Lrrp Team Leader:

LRRP Team Leader John Burford, 2011-01-12 For the LRRPs courage was a way of life Vietnam 1968 All of Sergeant John Burford's missions with F Company 58th Infantry were deep in hostile territory As leader of a six man LRRP team he found the enemy staged ambushes called in precision strikes and rescued downed pilots The lives of the entire team depended on his leadership and their combined skill and guts A single mistake a moment of panic could mean death for everyone Whether describing ambushes in the dreaded A Shau Valley or popping smoke to call in artillery only yards away from his position Burford demonstrates the stuff the LRRPs are made of the bravery daring and sheer guts that make the LRRPs true heroes

Eyes Behind the Lines: US Army Long-Range Reconnaissance and Surveillance Units James F. Gebhardt, 2005 Eyes Behind the Lines US Army Long Range Reconnaissance and Surveillance Units is the 10th study in the Combat Studies Institute CSI Global War on Terrorism GWOT Occasional Paper series This work is an outgrowth of concerns identified by the authors of On Point The United States Army in Operation IRAQI FREEDOM Specifically these authors called into question the use of long range surveillance LRS assets by commanders during that campaign and suggested an assessment ought to be made about their continuing utility and means of employment This revision contains some important additional information the author received after this book was originally published Major Retired James Gebhardt of CSI researched and wrote this Occasional Paper with that end in view In this study Gebhardt surveys the US Army's historical experience with LRRP and LRS units from the 1960s Cold War and Vietnam War through their resurgence in the 1980s and use in Operations JUST CAUSE and DESERT STORM to the advent of the GWOT The paper's analytical framework examines each era of LRS units in terms of doctrine organization training materiel leadership and personnel In doing so the author makes a strong case for continuing the LRS capability in the Army's force structure The variety of environments and enemies likely to be faced by the military in the GWOT continues to demand the unique human intelligence abilities of trained and organized LRS units As the Army leads the Armed Forces of the United States in combating terrorists where they live the lessons found in this survey remain timely and relevant *United States Army Aviation Digest*, 1970 *Inside the LRRPs* Col. Michael Lee Lanning, 2011-07-20 Vietnam was a different kind of war calling for a different kind of soldier The LRRPs Long Range Reconnaissance Patrols were that new breed of fighting man They operated in six man teams deep within enemy territory and were the eyes and ears of the units they served This is their story of perseverance under extreme hardship and uncommon bravery and how they carried out the war's most hazardous missions **Warrior Wannabe** Tom Baker, 2022-02-01 2 Readers will get to know Tom Baker well in this unflinching introspective and honest account of his always interesting life In prose that is unadorned sometimes ugly but always authentic he mixes harrowing tales of combat in Vietnam with humorous tales of growing up in the mountains of western North Carolina He introduces readers to the friends family members and forces that have shaped him and his experiences In the process he reveals how history impacts people in

ways large and small that echo for generations and across continents His story reveals firsthand the thrills and consequences of a warrior mindset a mindset that can lead to be trauma and enlightenment Tom Baker is much more than just a warrior though and certainly not a wannabe He is someone who has seen a lot of darkness but has not let that block out the light Alex Macaulay PhD US military historian Many people have sought solitude and inner peace in the mixed hardwood forests of the southern Appalachian Mountains My father Charles Woodard also heard the call to the woods Like Tom Baker his mentee and friend for many years Dad was pulled into the comforting and sometimes dangerous confines of the forest These forests were where Tom Baker went to not only make a living but also to confront and deal with the demons of war and the struggles they bring to lives beyond war Living life one day at a time he searched for the inner strength to slowly over time remake himself his life and so many of the lives around him Dickie Woodard former timber cutter and lifelong outdoorsman All of us have demons Tom Baker s memoir is moving in how transparently and unashamedly its author shares his demons with us Here is a man who has loved and been loved has dodged death and has dealt death has been scared and has been lost and has loved and been loved yet again As you read about his life you realize that it is not insanity that leads a former soldier and logger to run and bike and navigate through the woods at all hours of the day and night but sanity and his need to preserve himself for himself and for those he loves Baker tells a tale of how adventure racing instead of helping him to outrun his demons gave him the emotional tools to turn face those demons and stomp them into the ground His example is a gift to all who know him and his memoir is a gift to all those who will know him now through his writing Nate Kreuter PhD author and adventure racer
