Bishop,1991-01-01

Oxford Handbook of Ophthalmology Alastair K. O. Denniston, Philip I. Murray, 2018 This handbook offers a systematic summary of ophthalmic disease directed towards diagnosis interim assessment and ongoing management Now including an extensive online image bank the fourth edition provides rapid access to the information when it is needed whether in the clinic theatre or on the ward

Low-Vision Support Patrick J. Fischer, 2016-12-26 Millions of Americans and about 135 million people worldwide have low vision Because it s such a widespread problem many resources and organizations are available to help It s often difficult however for people with low vision to understand how to access these resources With this in mind author Patrick J Fischer created Low Vision Support as a reference guide to help you navigate the various organizations and contacts in every state in the US including Guam Puerto Rico and the Virgin Islands Fischer has spent many years of his career helping people with low vision the blind and other disabilities use the latest technology He begins his new guide with a reiteration of some basic information about low vision He explains the most common causes of the condition including cataracts glaucoma retinitis pigmentosa and age related macular degeneration Fischer goes on to explain how important it is to develop a good relationship with your community eye doctor and keep up with regular checkups Eye doctors can help identify the causes of your low vision and even stop it before it worsens He also offers advice on low vision aids and to make it easy to learn he divides the most common visual aids into six categories and provides reference where to purchase these items To close out this book Fischer provides a state by state list of the most important organizations to contact if you need local assistance This book will help a person with low vision regain his or her self confidence by providing ways to accomplish daily activities and remain independent

Low Vision Anne Sinclair, Barbara Ryan, Guide Dogs for the Blind Association (Great Britain), 2008

Low Vision Matters Laura Stevens, Msci, Thomas Blackman, 2024-06-12 According to the Centers for Disease Control and Prevention CDC over seven million people in the US alone suffer from severe vision loss or blindness In the past low vision was truly a life altering condition Those seemingly everyday tasks that were once so simple instead became difficult whether one had to work cook read drive go out to shop or even turn on a light switch one s world had been completely turned upside down Today however things have begun to change With the revolution of Artificial Intelligence AI already underway many of the major barriers caused by diminished or fully lost vision have been lessened or completely eliminated In Low Vision Matters authors Laura Stevens and Thomas Blackman provide a comprehensive guide to all the aids and equipment now available along with important practical advice to those who are vision challenged The book is divided into two parts Part One focuses on the day to day activities that low vision can affect from safety in your home or traveling outside to the handling of finances or one s home entertainment system It discusses the latest technologies that can enable a person with eyesight problems to turn on a light start a dishwasher or even answer a phone through the use of oral commands and that s just the tip of the iceberg Part Two then provides a breakdown of the various kinds of helpful vision aid products now available Because the authors understand the costs involved in purchasing such equipment they include the

names of those organizations and associations in an extensive Resources section along with various other crucial contacts about which those with low vision and their loved ones and caretakers need to know Times have t changed Low Vision Matters provides a wealth of information that can vastly improve the daily life of a person living with vision loss or blindness

Foundations of Low Vision Anne Lesley Corn,Jane N. Erin,2010 Foundations of Low Vision Clinical and Functional Perspectives the ground breaking text that highlighted the importance of focusing on the functional as well as the clinical implications of low vision has been completely updated and expanded in this second edition The revised edition goes even further in its presentation of how best to assess and support both children and adults with low vision and plan programs and services that optimize their functional vision and ability to lead productive and satisfying lives based on individuals actual abilities Part 1 Personal and Professional Perspectives provides the foundations of this approach with chapters focused on the anatomy of the eye medical causes of visual impairment optics and low vision devices and clinical low vision services as well as psychological and social implications of low vision and the history of the field Part 2 focuses on children and youths providing detailed treatment of functional vision assessment instruction use of low vision devices orientation and mobility and assistive technology Part 3 presents rehabilitation and employment issues for working age adults and special considerations for older adults
