

A red and black book is open, lying flat on a textured, light-colored surface. Several Australian coins are scattered around the book. The coins are of various denominations, including a large gold coin (one-dollar coin) and several smaller silver coins (two-dollar and five-dollar coins). The lighting is soft, creating a slight shadow under the book.

### **Lowest Rung Voices Of Australian Poverty:**

*The Lowest Rung* Mark Peel, 2003 This is a fascinating and moving portrait of the people who are suffering in a more divided and less egalitarian Australian society Based on the author's conversations with hundreds of people living in three areas commonly described as disadvantaged Inala in Queensland Mount Druitt in New South Wales and Broadmeadows in Victoria this is a book in which impoverished Australians who are often absent from debates about poverty tell their own stories

*The Lowest Rung* Mark Peel, 2003-07-24 This 2003 book examines the impact of economic rationalism on members of the poorest parts of Australian society

*Experiences of Poverty in Late Medieval and Early Modern England and France* Anne M. Scott, 2016-04-15 Exploring a range of poverty experiences socioeconomic moral and spiritual this collection presents new research by a distinguished group of scholars working in the medieval and early modern periods Collectively they explore both the assumptions and strategies of those in authority dealing with poverty and the ways in which the poor themselves tried to contribute to exploit avoid or challenge the systems for dealing with their situation The studies demonstrate that poverty was by no means a simple phenomenon It varied according to gender age and geographical location and the way it was depicted in speech writing and visual images could as much affect how the poor experienced their poverty as how others saw and judged them Using new sources and adopting new approaches to known sources the authors share insights into the management and the self management of the poor and search out aspects of the experience of poverty worthy of note from which can be traced lasting influences on the continuing understanding and experience of poverty in pre modern Europe

*Routledge International Handbook of Social Justice* Michael Reisch, 2014-04-03 In a world where genocide hunger poverty war and disease persist and where richer nations often fail to act to address these problems or act too late a prerequisite to achieving even modest social justice goals is to clarify the meaning of competing discourses on the concept Throughout history calls for social justice have been used to rationalize the status quo promote modest reforms and justify revolutionary even violent action Ironically as the prominence of the concept has risen the meaning of social justice has become increasingly obscured This authoritative volume explores different perspectives on social justice and what its attainment would involve It addresses key issues such as resolving fundamental questions about human nature and social relationships the distribution of resources power status rights access and opportunities and the means by which decisions regarding this distribution are made Illustrating the complexity of the topic it presents a range of international historical and theoretical perspectives and discusses the dilemmas inherent in implementing social justice concepts in policy and practice Covering more than abstract definitions of social justice it also includes multiple examples of how social justice might be achieved at the interpersonal organizational community and societal levels With contributions from leading scholars around the globe Reisch has put together a magisterial and multi faceted overview of social justice It is an essential reference work for all scholars with an interest in social justice from a wide range of disciplines including social work public

policy public health law criminology sociology and education

**Letters of the Catholic Poor** Lindsey

Earner-Byrne,2017-01-11 This innovative study of poverty in Independent Ireland between 1920 and 1940 is the first to place the poor at its core by exploring their own words and letters Written to the Catholic Archbishop of Dublin their correspondence represents one of the few traces in history of Irish experiences of poverty and collectively they illuminate the lives of so many during the foundation decades of the Irish state This book keeps the human element central so often lost when the framework of history is policy institutions and legislation It explores how ideas of charity faith gender character and social status were deployed in these poverty narratives and examines the impact of poverty on the lives of these writers and the survival strategies they employed Finally it considers the role of priests in vetting and vouching for the poor and in so doing perpetuating the discriminating culture of charity

**Literacy, Leading and Learning** Debra Hayes, Robert Hattam, Barbara Comber, Lyn Kerkham, Ruth Lupton, Pat Thomson, 2017-07-14 How might educational leaders and teachers improve literacy achievement in schools serving communities experiencing high levels of poverty This question is the focus of this book

Drawing on long term case studies of four primary schools located in these communities this book describes the difference between what is commonly practiced and those practices that have a greater chance of supporting young people's literacy learning. In this multi-layered analysis of the effects of policy on practice the authors discuss global concerns with literacy policy and testing in view of the growing gaps between rich and poor, examine the effects of the intensification of inequality and entrenched poverty and the implications for schools. It illustrates how deficit discourses pertaining to communities living in poverty are contested in schools and describe the complexities of sustaining pedagogical and curriculum change to address the problem of unequal educational outcomes in literacy. This book grapples with some of the most debated questions regarding educational disadvantage, school change, leadership and literacy pedagogy that face educational researchers, policy makers and practitioners internationally. As well as providing a critique of the risks of current policy rationales it conveys some hopeful accounts of practice that provide leads for further development.

**The Precarious Generation** Judith Bessant, Rys Farthing, Rob Watts, 2017-05-08 This book draws on a wealth of evidence including young people's own stories to document how they are now faring in increasingly unequal societies like America, Britain, Australia, France and Spain. It points to systematic generational inequality as those born since 1980 become the first generation to have a lower standard of living than previous generations. While governments and experts typically explain this by referring to globalization, new technologies or young people's deficits, the authors of this book offer a new political economy of generations which identifies the central role played by governments promoting neoliberal policies that exacerbate existing social inequalities based on age, ethnicity, gender and class. The book is a must read for social science students, human service workers and policy makers and indeed for anyone interested in understanding the impact of government policy over the last 40 years on young people.

**Miss Cutler and the Case of the Resurrected Horse** Mark Peel, 2011-11-15 Social workers produced thousands of case files about the poor during the interwar years. Analyzing almost two thousand such case files and traveling from Boston, Minneapolis and Portland to London and Melbourne, Miss Cutler and the Case of the Resurrected Horse is a pioneering comparative study that examines how these stories of poverty were narrated and reshaped by ethnic diversity, economic crisis and war. Probing the similarities and differences in the ways Americans, Australians and Britons understood and responded to poverty, Mark Peel draws a picture of social work that is based in the sometimes fraught encounters between the poor and their interpreters. He uses dramatization to bring these encounters to life, joining Miss Cutler and that resurrected horse, Miss Lindstrom and the fried potatoes and Mr O'Neil and the seductive client and to give these people a voice. Adding new dimensions to the study of charity and social work, this book is essential to understanding and tackling poverty in the twenty-first century.

*Practical Justice: Principles, Practice and Social Change* Peter Aggleton, Alex Broom, Jeremy Moss, 2019-03-26 This volume engages with questions of justice and equality and how these can be achieved in modern society. It explores how theory and research can inform policy and practice to bring about real change in people's

lives helping readers understand and interrogate patterns and causes of inequality while investigating how these might be remedied Chapters outline ways in which theories of justice inform and are factored into effective actions programmes and interventions The book includes an international selection of case studies These range from global inequalities in development and health to cross border conflict from gender justice to disability violence from child protection to disability inclusive research from illicit drug use to torture prevention and from prison wellbeing to sexual and reproductive health and rights Together contributors explore how social science and humanities scholarship can lead to a better understanding of and capacity to respond to key social issues and problems the importance of normative reflection and a concern for principles of justice in pursuit of social change the importance of community voice and grassroots action in the pursuit of justice equity and equality Envisioning a better world in which concern for the just treatment of all trumps the pursuit of privilege and inequality Practical Justice Principles Practice and Social Change will appeal to students and academics in disciplines as diverse as philosophy political science sociology anthropology geography and education and in fields such as policy studies criminology healthcare social work and social welfare

Social Work Education Noble, Carolyn, Henrickson, Mark, Han, In Young, 2013-05-16 Social work and social development in the Asia Pacific region continue to grow in new and exciting ways Social work educators are an essential part of shaping social work and development In this second edition we hear four new voices from Cambodia Fiji Japan and Vietnam together with revised and updated chapters from social work educators in Australia China Hong Kong India Korea Nepal and New Zealand Summaries of each chapter are included in Chinese Japanese and Korean as well as in the first language of the author Despite the astonishing diversity of languages cultures philosophies religions economic systems and ways that social work is taught and practised in the region social work in the Asia Pacific is becoming more internationally cohesive At the same time it maintains strong foundations in its local contexts In an increasingly globalised world international social work belongs in every 21st century social work curriculum While this book does not provide all the answers it will help educators and practitioners ask better questions

The Festivalization of Culture Jodie Taylor, 2016-03-09 The Festivalization of Culture explores the links between various local and global cultures communities identities and lifestyle narratives as they are both constructed and experienced in the festival context Drawing on a wide range of case studies from Australia and Europe festivals are examined as sites for the performance and critique of lifestyle identity and cultural politics as vehicles for the mobilization and cementation of local and global communities and as spatio temporal events that inspire and determine meaning in people s lives Investigating the manner in which festivals are no longer merely periodic cultural religious or historical events within communities but rather a popular means through which citizens consume and experience culture this book also sheds light on the increasing diversity of contemporary societies and the role played by festivals as sites of cohesion cultural critique and social mobility As such this book will be of interest to those working in areas such as the sociology consumption and commodification of culture social and cultural

geography anthropology cultural studies and popular music studies      **Indigenous in the City** Evelyn Joy Peters,Chris Andersen,2013 Research on Indigenous issues rarely focuses on life in major metropolitan centers failing to account for large swaths of contemporary Indigenous realities including the increased presence of Indigenous people in cities The contributors to this volume explore the implications of urbanization on the production of distinctive Indigenous identities in Canada the U S New Zealand and Australia
