Armengol, 2011-01-18 Comprising seven different chapters the collection Men in Color attempts to analyze and revisit the representation of ethnic masculinities both white and non white in and through contemporary U S literature and cinema If most of the existing studies on masculinity and race have centered on one specific model of racialized masculinities Men in Color attempts to provide an introductory perspective on different racialized masculinities simultaneously including African American Asian American Chicano Arab American and also white masculinity which is analyzed as another ethnic and gendered construct rather than as a paradigm of normalcy and universality By exploring several ethnic masculinities in relation to each other the present volume aims to highlight both the differences and the similarities between different patterns of masculinity showing how even as gender is inflected by race certain aspects or features of masculinity remain unchanged across the ethnic board Ultimately the volume as a whole illustrates both the changing nature of masculinities as well as the recurrence of certain stereotypes such as the hypersexualization and or the feminization of ethnic males which recur in and across several ethnicities The constant tension and intersection between gender and race is the subject of this book which hopes to

contribute some notes and reflections on ethnic masculinities to the much more complex and larger discussion about gender and racial identities in our increasingly multicultural and globalized 21st century world Hispanic Literature of the United States Nicolás Kanellos, 2003-12-30 Providing a detailed historical overview of Hispanic literature in the United States from the Spanish colonial period to the present this extensive chronology provides the context within which such writers as Sandra Cisneros Rodolfo Anaya and Oscar Hijuelos have worked Hispanic literature in the United States is covered from the Spanish colonial period to the present A detailed historical overview and a separate survey of Hispanic drama provide researchers and general readers with indispensable information and insight into Hispanic literature An extensive chronology traces the development of Hispanic literature and culture in the United States from 1492 to 2002 providing the context within which such Hispanic writers such as Sandra Cisneros Rodolfo Anaya and Oscar Hijuelos have worked Topics include an overview and chronology of Hispanic literature in the United States a who s who of Hispanic authors significant trends movements and themes publishing trends an overview of Hispanic drama adn the 100 essential Hispanic literary works Biographical entries describe the careers importance and major works of notable Hispanic novelists poets and playwrights writing in English or Spanish A comprehensive up to date bibliography lists primary sources Essays detail the most important past and current trends in Hispanic literature including bilingualism Chicano literature children's literature exile literature folklore immigrant literature Nuyorican literature poetry and women and feminism in Hispanic literature More than 100 exceptional illustrations of writers plays in performance and first editions of important works are included Writing Subashish Bhattacharjee, Girindra Narayan Ray, 2018-12-14 The uptake of women's writing as a distinct genre in literature since the 1960s has been rapid and multifarious This development has fuelled a generation of literary and cultural studies and can be seen in the growing influence of women's and gender studies even in literary studies programs. The study of women's writing has alerted literature to crucial social political and cultural problems with which the discipline must continue to grapple New Women's Writing addresses this legacy and reflects upon the following questions What is a critical history of women s writing How has women s writing challenged literature s rigid disciplinary construction How can we derive a distinct philosophy of women's writing and literary studies. How does an engagement with women's writing contribute to a literary understanding of the complex politics of literature This book is designed to interest both the seasoned scholar of women s writing as well as fledgling scholars who wish to grapple with the broad concept of women s writing and its manifestations in the twentieth century and thereafter Mariachi Patricia Greathouse, 2009 An illustrated exploration of mariachi that discusses the history of the genre food and celebrations associated with the music significant musicians and more and includes a CD The Chronicles of Panchita Villa and Other Guerrilleras Tey Diana Rebolledo, 2005 Although there have been substantial contributions to Chicana literature and criticism over the past few decades Chicanas are still underrepresented and underappreciated in the mainstream literary world and virtually nonexistent in the canon Writers like

Sandra Cisneros Ana Castillo and Gloria Anzald a have managed to find larger audiences and critical respect but there are legions of Chicana writers and artists who have been marginalized and ignored despite their talent Even in Chicano anthologies the focus has tended to be more on male writers Chicanas have often found themselves without a real home in the academic world Tey Diana Rebolledo has been writing about Chicana Latina identity literature discrimination and feminism for more than two decades In this collection of essays she brings together both old and new works to give a state of the moment look at the still largely unanswered questions raised by vigilant women of color throughout the last half of the twentieth century An intimate introductory essay about Rebolledo s personal experiences as the daughter of a Mexican mother and a Peruvian father serves to lay the groundwork for the rest of the volume The essays delve into the historical development of Chicana writing and its early narratives the representation of Chicanas as seen on book covers Chicana feminism being a Chicana critic in the academy Chicana art history and Chicana creativity Rebolledo encourages guerrillera warfare against academia in order to open up the literary canon to Chicana Latina writers who deserve validation

Rethinking Chicana/o Literature through Food Nieves Pascual Soler, M. Abarca, 2013-12-18 As Food Studies has grown into a well established field literary scholars have not fully addressed the prevalent themes of food eating and consumption in Chicana o literature Here contributors propose food consciousness as a paradigm to examine the literary discourses of Chicana o authors as they shift from the nation to the postnation
