Loving Enemy:

'Love Your Enemies' John Piper, 1979 **Love Your Enemies** Sharon Salzberg, Robert Thurman, 2023-08-01 Coping with anger and pain is more challenging than ever in these times and more necessary. Two acclaimed Buddhist teachers offer strategies and wisdom in a book that's been called possibly the most inspiring and liberating meditation on love ever written. When people and circumstances upset us, how do we deal with them? Often we feel victimized. We become hurt, angry, and defensive. We end up seeing others as enemies, and when things don't go our way, we become enemies to ourselves. But what if we could move past this pain, anger, and defensiveness? Inspired by Buddhist philosophy, this book introduces us to the four kinds of enemies we encounter in life: the outer enemy (people, institutions, and situations that mean to harm us), the inner enemy (anger, hatred, fear, and other destructive emotions), the secret enemy (self-obsession that isolates us from others), and the super-secret enemy (deep-seated self-loathing that prevents us from finding inner freedom and true happiness). In this practical guide, we learn not only how to identify our enemies but more importantly, how to transform our relationship to them. *Love Your Enemies* teaches us how to break free from the mode of us versus them, thinking, developing compassion, patience, and love; accept what is beyond our control; embrace lovingkindness, right speech, and other core concepts. First published in 2013, *Love Your Enemies* is more than ever required reading for navigating our world. Throughout, authors Sharon Salzberg and Robert Thurman draw from ancient spiritual wisdom and modern psychology to help you find peace within yourself and with the world. Includes new prefaces from both authors. *On Loving Our Enemies* Jerome Neu, 2012-05-30 This essay collection discusses the role of emotion in ethics, the relationship between emotions and authenticity, and freedom, the role of emotions in the law, and includes discussions of Freud and his critics. **Whatever Became of Love?** Thomas C. Pfizenmaier, 2023-07-21 This book is written for those who want growth in love. This book is written for those who long for a place to stand with confidence in a trembling world. This book is written for those who suspect our civilization is running on fumes and want to help. If you are one of these people, then this book is written for you. In discovering Jesus as he encounters us in the Scriptures, you will discover that his love is unimaginably powerful for those who will place themselves at its disposal, powerful enough to restore all things. *Loving Our Enemies Through Seasons of Bitterness* Lex Kohn, 2025-06-30 In a nation crumbling under the weight of bitterness, where government is the people's god, the way through is neither legislation nor activism, but loving the least loveable. A study of internet influence, conflict theory, and nineteenth-century wisdom reveals that people do not have to solve their disagreements if they can relearn how to love their enemies, as Christ commanded. This book highlights courageous men and women of faith from biblical times up through the present who obeyed this commandment, the Scriptures they followed, and how they managed it so that people today too might learn to substitute love instead of bitterness. **Disputed Questions on Virtue** Thomas Aquinas, 2012-09-15 The third volume of *The Hackett Aquinas*, a series of central philosophical treatises of Aquinas in new state-of-the-art translations accompanied by a thorough

commentary on the text **Evangelizing the Depths** Simone Pacot,2018-09-28 Many people don't know how to reconcile the spiritual with the reality of where they are psychologically so their psychological issues are not submitted to the spirit. Thus followers of Christ are often living with shame, oppression or even hatred. It should not be this way. The good news is that there is a way to wholeness. *Evangelizing the Depths* calls us to listen closely to the Word of God as very practically. Simone Pacot explains how the grace of the Triune God can restore us to life in every facet of our being even those that have been deeply wounded by events of the past. As the entwining of the spiritual and psychological levels is explored, this book will help establish us in the love and the truth of God. As this happens, it becomes possible to identify the paths of death that we have taken in the past and then leave them behind as we choose to follow Christ along the way of true life. **The Completion of Love of the Cross (Newly Revised Version)** Young-Rock Lee,2023-01-01 This book is a spiritual journey and meditation that tells us of the depth of the cross relation to the spirit inside humans. His coming again is to find His lost love and the King of Love returns to complete our incomplete love with God's love that is of the cross. The new era, the Era of Love, is the change of this earth into a world where joy and peace do not cease starting from the inside of humans. In the end, the judgment of fire isn't a wrath-filled fire that can be seen but the fiery love of God that melts the most hardened of spirits.

Judaism Is About Love Shai Held,2024-03-26 A profound, startling new understanding of Jewish life illuminating the forgotten heart of Jewish theology and practice. Love. A dramatic misinterpretation of the Jewish tradition has shaped the history of the West. Christianity is the religion of love and Judaism the religion of law. In the face of centuries of this widespread misrepresentation, Rabbi Shai Held, one of the most important Jewish thinkers in America today, recovers the heart of the Jewish tradition, offering the radical and moving argument that love belongs as much to Judaism as it does to Christianity. Blending intellectual rigor, a respect for tradition, and the practices of a living Judaism and a commitment to the full equality of all people, Held seeks to reclaim Judaism as it authentically is. He shows that love is foundational and constitutive of true Jewish faith, animating the singular Jewish perspective on injustice and protest, grace, family, life responsibilities to our neighbors and even our enemies, and chosenness. *Ambitious and revelatory, Judaism Is About Love* illuminates the true essence of Judaism: an act of restoration from within. *Summa Theologica (All Complete & Unabridged 3 Parts + Supplement & Appendix + interactive links and annotations)* Thomas Aquinas,2013-08-20 This carefully crafted ebook, *Summa Theologica: All Complete Unabridged 3 Parts Supplement Appendix interactive links and annotations*, is formatted for your eReader with a functional and detailed table of contents. This ebook is the best-known work of Thomas Aquinas, c. 1225-1274. Although unfinished, the *Summa* is one of the classics of the history of philosophy and one of the most influential works of Western literature. It is intended as an instructional guide for moderate theologians and a compendium of all of the main theological teachings of the Catholic Church. It presents the reasoning for almost all points of Christian theology in the West. The *Summa Theologica* is divided into three parts, and each of these three parts contains numerous

subdivisions Part 1 deals primarily with God and comprises discussions of 119 questions concerning the existence and nature of God the Creation angels the work of the six days of Creation the essence and nature of man and divine government Part 2 deals with man and includes discussions of 303 questions concerning the purpose of man habits types of law vices and virtues prudence and justice fortitude and temperance graces and the religious versus the secular life Part 3 deals with Christ and comprises discussions of 90 questions concerning the Incarnation the Sacraments and the Resurrection Some editions of the Summa Theologica include a Supplement comprising discussions of an additional 99 questions concerning a wide variety of loosely related issues such as excommunication indulgences confession marriage purgatory and the relations of the saints toward the damned Scholars believe that Rainaldo da Piperno a friend of Aquinas probably gathered the material in this supplement from a work that Aquinas had completed before he began working on the Summa Theologica It seeks to describe the relationship between God and man and to explain how man's reconciliation with the Divine is made possible at all through Christ To this end Aquinas cites proofs for the existence of God and outlines the activities and nature of God Approximately one half of the Summa Theologica then examines the nature and purpose of man Finally Aquinas devotes his attention to the nature of Christ and the role of the Sacraments in effecting a bridge between God and man Within these broad topical boundaries though Aquinas examines the nature of God and man in exquisite detail His examination includes questions of how angels act on bodies the union of body and soul the cause and remedies of anger cursing and the comparison of one sin with another Aquinas is attempting to offer a truly universal and rational view of all existence Thomas Aquinas O P 1225 1274 also Thomas of Aquin or Aquino was an Italian Dominican priest and an immensely influential philosopher and theologian in the tradition of scholasticism within which he is also known as the Doctor Angelicus Doctor Communis and Doctor Universalis He was the foremost classical proponent of natural theology and the father of Thomism His influence on Western thought is considerable and much of modern philosophy was conceived in development or refutation of his ideas particularly in the areas of ethics natural law metaphysics and political theory

Bonhoeffer Petra Brown, 2019-01-04 Theologian Conspirator Martyr Saint Dietrich Bonhoeffer was killed in the waning days of World War II having been implicated in the July 20th assassination attempt on Hitler Since his death Bonhoeffer's life and writings have inspired contradictory responses He is often seen as a model for Christian pacifist resistance and more recently for violent direct political action Bonhoeffer's name has been invoked by violent anti-abortion protestors as well as political leaders calling for support on a war on terror in the aftermath of 9/11 Petra Brown critically analyses Bonhoeffer's writing preceding and during his conspiracy involvement particularly his recurring concept of the extraordinary Brown examines this idea in light of the state of exception a concept coined by the one-time Nazi jurist and political theorist Carl Schmitt She also draws on the existentialist philosopher Søren Kierkegaard to consider what happens when discipleship is understood as obedience to a divine command This book aims to complicate an unreflective admiration of Bonhoeffer's decision for conspiracy and

draws attention to the potentially dangerous implications of his emerging political theology *Love Your Enemies* Lisa Sowle Cahill, 1994 The author examines the theological bases of just war theory and pacifism especially in the light of the concept of God as that motif illuminates Christian discipleship Differences between the theory of just war and the practice of pacifism are highlighted in the overview of the history of Christian thought on the subject and the inclusiveness of the ideal of the kingdom for pacifism is emphasized Enemies and How to Love Them Gerard Vanderhaar, 2013-09-01 This compassionate book describes the making of enemies in our personal social and national lives It goes on to outline a nonviolent approach to resolving enmity wherever it arises It taps the rich resources of Jesus two thousand year old formula Love your enemies with the help of our contemporary understanding of Gandhian active nonviolence The author offers a life changing habit breaking approach of understanding focusing and negotiating as a positive alternative to the usual flight or fight response to enemies The book sketches an informative portrait of the Soviet Union that includes insights into its communist ideology its political structures and the practice of religion in the country The book stresses that the USSR is a nation of real people who are interesting sometimes colorful yet always struggling *Love of Enemies* William Klassen, 2002-05-22 Love of enemies search for peace In the current international political atmosphere where hope is in short supply these days within and outside the church William Klassen these twin themes hardly seem compatible Klassen maintains however that the two are not only consistent but also have coexisted from ancient times to the present due in large part to the Jesus movement Examining the Hellenistic and Hebrew backgrounds of the two themes Klassen illuminates old familiar texts as well as some that have been previously ignored He shows how people today can strive for peace both by following the examples of the twentieth century figures before them and be returning as warriors of peace to long neglected biblical resources *New Seeds of Contemplation* Thomas Merton, 2007 The much beloved and most widely read of Merton's works *New Seeds of Contemplation* covers a diverse range of subjects including faith spiritual wonder the night of the senses and renunciation Divine being and its relevance according to Thomas Aquinas William J. Hoyer, 2019-11-26 Aquinas theology can be understood only if one comes to grips with his metaphysics of being The relevance of this perspective is exhibited in his treatment of topics like creation goodness happiness truth freedom of the will the unity of the human being prayer and providence God's personhood divine love God and violence God's unknowability the Incarnation the Trinity God's existence theological language and even laughter This book endeavors to treat these questions in a clear and convincing language Is there a better method for improving one's own theology than by grappling with the arguments of Thomas Aquinas Politics, Justice, and War Joseph E. Capizzi, 2015-05-14 The just war ethic emerges from an affirmative response to the basic question of whether people may sometimes permissibly intend to kill other people In *Politics, Justice, and War* Joseph E. Capizzi clarifies the meaning and coherence of the just war approach to the use of force in the context of Christian ethics By reconnecting the just war ethic to an Augustinian political approach Capizzi illustrates that the just war ethic

requires emphasis on the right intention or goal of peace as ordered justice With peace set as the goal of war the various criteria of the just war ethic gain their intelligibility and help provide practical guidance to all levels of society regarding when to go to war and how to strive to contain it So conceived the ethic places stringent limits on noncombatant or innocent killing in war helps make sense of contemporary technological and strategic challenges and opens up space for a critical and constructive dialogue with international law
