Vegan Soul Kitchen Bryant Terry, 2024-09-24 James Beard Award winning chef Bryant Terry's first cookbook, a vegan homage to Southern African American and Afro Caribbean food. One of the foremost voices in food activism and justice, Bryant Terry brings soul food back to its roots with plant-based farm-to-table real food recipes that leave out heavy salt and refined sugar, bad fats, and unhealthy cooking techniques and leave in the down-home flavor. Bryant developed these vegan recipes through the prism of the African Diaspora, cutting, pasting, reworking, and remixing African, Caribbean, African American, Native American, and European staples, cooking techniques, and distinctive dishes to create something familiar, comforting, and deliciously unique. Reinterpreting popular dishes from African and Caribbean countries as well as his favorite childhood dishes. [Path to Soul to Heal](#) Jono Roberts, 2024-02-28 *Path to Soul to Heal* is a simple but powerful take on how the author healed their

body even though Western medicine says there is no cure for autoimmune diseases Fortunately God told him the truth The body will heal when you align with me and I will guide you On this healing journey he celebrates the amazing connection that each one of us has with God and the universe He answers questions such as How can we properly nourish our physical bodies How can we overcome a state of fear How has humanity manipulated the Bible The author observes that we have a food system that does not care about health and a health system that does not care about food We are deliberately and constantly bombarded with toxins to keep us in a low vibrational state of fear hopelessness and sickness But by working with God we can achieve a type of healing that virtually everyone says is impossible Join the author as he celebrates what s possible when we look to the Lord for answers
