Abstract

This psychoanalytic study of affective labour focuses on its two central elements: human contact and love. It is based on a multi-sited organizational ethnography of the fine dining sector in Istanbul, Turkey, where new restaurant areas known as ‘show kitchens’ place chefs in face-to-face contact with patrons. To understand the psychosocial processes of affective production, we analyse chefs’ and patrons’ experiences of encounters in and around ‘show kitchens’. We demonstrate that affect is produced through unconscious contact mediated by socio-cultural representations, which are hegemonized by the ethos of love for one’s job. We contribute to the extant literature on affective labour by studying the desirous interplay between producers and consumers of affect. Specifically, we theorize the role of the psyche in affective production, and offer a new, psychoanalytic conceptualization of affective labour. We conclude by discussing our conceptualization’s organizational and political implications.

Introduction

‘The first robot chef is coming soon!’ announced CNN Türk (2018), referring to a newly developed robot with artificial intelligence and bionic arms that prepared and cooked food by mimicking human gestures. Although the claim was that the robot could follow recipes to the letter, Turkish Twitter was unimpressed. ‘It would not have *the taste of hand* [idiosyncratic delicious flavour]’.

Love's Labor Stanley E. Greben,1984 Inhalt Foreword Acknowledgments Introduction 1 The pendulum swings Psychotherapy today 2 Six attributes in search of a therapist 3 A certain chemistry 4 There is a tide in the affairs of men The world in which the therapy occurs 5 Facing a host of painful truths Insight 6 A living machine Mind in body 7 Give and take ebb and flow Dependence and interdependence 8 The three horse chariot Examining and understanding the therapeutic relationship 9 The inner reality Feelings 10 Love's labor lost Failures in psychotherapy 11 Love's labor won A good result in psychotherapy 12 A simple human process Bibliography Klappentext What relations should a psychoanalyst or any psychotherapist entertain with his patients Dr Greben finds that the relations between healer and sufferer in psychotherapy must include sympathy concern warmth all those emotions that are essential in every nonpsychiatric relation the personality of the therapist is as important as any other in the patient's life Great damage can be caused by a mismatched relationship and substantial success achieved through a wellbalanced one Stanley Greben's twenty five years of the practice of psychotherapy have persuaded him that the school of impassive neutrality is founded on error and that the normal impulses of men and women are better guide to the treatment of persons suffering afflictions of the mind and spirit With moving case histories to support his thesis he sketches the terms of a new dispensation in psychotherapy one that allows the therapist to be a human being and offers the patient treatment that does not add unfeeling clinical detachment to the pain he has to bear

Anna and Darel Jim McConkey,2024-09-13 Who were these parents who had lived in a tent on an island in the Potomac River during the Depression while the father wrangled WPA guidebooks toward publication and later wrote speeches for the Senator investigating cartels during World War II wrote the book on foot and mouth disease and crossed swords with Joe McCarthy's inquisition Who was the mother who hadn't worked in thirty years yet fended off financial disaster after her husband's early death At his mother's death seventeen years later the questions still lingered leaving a void which Jim McConkey fills with a compelling narrative From drinking wet and voting dry during Prohibition to starving as a freelance writer in the Depression the WPA Writer's Project the early days of commercial air travel and the international cartels that

thwarted America's war mobilization and led to civilian rationing McConkey's story captivates and informs And finally that gorgeous farm in the foothills of Virginia's Blue Ridge Mountains is vividly preserved The family's history stored in a four drawer filing cabinet stuffed with family papers is brought to life in this loving parental biography The Meaning of Love in Human Experience Reuben Fine,1985 This book presents an integrative theory of love as the most important of human experiences drawing on data from psychology psychoanalysis anthropology and history It distinguishes and analyzes the differences between love cultures and hate cultures showing how these differences affect social history child rearing practices and personal mental health The book also examines the meaning of love from genetic cultural intrapersonal and interpersonal perspectives Winnicott and Labor's Eclipse of Life Nathan Gerard,2023-09-11 Nathan Gerard draws upon the pathbreaking insights of pediatrician and psychoanalyst D W Winnicott to offer a new set of ideas in the novel domain of contemporary work life and its discontents Locating Winnicott within a broad landscape of critical scholarship that dissects work's perils the book positions Winnicott as both a radical critic and creative advocate for building a different kind of work life one that might make room for the presence of self By shuffling the discourse on neoliberal subjectivity to reclaim what Winnicott calls unit status of the separate self Gerard differentiates Winnicott from the relational tradition by advocating for Winnicott's non relational aspects Through such analysis the book reveals how work and home have become two sides of the same impoverished coin each contributing to a legitimately bad environment that perpetuates self absence and annihilates one's unique sense of feeling real and alive Winnicott and Labor's Eclipse of Life will be of interest to readers of Winnicott and psychoanalysis organization and management studies and anyone hoping to deepen their engagement with the dynamics of contemporary work life **Masculinity, Sexuality and Illegal Migration** Ali Nobil Ahmad,2016-05-06 Masculinity Sexuality and Illegal Migration makes use of extensive new empirical material to explore the phenomena of migration human smuggling and illegal work in order to develop a compelling account of international migration linking it with irrational risky economic behaviour and male sexual desire Interviews conducted with successive waves of Pakistani immigrants in the UK and Italy together with ethnographic fieldwork amongst local journalists immigration officials and smugglers in Pakistan serve as the basis for an interdisciplinary comparative analysis of illegal migration across time and space Challenging the received idea that labour migration is driven purely by rational economic forces Masculinity Sexuality and Illegal Migration draws upon psychoanalytic social theory to examine the roles of masculinity and irrationality in the decision to migrate thus stimulating a more complex debate about migration's causes and consequences The arguments it makes raise wider questions about the folly of thinking about economic concerns in isolation from other aspects of human experience As such this book will appeal to those with research interests in economics social theory migration gender and sexuality and race and ethnicity The Druid of Harley Street E. Graham Howe,2012-03-13 In early 20th century Britain interest in psychoanalysis was high leading to the formation of the famous Tavistock Clinic in 1920 E Graham Howe was one of the clinic's founders

and the first to publish articles on psychotherapy At the same time he was attacked by the scientific psychiatry and psychoanalysis communities because he took concepts derived from spiritual practice and existential phenomenology and applied them to an understanding of psychotherapy Howe s writings included more than a dozen books and countless articles on a broad range of subjects from schizophrenia to Asian spiritual practices Through these works he exerted a profound influence on intellectuals such as R D Laing Alan Watts and Henry Miller to name a few Howe also wrote in a simple and clear style making his work accessible to the general public The Druid of Harley Street samples the best of his essays offering timely insights for followers of Jung Roberto Assagioli and Mark Epstein students of somatic therapies and spiritual and meditation practitioners The book also offers a fascinating glimpse of a great mind the notable people in his life and the heady times in which he lived

Inheritance in Psychoanalysis Joel Goldbach,James A. Godley,2018-02-15 In contrast to the way inheritance is understood in scientific discourse and culture more broadly inheritance in psychoanalysis is a paradox Although it s impossible strictly speaking for the unconscious to be inherited this volume demonstrates how the concept of inheritance can occasion a rich reassessment and reinvention of psychoanalytic theory and practice The collection enacts a critical traversal of inheritance for psychoanalysis from the most basic assumptions of natural or biological inheritance such as innateness heredity evolution and ontogenesis to analysis of the ways cultural traditions can be challenged and transformed and finally to the reinvention of psychoanalytic practice in which the ethics of inheritance is fully realized as the individual s responsibility to transform the social bond Featuring strong interdisciplinary analysis rooted in both psychoanalysis and philosophy this volume further engages science politics and cultural studies and addresses contemporary political challenges such as autism and transgenderism

Publishers Weekly ,1984 **Families, Labour and Love** Maureen Baker,2020-07-29 We think of our family life as very personal but in fact it is shaped by influences well beyond our control Families Labour and Love identifies the ways in which family and personal life in three settler societies Australia New Zealand and Canada has been shaped by colonisation immigration globalisation demographic changes law and policy Baker shows that these three countries each a former colony developed similar family trends and similar family policies Strongly gendered patterns of paid and unpaid work played a major role in family life The family practices of indigenous people were largely overlooked as were those of recent immigrant groups However local conditions also produced significant differences in family experiences among the three countries Richly illustrated with examples comparative data and textual sources Families Labour and Love provides a broad ranging analysis of the family which will appeal to students researchers and policy makers Maureen Baker outlines with great clarity the diversity of families and the way in which they are shaped by historical and cultural forces The focus on Australia New Zealand and Canada is not only refreshing but throws into sharp relief the impact on contemporary families of the colonial experience industrialisation large scale immigration and globalisation David de Vaus La Trobe University
