Love and the Turning Seasons Andrew Schelling,2017-04-11 For thousands of years India has excelled at erotic love poetry and the genius of its devotional poetry often harnesses great energy and mystical insight It is in fact often hard to tell whether the poets are offering poems of spiritual longing using the garment of love poetry or writing erotic poems in the guise of devotion Perhaps in a country where erotic sculpture routinely ornaments its many temples and the gods are known for their explosive sexuality this question has little meaning to these remarkable writers In their devotional traditions eroticism and mysticism seem inseparable This wonderful selection spans 2 500 years and includes work originally sung or recited by their well known bards Kabir Mirabai Lal Ded Vidyapati and Tagore There are also poems from the Upanishad from ancient Sanskrit poetry and Punjab folk lyrics The poets have largely emerged from the ranks of the dispossessed leather workers refuse collectors maidservants women orphans Their vision is of a democratic society in which all voices count much like American gospel and blues Shaker songs or the grand vision of Walt Whitman Often they faced persecution for speaking candidly or daring to speak of spiritual matters at all The notes include profiles of these legendary lives Several of these poets simply vanished absorbed into a deity or disappeared in a flash of purple lightening A few produced miracles most of them have clouds of mystery around them Andrew Schelling has drawn on the work of 24 other translators including Ezra Pound Robert Bly W S Merwin Jane Hirschfield and Denise Levertov to build what will be the finest anthology of India s erotic and spiritual poetry for the general read ever assembled

Of Love and Loss Tom McAlindon,2022-02-24 A study of the poetry of Hardy Yeats and Larkin in relation to their shared preoccupation with time change and loss the most ancient and fertile theme in lyric and reflective verse known to earlier English poets as mutability Though the importance of the socio political and ideological context is in every case

acknowledged the literary history context is viewed as primary hence the introductory survey of foundational Renaissance and Romantic poets with whose work Hardy Yeats and Larkin were thoroughly familiar Although a preoccupation with the subject of time and change in the work of these three poets is a critical commonplace no one has ever isolated it for special attention or used it to link them either together or with their historical predecessors This is an entirely new approach to their work The critical methodology employed is evidential and analytical rather than theoretical focussed throughout on the meaning and the mood of each poem and the distinctive individuality of each poet

Flickers of Light, Love, and Air Twila Jessop, 2017-07-28 All of us have heard that God hears the smallest whispers of the heart This author has always believed that we need to listen to those whispers We may see or hear them in our dreams at night or we may be nudged by a sudden inspirational moment in our waking hours We need to listen to these messages nourish them and welcome them with gratitude Whatever our background whatever our educational level whatever our work is about we are one with each other on many levels Hard times are good exercises that help us stretch and grow Like most this author has had her share of suffering and disappointment which only serves to make one thirsty for the truth When you read between the lines you may find a bit of truth or at least see a sign that says you are getting closer And then the dazzling light becomes a joy and a candle to help light the way
