinkers Includes contributions from experts from around the world Presents material on both familiar figures and others that are unjustly little known Written for students and teachers of Anglicanism Anglican clergy and ecumenical colleagues Twentieth Century Anglican Theologians is the first book to reflect the diversity of the Anglican tradition by considering its global theological representatives *Holy Trinity: Holy People* Thomas A. Noble,2013-02-19 Teaching on the sanctification of Christians using the difficult word perfection has been part of Christian spirituality through the centuries The Fathers spoke of it and Augustine particularly contributed his penetrating analysis of human motivation in terms of love

Medieval theologians such as Bernard and Thomas Aquinas developed the tradition and wrote of levels or degrees of perfection in love. However, the doctrine has not fared so well among Protestants. John Wesley was the one major Protestant leader who tried to blend this ancient tradition of Christian perfection with the Reformation proclamation of justification by grace through faith. This book seeks to develop Wesley's synthesis of patristic and Reformation theology in order to consider how Christian perfection can be expressed in a more nuanced way in today's culture. Noble examines what basis may be found for Wesley's understanding of sanctification in the central doctrines of the church, particularly the atonement, the doctrine of Christ, and the most comprehensive of all Christian doctrines, the doctrine of the Holy Trinity. What he sets out is a fully trinitarian theology of holiness.

Working with Words Stanley Hauerwas, 2011-02-16 The crucial challenge for theology is that when it is read, the reader thinks, "This is true." Recognizing claims that are true enables readers to identify an honest expression of life's complexities. The trick is to show that theological claims, the words that must be used to speak of God, are necessary if the theologian is to speak honestly of the complexities of life. The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary. This new collection of essays, lectures, and sermons by Stanley Hauerwas is focused on the central challenge, risk, and difficulty of this necessity: working with words about God. The task of theology is to help us do things with words. God is not a word peculiar to theology, but if God is a word to be properly used by Christians, the word must be disciplined by Christian practice. It should therefore not be surprising that like any word, we must learn how to say God.

My Church Is Not Dying Greg Garrett, 2015-03-01 The old way of being church is being replaced by something new and beautiful for those with the eyes, ears, heart, and soul to experience it. Prolific author Greg Garrett reminds Episcopalians of the many gifts that our tradition can offer a doubting and hurting world. He reveals a church that values intellect, beauty, diversity, and community and promotes thoughtful engagement with questions of faith, ethics, and community. This church espouses a generous orthodoxy, welcoming left and right, mystic and doubter. It values education, social justice, and engagement with literature and culture. And in opposition to the radical individualism espoused by most of American Protestantism, it offers the unique gift of a tradition shaped by English culture that believes the individual is a part of her or his community, not in opposition to it.

The Goldilocks God Guy Collins, 2022-08-22 The Goldilocks God Searching for the via media explores the fertile middle ground between toxic Christianity and militant atheism. Can Christianity be intellectually credible? Why do our past failures and breakages offer comfort and hope? How does the via media of Anglicanism offer tactics for dealing with contemporary challenges and uncertainties? Whether exploring mystic Hildegard von Bingen, strategic thinker Queen Elizabeth, or theologians Jean-Luc Marion and Sarah Coakley, readers venture into a Trinitarian Goldilocks zone of faith, hope, and love. Guy Collins makes a creative and heartfelt case for a spiritual thermodynamics of trial and error, promise and glory. Illuminating ancient Christian practice with cutting-edge philosophy and theology, he reveals the lifelong habits that are just right for encountering the
