Traditional Ballad Airs William Christie, 1876 *Nineteenth-Century Theatre and the Imperial Encounter* Marty Gould, 2011-05-09 In this study Gould argues that it was in the imperial capital s theatrical venues that the public was put into contact with the places and peoples of empire Plays and similar forms of spectacle offered Victorian audiences the illusion of unmediated access to the imperial periphery separated from the action by only the thin shadow of the proscenium arch theatrical audiences observed cross cultural contact in action But without narrative direction of the sort found in novels and travelogues theatregoers were left to their own interpretive devices making imperial drama both a powerful and yet uncertain site for the transmission of official imperial ideologies Nineteenth century playwrights fed the public s interest in Britain s Empire by producing a wide variety of plays set in colonial locales India Australia and to a lesser extent Africa These

plays recreated the battles that consolidated Britain's hold on overseas territories dramatically depicted western humanitarian intervention in indigenous cultural practices celebrated images of imperial supremacy and occasionally criticized the sexual and material excesses that accompanied the processes of empire building. An active participant in the real world drama of empire the Victorian theatre produced popular images that reflected, interrogated and reinforced imperial policy. Indeed it was largely through plays and spectacles that the British public vicariously encountered the sights and sounds of the distant imperial periphery. Empire as it was seen on stage was empire as it was popularly known: the repetitions of character types, plot scenarios and thematic concerns helped forge an idea of empire that though largely imaginary entertained, informed and molded the theatre-going British public.

Mortis Vampire Series: Bundle 2 J.C. Diem, 2016-03-30 This bundle includes books four, five and six of the Mortis Vampire Series. Death Devours: With the threat of the First now behind her, Natalie Pierce has little time to celebrate before yet another problem arises. By killing the first vampire ever made, she inadvertently set his ancient enemies free. Ten withered, starving creatures have now been unleashed from forty thousand years of forced entombment. Only Natalie and her vampire kin have the strength and speed to eradicate the inundation of fledgling undead that are about to rise. The last thing Nat ever wanted to do was rule, but destiny cannot be denied. In her role as Mortis, she must bring her kin together or the entire human population will be destroyed. Somehow she must find a way for the Japanese and European vampire nations to put aside their ancient enmity and work together for a common cause. Death Betrays: Having destroyed a horde of fledgling vampires with the help of her friends and allies, Natalie Pierce's hunt still isn't over. Their foe has fled from Africa with the intention of creating a new army of undead slaves to turn the human race into their cattle. Nat begins to feel uneasy about the fragile alliance between the Japanese and European vampire nations as well as the truce they have with the human soldiers. Both she and Kokoro know that death and darkness awaits their kind. A betrayal is coming that will tear their alliances apart. Their fate has been decided, but neither yet knows exactly how or when their dwindling species will be decimated. Death Banishes: Evicted from their own world by the humans that they had twice saved, Natalie Pierce and her few remaining kin float in the void of space inside the ship that has become an icy tomb. Rescue comes in the form of an alien spacecraft and Nat and her friends are soon facing adversaries that they have never encountered before. Their dwindling species is on the brink of extinction and it quickly becomes apparent that their new enemies would be only too happy to finish them off once and for all.
